Karten zur Heimatkunde der Provinz Schleswig-Holstein

Independently Published
 Originally published in 1924, Copse 125 (Das Wäldchen 125) is Ernst Jünger's third book, where he further recounts his experiences in one particularly treacherous stretch of the Western Front. In Copes 125, Jünger chronicles the deadlocked positions of battle located in an "isolated little patch of wood"

during the last year of the war. Along with his later recollections of the event, Jünger also shares his ruminations concerning the material and spiritual implications of the front line warrior. This is a new English translation of Das Wäldchen 125, published by E.S. Mittler & Son, Berlin, Germany, 1925.

The expanded third edition of this popular cruising guide encompasses the Greek Dodecanese islands and the Turkish coast eastwards from the Samos Strait to Kas and Kekova. Fully illustrated with up to date plans and numerous new photographs, it is packed with all the essential information for getting to the area, formalities and sailing these beautiful cruising grounds. There is a level of further detail to this coverage in terms of anchorages and other destinations than is found in the Heikell's

Greek Waters Pilot and Turkish Waters and Cyprus Pilot. This handy guide also whets the appetite for the local cuisine and culture and gives some historic context to exploration ashore. The fantastic background information with historical and mythological anecdotes gives ... a richness too often missing from bald pilot guides. Royal Cruising Club ... no East Med cruiser will want to sail without a copy. Yachting Monthly
