DECKER ARTHUR

Gower's Principles of Modern Company Law Cengage Learning

In modern business environments, ethical behavior plays a crucial role in success. Managers and business leaders must pay close attention to the ethics of their policies and behaviors to avoid a reputation-crushing scandal. *Business Law and Ethics: Concepts, Methodologies, Tools, and Applications* explores best practices business leaders need to navigate the complex landscape of legal and ethical issues on a day-to-day basis. Utilizing both current research and established conventions, this multi-volume reference is a valuable tool for business leaders, managers, students, and professionals in a globalized marketplace.

Modern Business Law Nelson Australia

Gower and Davies is the clearest and most reliable text available to cover the increasingly complex subject of company law. Students, as well as those involved in company law on a day-to-day basis, can turn to Gower and Davies secure in the knowledge that it will be an interesting, thought provoking and above all understandable exposition of both law and practice. --

Gower's Principles of Modern Company Law McGraw-Hill Companies

In recent years there have been many changes in business practices, technology, legislation, and international trade, particularly within Europe. These changes have had an impact on both the legal principles and the practices of the business community. Consequently these changes have been reflected in the syllabuses of the major professional bodies and degree courses. This book examines these legal developments and offers an accessible and comprehensive text for both professional students and undergraduates studying business law.

Contemporary Business Law Crowood Press (UK)

Gower and Davies has long been recognised as the leading text on company law, its lucid analysis and accessible style being of great assistance and encouragement to all those involved in this area. Its undisputed strength lies in covering the considerable breadth of company law by way of a detailed, in-depth analysis.

The Principles of Modern Company Law McGraw-Hill Companies

This book brings together a number of contributions examining how changes associated with economic globalization have contributed to the creation of new pressures on, and expectations of, those fields of law connected to the regulation of cross-border commercial transactions. These new demands of law – in particular, that it be more agile or “flexible” in regulating the economy – have prompted lawmakers and regulators in multiple jurisdictions to adopt a range of new regulatory techniques and legal forms to respond to this challenge. In many cases, these adaptations in law have entailed compromising traditional legal principles, such as legal certainty, in favor of empowering regulators with greater discretion than has traditionally been permitted in modern law. This change raises important questions about the meaning of fairness (certainty or flexibility), as well as the relationship between the public and private good.

Flexibility in Modern Business Law Virago Press

Give your students the authoritative, in-depth treatment of today's business law topics in this concise, cost-effective paperback by best-selling business law author Roger LeRoy Miller. Designed for the contemporary one-semester course, MODERN PRINCIPLES OF BUSINESS LAW, 1E provides the rigor and seriousness of a classic black letter law-type text with a brief 18-chapter table of contents that was developed based on extensive research with almost 200 instructors.
