When she was a girl, Lisa See spent summers in the cool, dark recesses of her family's antiques store in Los Angeles' Chinatown. There, her grandmother and great-aunt told her intriguing, colourful stories about their family's past - stories of missionaries, concubines, tong wars, glamorous nightclubs, and the determined struggle to triumph over racist laws and discrimination. They spoke of how Lisa's great-great-grandfather emigrated from his Chinese

village to the United States, and how his son followed him. As an adult, See spent five years collecting the details of her family's remarkable history. She interviewed nearly one hundred relatives and pored over documents at the National Archives, the immigration office, and in countless attics, basements, and closets for the intimate nuances of her ancestors' lives. The result is a vivid, sweeping family portrait that is at once particular and universal, telling the story not only of one family, but of the Chinese people in America - and of America itself, a country that both welcomes and reviles its immigrants like no other culture in the

world.

The Green Travel Guide Vintage

The Green Travel Guide is the travel guide for the future. It tells us how to travel without destroying the very places we want to visit. Written by Greg Neale, environment correspondent for The Sunday Telegraph, it is packed with practical advice for travellers. The second edition includes a whole new section on how to take different kinds of activity holidays, from wildlife watching and conservation to heritage, sports and back-to-the-land holidays. For each of them, detailed tips are given on how to minimise the environmental damage and the social disruption that travel and tourism so often

bring. The guide to each area of the world and the listings of award-winning organisations and useful contacts have all been expanded and brought up to date.

Over a short ten-year time-span, Hodinkee has positioned itself as the preeminent and most distinguished destination for modern and vintage wristwatch enthusiasts. Exiting a career in finance, Ben Clymer decided to fuse his horological and writing passions in order to start a blog discussing everything from new products to vintage wristwatch auctions. Titling his endeavor after the Czech word *hodinky*, which means ‘little watch,’ Clymer sought to create a platform that was casual and accessible to all levels of enthusiasts—within a few years *The New York Times* dubbed him the “High Priest of

Horology.”

The Turkish Riviera, known as the Turquoise Coast, is home to stunning mountain scenery, rich myths, and folklore, and more than six hundred miles of impeccable shoreline along the warm Aegean and Mediterranean seas. Featuring two of the Seven Wonders of the Ancient World, the ruins of the Mausoleum of Maussollos and the Temple of Artemis, this stretch of coast is a destination apart, so much so that Mark Antony was said to have chosen it as the most spectacular wedding gift for Cleopatra. Through the lens of Oliver Pilcher, this blue voyage beckons readers with wanderlust to set sail

and enjoy the dazzling sapphire shades of the coast's dreamy yacht life. Anecdotes from lovers of the region include Mica Ertegun, Tommy Hilfiger, Chiara Ferragni, and Mert Alas, who spent summers boating on these storied waters.

For centuries, the Bahamas was under colonial rule. As such, today the country still has a strong European influence on its traditions, culture, and celebrations. However, it also has a distinct island identity that citizens share every year with the thousands of tourists that flock to it. This book examines the distant past of the Bahamas and the nation's buildup to independence from Britain in 1973. It explores the country today, especially its foods, beliefs, economy, government, and unique festivities. Using compelling sidebars and photographs, this book ultimately gives readers a

comprehensive view of the island nation in the twenty-first century.
