**Physician  
Compensation and  
Production Survey CD  
and Report 2006**

Medical Group  
Management Assn  
Provides broad data that  
encompass physician  
faculty, nonphysician  
providers and  
management. Complete  
data on more than 12,000  
faculty physicians and  
nonphysician providers in  
more than 350 medical  
departments. Provides  
data categorized by  
specialty, rank,  
geographic region and  
more; management  
compensation by  
department and individual  
characteristics; and key  
medical department  
performance indicators.  
*MGMA 2020 Provider  
Compensation and  
Production Report* Mgma  
Physician Compensation  
Means More Than Money  
Physician compensation  
planning and  
methodology is a complex  
area that is influenced by  
many key factors. It takes

experience and sharp  
analytical skills to  
manage. This invaluable  
handbook will serve as a  
guide for the physician  
compensation process  
and provide the medical  
practice industry with  
various alternatives, as  
there are no simple  
solutions to physician  
compensation modeling.  
This volume: Provides the  
foundation to build  
compensation plans that  
are easily understood and  
accepted by physicians  
Covers compliance with  
government regulations  
Includes models  
addressing Stark, cost  
allocations, departing  
physicians, and new  
recruits Discusses  
hospital-owned practices  
Includes production  
measurements covering  
relative value units,  
charges, and collections  
CPAs and health care  
management consultants  
and administrators,  
physician management  
companies, hospital CEOs  
and CFOs, attorneys, and  
actuaries will find the  
information in  
Physiciannull;s  
Compensation  
indispensable to  
designing effective,  
equitable, and

appropriate compensation  
plans.

*MGMA PHYSICIAN  
PLACEMENT STARTING  
SALARY REPORT* Mgma  
This new guide challenges  
and deconstructs the  
industry's current  
standard for the fair  
market value (FMV) of  
physician clinical  
compensation based on  
the exclusive use of  
survey data and certain  
percentile-based valuation  
methods. Itdebunks the  
current "survey says"  
paradigm and provides  
the foundation for a  
completely new standard  
for the FMV of physician  
clinical compensation.  
*MGMA 2017 Provider  
Compensation and  
Production Report*  
Cambridge University  
Press  
Designed for those  
already in practice or  
thinking about starting a  
practice, this 10-book  
series is intended to help  
improve your practice  
management efficiency  
andmanaged care  
success. Order the  
economically-priced books  
individually to suit your  
needs or the complete  
series for a constant

reference source...without making a major investment.

**2023 MGMA Provider Compensation and Production Report**

Jones & Bartlett Learning

The ASCRS Textbook of Surgery of the Colon and Rectum offers a comprehensive textbook designed to provide state of the art information to residents in training and fully trained surgeons seeking recertification.

The textbook also supports the mission of the ASCRS to be the world's authority on colon and rectal disease. The combination of junior and senior authors selected from the membership of the ASCRS for each chapter will provide a comprehensive summary of each topic and allow the touch of experience to focus and temper the material. This approach should provide the reader with a very open minded, evidence based approach to all aspects of colorectal disease. Derived from the textbook, The ASCRS Manual of Surgery of the Colon and Rectum offers a "hands on" version of the textbook, written with the same comprehensive, evidence-based approach but distilled to the clinical essentials. In a handy pocket format, readers

will find the bread and butter information for the broad spectrum of practice. In a consistent style, each chapter outlines the condition or procedure being discussed in a concise outline format – easy to read, appropriately illustrated and referenced. *MGMA 2018 Provider Compensation and Production Report* Springer Science & Business Media

Practical resource for all healthcare professionals involved in day-to-day management of operating rooms of all sizes and complexity.

Physician Compensation and Production Survey  
Wiley

Provides numerous practical solutions and information for helping practice environments of all kinds reach agreement on appropriate forms of compensation. Includes discussions on base pay, incentive pay, and benefits. Also reviews potential equity arrangements. Previous edition: c1999. Softcover. DNLN: Physicians--economics, *2017 Physician Compensation Survey* White Coat Investor LLC

the Academic practices face different challenges than

private group practices. Your physicians are spending time with patients as well as teaching students and residents and conducting research. Your production data don't compare well with private practices. And your compensation structures are also distinct. That's why you need to compare your data with more relevant benchmarks those of other academic practices. MGMA's annual Academic Practice Compensation and Production Survey for Faculty and Management Report helps you analyze critical relationships between compensation and performance; provides broad data that encompass physician and nonphysician faculty and management; and gives you a valuable resource for continued success in an increasingly complex workplace. By simultaneously focusing on the quality and efficiency of care, you can make confident decisions that positively boost academic practice performance.

American Medical Association Press  
"Dr. Halee Fischer-Wright presents a unique

prescription for fixing America's health care woes, based on her thirty years of experience as a physician and industry leader."--

*The ASCRS Manual of Colon and Rectal Surgery*  
Medical Group Management Assn  
Navigating the maze of methods by which income for physicians is determined and paid in a wide variety of health care organizations, this step-by-step guide covers plan development and information on pay-for-performance programs, implementation methods, and more.

*Physician Compensation Plans* Amer Medical Assn  
Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills

in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also contains advanced concepts specific to physicians you won't find in other financial books. This book will teach you how to: Graduate from medical school with as little debt as possible  
Escape from student loans within two to five years of residency graduation  
Purchase the right types and amounts of insurance  
Decide when to buy a house and how much to spend on it  
Learn to invest in a sensible, low-cost and effective manner with or without the assistance of an advisor  
Avoid investments which are designed to be sold, not bought  
Select advisors who give great service and advice at a fair price  
Become a millionaire within five to ten years of residency graduation  
Use a "Backdoor Roth IRA" and "Stealth IRA" to boost your retirement funds and

decrease your taxes  
Protect your hard-won assets from professional and personal lawsuits  
Avoid estate taxes, avoid probate, and ensure your children and your money go where you want when you die  
Minimize your tax burden, keeping more of your hard-earned money  
Decide between an employee job and an independent contractor job  
Choose between sole proprietorship, Limited Liability Company, S Corporation, and C Corporation  
Take a look at the first pages of the book by clicking on the Look Inside feature  
Praise For *The White Coat Investor*  
"Much of my financial planning practice is helping doctors to correct mistakes that reading this book would have avoided in the first place." - Allan S. Roth, MBA, CPA, CFP(R), Author of *How a Second Grader Beats Wall Street*  
"Jim Dahle has done a lot of thinking about the peculiar financial problems facing physicians, and you, lucky reader, are about to reap the bounty of both his experience and his research." - William J. Bernstein, MD, Author of *The Investor's Manifesto* and seven other investing books  
"This book should be in every career

counselor's office and delivered with every medical degree." - Rick Van Ness, Author of Common Sense Investing "The White Coat Investor provides an expert consult for your finances. I now feel confident I can be a millionaire at 40 without feeling like a jerk." - Joe Jones, DO "Jim Dahle has done for physician financial illiteracy what penicillin did for neurosyphilis." - Dennis Bethel, MD "An excellent practical personal finance guide for physicians in training and in practice from a non

biased source we can actually trust." - Greg E Wilde, M.D Scroll up, click the buy button, and get started today!
