Twentieth-Century and Contemporary American Literature in Context [4 volumes] Liturgical Press

The contributors to this collection argue that traditional views - of ethnic and cultural isolation, of German clannishness and Scots-Irish individualism - contain a kernel of truth but are far too restrictive and simplistic.

A Holiness Hermeneutic Macmillan

An exciting collection of essays connecting postcolonialism and the Gospel of John, written by a group of international scholars, both established and new, from Hispanic, African, Jewish, Chinese, Korean and African-American backgrounds. It explores important topics such as the appropriation of John in settler communities of the United States and Canada, and the use of John in the colonisation of Africa, Asia, Latin America and New Zealand. The interpreters represent communities of borderland dwellers, women in colonised settings, minority ethnic groups within colonised centres and others. In an era of rapid globalisation, increased travel, rising diasporic communities and

neo-colonialism, it is crucial that biblical scholars find ways to address this world with critical skill and sensitivity. This book fills this need.

David Malick applies the hermeneutics of narrative analysis to select passages involving women in the Gospels of Mark, Luke, John, and in the Book of Acts. At times, the scope of this analysis extends beyond heightened understanding of how authors presented women as significant characters, and even foils to men, in the narratives. The use of duality and balance in the narratives of Zacharias and Mary, Nicodemus and the Samaritan Woman, and Aeneas, Tabatha, and Cornelius focus on what the author is doing with what he is saying. The use of intercalations, or sandwich stories, brings about heightened meaning when the stories of Jesus' mother and the religious leaders, or Jairus and the woman with a hemorrhage, or Judas and the woman who anoints Jesus for his burial, are read together in Mark. A first and subsequent reading of the healing of Simon's mother-in-law in Mark provides the reader with the first picture of true discipleship. The literary technique of a sign-sermon shows logical unity to what might be considered separate units in Mark and Acts.

In this inspirational book, LaMay shows readers how to transform classrooms and schools into places where youth can explore the intersection between literacy and their lives. This book is the culmination of a literacy curriculum that the author and her high school students wrote dialogically, beginning with their attempt

to define love. Through real-life classroom examples, they demonstrate how an innovative curriculum that intertwines personal and academic engagement can create space for students to explore their identities, connect to literary texts, and develop agency as writers and thinkers. In this important contribution to literacy educators, the author shows how personal narratives can help students rebuild their fractured relationships with school and envision writing and academic achievement as playing a role in their futures. Book Features: Evidence of how students' social-emotional and academic growth may intertwine in the interest of school engagement. A re-conceptualization of the complex layers of the personal narrative genre and its role in the pedagogy of academic writing. A reinterpretation of the transformational role of revision in students' academic and life texts. Examples of writing and interview data that illustrate the diversity of student responses. "Heart and mind blend in this remarkable story of a teacher and her students working with courageous determination to create an education that values young people and gives weight and meaning to their lives."

—Mike Rose, UCLA Graduate School of Education and Information Studies and author of *Why School?: Reclaiming Education for All of Us* "This wonderful book demonstrates how enabling students to tackle ideas that are meaningful to them can produce both rigor and integrity in the learning process." —Linda Darling-Hammond, president, Learning Policy Institute "Bronwyn LaMay takes Toni Morrison's concept of response-ability to heart and develops a powerful sequenced theory of narrative revelation in order to empower students and teachers." —Nigel Hatton, University of California

Victor Doyno offers a new, accessible, and innovative approach to America's favorite novel. Doyno presents new material from the revised manuscript of *Huckleberry Finn* and also draws on Samuel Clemens's unpublished family journal, his correspondence, and his concerns about the lack of international copyright law.

The New York Times bestseller! "A warm and loving reflection that, like good bourbon, will stand the test of time." —Eric Asimov, The New York Times

The story of how Julian Van Winkle III, the caretaker of the most coveted cult Kentucky Bourbon whiskey in the world, fought to protect his family's heritage and preserve the taste of his forebears, in a world where authenticity, like his product, is in very short supply. Following his father's death decades ago, Julian Van Winkle stepped in to try to save the bourbon business his grandfather had founded on the mission statement: "We make fine bourbon—at a profit if we can, at a loss if we must, but always fine bourbon." With the company in its wilderness years, Julian committed to safeguarding his namesake's legacy or going down with the ship. Then he discovered that hundreds of barrels from the family distillery had survived their sale to a multinational conglomerate. The whiskey that Julian produced after recovering those barrels would immediately be hailed as the greatest in the world—and soon would be the hardest to find. Once they had been used up, a fresh challenge began: preserving the taste of Pappy in a new age. Wright Thompson was invited to ride along as Julian undertook the task. From the Van Winkle family, Wright learned not only about great bourbon but about complicated legacies and

the rewards of honoring your people and your craft—lessons that he couldn't help but apply to his own work and life. May we all be lucky enough to find some of ourselves, as Wright Thompson did, in Pappyland.

The life stories of Roma Pentecostals in Croatia and Serbia reveal both significant hardship and resilience, which notably impacts how they incorporate a Pentecostal identity and the ways in which they transform their daily lives in accordance with Pentecostal theology.

