RICHARD GLOVER

Annual Report
University of
Chicago Press
Ida Rubinstein
(1883–1960)
captivated
Paris's
dancers,
composers,
artists, and
audiences
from her time
in the Ballets
Russes in
1909 to her
final
performances
in 1939.
Trained in
Russia as an
actress and a
dancer, her
life spanned

the artistic
freedom of
the Belle
Époque
through the
ravages of
World War I,
the
Depression,
and finally
World War II.
This critical
biography
carefully
examines
aspects of
Rubinstein's
life and career
that have
previously
received little
attention.
These include
her early life
in Russia, her
writing about
performance
aesthetics, her
curated

approach to
acting and
dancing roles,
and her
encumbered
position as a
woman and a
Jew.
Rubinstein
used her
considerable
fortune to
produce
dozens of
plays, lyric
creations, and
ballets,
making her
one of the
foremost
producers of
the first half of
the twentieth
century.
Employing the
greatest
scenic artists,
Léon Bakst
and Alexander

Benois; the distinguished composers Igor Stravinsky, Arthur Honegger, and Claude Debussy; celebrated writers including Paul Valéry and André Gide; and the brilliant choreographer Bronislava Nijinska, Rubinstein transformed twentieth-century theater and dance.

The Century Dictionary and Cyclopedia: The Century dictionary ... prepared

under the superintendence of William Dwight Whitney ... rev. & enl. under the superintendence of Benjamin E. Smith World Bank Publications Includes field staffs of Foreign Service, U. S. missions to international organizations, Agency for International Development, ACTION, U.S. Information Agency, Peace Corps, Foreign Agricultural Service, and Department of Army, Navy

and Air Force. *Official Register of the United States State University of New York Press* Includes section "Child health literature". *Catalogue of the Icelandic collection bequeathed by Willard Fiske* BoD - Books on Demand An intelligent, engaging, and in-depth reading of the nature of the state and the establishment of the modern political order in the mid-nineteenth century.

Previous studies have covered in great detail how the modern state slowly emerged from the early Renaissance through the seventeenth century, but we know relatively little about the next great act: the birth and transformation of the modern democratic state. And in an era where our democratic institutions are rife with conflict, it's more important now than ever to understand how our institutions came into being. Stephen W. Sawyer's *Demos Assembled* provides us with a fresh, transatlantic understanding of that political order's genesis. While the French influence on American political development is well understood, Sawyer sheds new light on the subsequent reciprocal influence that American thinkers and politicians had on the establishment of post-revolutionary regimes in France. He argues that the emergence of the stable Third Republic (1870-1940), which is typically said to have been driven by idiosyncratic internal factors, was in fact a deeply transnational, dynamic phenomenon. Sawyer's findings reach beyond their historical moment, speaking broadly to conceptions of state

<p>formation: how contingent claims to authority, whether grounded in violence or appeals to reason and common cause, take form as stateness. <i>Comptes rendus de la ... session Dalcassian Publishing Company</i> Each number includes "Reviews and book notices." <i>Lloyd's Register of British and Foreign Shipping</i> During its 40-year history, the</p>	<p>International Development Association (IDA) has worked to improve global welfare by allocating resources to growth and poverty reduction programs. In 1990, a new framework for IDA's poverty reduction efforts was created which resulted in significant structural change to its programs. The focus of the programs became one of labor-intensive growth and expanded access to</p>	<p>social services and safety nets to improve incomes levels among the poor. Additionally, the IDA agenda was expanded to include gender, the environment and governance as facets of the poverty reduction framework. This report evaluates IDA's performance from 1994 through 2000 against the three specific replenishment commitments of the period. While finding</p>
--	---	---

the performance level only partially satisfactory, the review suggests ways to improve the effectiveness of IDA programs, replenishment process and its ability to match corporate and country priorities.
Index Medicus. Second Series
Reprint of the original, first published in 1857. The publishing house Anatiposi publishes

historical books as reprints. Due to their age, these books may have missing pages or inferior quality. Our aim is to preserve these books and make them available to the public so that they do not get lost.
