Travel with her through

Champagne caves/wineries and historic cathedrals, local farmers' markets, ancient potters' guilds, and restaurant kitchens with wood-fire ovens. Learn how to make homemade Spinach-stuffed Tortellini with Bolognese Sauce from the Champagne region, Crêpes and Watercress-stuffed Ravioli from the Lorraine, and Baekeofe and Kugelhopf from the Alsace. "Go

blind" from the family stock of Eau de Vie liqueur and be treated to tales of foraging for snails for the infamous and now extinct Escargots Festival. And, on a somber note, listen to accounts of families forced from their communities during the German occupation of WWII in the Alsace and Lorraine, only to continue to struggle for survival after finally making their way home. This book is a compilation of

stories about making ends meet; about people being grateful for all they had, even when they had almost nothing; about the sharing of family jokes and laughter; and about family trials and triumphs. This book is about people savoring the life they have been given.

Cruising French Waterways
 Michelin Travel Publications
 Written by the founders of The Food Museum in Albuquerque,

NM, this book explores the fascinating regional ingredients that make up the heritage of French food. U.S. Army Register Harvest Winner of the Thomas Cook Guide Book Award, this book is one of the leading descriptive guides to the astonishingly varied network of rivers and canals that penetrate almost every region of France. It is full of fascinating information on the historical

sites, chateaux and scenic attractions of the many villages and towns that await discovery. Consular Reports Bunker Hill Publishing, Inc. Until Lobrano landed a job in the Paris office of Women's Wear Daily, he had no experience of French cuisine. As he began to cover celebrities and couturiers and improves his mastery of the language, his landlady provided him

with a lasting touchstone for how to judge food: "you must understand the intentions of the cook." As he began to hone his palate and finds his voice, Lobrano was soon at the epicenter of the Parisian dining revolution-- and became the restaurant critic of one of the largest newspapers in the France. Following his memoir, Lobrano shares his all-time favorite restaurants in Paris. -- adapted from

World War I is
beyond the
memory of
almost
everyone alive
today. Yet it
has left as
deep a scar on
the
imaginative
landscape of
our century as

it has on the
land where it
was fought.
Nowhere is
that more
evident than
on the
Western
Front-the
sinuous,
deadly line of
trenches that
stretched from
the coast of
Belgium to the
border of
France and
Switzerland, a
narrow swath
of land in
which so
many million
lives were
lost. For
journalist
Stephen
O'Shea, the
legacy of the
Great War is
personal (both
his
grandfathers

fought on the
front lines)
and cultural.
Stunned by
viewing the
"immense
wound" still
visible on the
battlefield of
the Somme,
and feeling
that "history is
too important
to be left to
the
professionals,"
he set out to
walk the
entire 450
miles through
no-man's-land
to discover for
himself and
for his
generation the
meaning of
the war. Back
to the Front is
a remarkable
combination
of vivid history
and

opinionated travel writing. As his walk progresses, O'Shea recreates the shocking battles of the Western Front, many now legendary-Passchendaele, the Somme, the Argonne, Verdun-and offers an impassioned perspective on the war, the state of the land, and the

cultivation of memory. His consummate skill with words and details brings alive the players, famous and faceless, on that horrific stage, and makes us aware of why the Great War, indeed history itself, still matters. An evocative fusion of past and present,

Back to the Front will resonate, for all who read it, as few other books on war ever have. Saturday Review of Politics, Literature, Science and Art