The Personal Narrative BRILL

America in the late nineteenth century was undergoing enormous societal shifts. Immigration and urbanization were changing the face of the country. New discoveries and new perspectives on old verities stretched its mind and stirred its soul. The recently concluded Civil War left America bloodied, its self-confidence bruised, and its capacity for controversy weakened. American

churches responded to these upheavals in different ways with long-lasting consequences. The reaction of one small branch of American Protestantism rooted in the broader stream of Methodism opens a window into these troubled times. This book explores how the American holiness movement navigated the societal maelstrom and the role the Bible played in charting its course. The holiness movement's response illustrates the interaction between the Bible and culture. It sheds light on the development of the movement's younger cousin, Pentecostalism. It also adds texture to the Fundamentalist-Modernist Controversy, an important struggle that marked the early decades of the twentieth century and continues to shape America today.

This book will provide a valuable resource for language teachers and researchers interested in the pedagogical applications of autobiographical writing.

Higher education today faces challenges from all sides, but college can provide young people with an opportunity to explore what it means to live a meaningful life. Increasingly, undergraduate education encourages students to reflect on their many callings in life, but this does not need to be a purely individual pursuit. This volume provides an argument for helping

students to think about the interconnectedness of individual and communal life as they reflect on their various vocations.

Since its founding at the Falls of the Ohio by George Rogers Clark in 1778, Louisville and its people have looked to the mighty Ohio River as the city's lifeblood. Louisville has counted on the river for transportation, commerce, leisure, culture, and natural beauty. Characterized by abundant opportunity—both professional and recreational—this renowned city has grown and prospered to become the business and industrial center of Kentucky. Is Louisville the southernmost midwestern town, or is it an upper south, southern city? This identity crisis has arisen from a historical diversity of people, industries, architecture, and commerce. Louisville has been home to large populations of German, Irish, French, and other immigrants. Large multi-national corporations, such as General Electric, Brown Forman, Philip Morris, and UPS have also called Louisville home over the years. The city counts among its famous sons William Clark, who, with Merriwether Lewis, led the Lewis and Clark Expedition in 1803, and sports icon Muhammad Ali. Local streets boast modern architectural treasures such as the Humana Building, designed by Michael Graves, and the American Life Building by Mies van der Rohe. Louisville is also home to Churchill Downs and the country's premier equestrian competition, the Kentucky Derby. These and many other notable facets of the city's rich heritage are illuminated in the vintage photographs within this volume. Concentrating on the early twentieth century, *Images of America: Louisville* celebrates a dynamic community and the people, both

famous and everyday, who have contributed to its lasting legacy.

Pastoral Care Bloomsbury Publishing USA

This “layered, nuanced, and focused study” of Civil War era writings reveals a popular sense of patriotism and hope in the midst of loss (*Journal of American History*). The American Civil War is often seen as the first modern war, not least because of the immense suffering it inflicted. Yet unlike later conflicts, it did not produce an outpouring of disillusionment or cynicism in public or private discourse. In fact, most people portrayed the war in highly sentimental and patriotic terms. While scholars typically dismiss this everyday writing as simplistic or naïve, Frances M. Clarke argues that we need to reconsider the letters, diaries, songs, and journalism penned by Union soldiers and their caregivers to fully understand the war’s impact and meaning. In *War Stories*, Clarke revisits the most common stories that average Northerners told in hopes of redeeming their suffering and hardship—stories that enabled people to express their beliefs about religion, community, and personal character. From tales of Union soldiers who died heroically to stories of tireless volunteers who exemplified the Republic’s virtues, *War Stories* sheds new light on this transitional moment in the history of war, emotional culture, and American civic life.

In *The Mary Magdalene Tradition*, Holly Hearon offers an understanding of the early Church, the role of women in the Church, and the power of narrative to shape community understanding and practice. By examining the rhetorical function of the post-resurrection appearance to Mary Magdalene traditions in early Christian communities, Hearon draws connections

between these ancient communities and the life of the Church today. Beginning with a reconstruction of the practice of storytelling in the world of antiquity, Hearon situates the Magdalene narratives in this oral, storytelling environment. Focusing on the fluid nature of storytelling, Hearon explores how the traditions were used to further arguments by storytellers with respect to women's leadership in Christian communities. Particular attention is given to the Gospels of Matthew and John, highlighting the relationship of the Gospel narratives to specific historical circumstances facing the early Church. Chapters are "Storytelling in the World of Antiquity," "Origins of the Post-Resurrection Appearance to Mary Magdalene Tradition," "The Function of the Mary Magdalene Tradition in Oral Storytelling Circles," "Storytelling Strategies in Matthew: The Function of the Mary Magdalene Tradition In Its Literary Context," "The Mary Magdalene Tradition and Matthean Communities: The Function of the Tradition in Response to Historical Circumstances," "Storytelling Strategies in John: The Function of the Mary Magdalene Tradition In Its Literary Context," "The Mary Magdalene Tradition and Johannine Communities: The Function of the Tradition in Response to Historical Circumstances," "Epilogue: A Consideration of Storytelling in Relation To Our Understanding of Communities in the Past and the Shaping of Communities for the Future."

The Situation and the Story Routledge

In this book, Bronwyn T. Williams explores how perceptions of agency—whether a person perceives and feels able to read and write successfully in a given context—are critical in terms of how people perform their literate identities. Drawing on interviews

and observations with students in several countries, he examines the intersections of the social and the personal in relation to how and, crucially, why people engage successfully or struggle painfully in literacy practices and what factors and forces they regard as enabling or constraining their actions. Recognizing such moments and patterns can help teachers and researchers rethink their approaches to teaching to facilitate students' sense of agency as writers and readers.
