The Rule of St. Benedict in English Courier Corporation
 Written between the mid-fourth and late sixth centuries to commemorate and glorify the achievements of early Christian saints, these six biographies depict men who devoted themselves to solitude, poverty and prayer. Athanasius records Antony's extreme seclusion in the Egyptian desert, despite temptation by the devil and visits from his followers. Jerome also shows those who fled persecution or withdrew from society to pursue lives of chastity and asceticism in his accounts of Paul of Thebes, Hilarion and Malchus. In his *Life of Martin*, Sulpicius Severus describes the achievements of a man who combined the roles of monk, bishop and missionary, while Gregory the Great tells of Benedict, whose Rule became the template for monastic life. Full of vivid incidents and astonishing miracles, these Lives have provided inspiration as models for centuries of Christian worship.

'Perpetua shouted out with joy as the sword pierced her, for she wanted to taste some of the pain and she even guided the hesitant hand of the trainee gladiator towards her own throat'
 Lives of Roman Christian Women is a unique collection of letters and documents from the third to the fifth centuries, celebrating Christian women from across the Roman Empire. During a crucial period in which Christianity transformed from a persecuted faith to the official religion of the Empire, these writings reveal the women who chose to dedicate their lives to Christ, by embracing martyrdom or by adopting a life of poverty and prayer, renouncing not only wealth but also their duties as wives and mothers.

Essentials

From the time it was first promulgated in the sixth century, The Rule of St. Benedict has been one of the most influential, enduring documents of Western civilization. Composed for the guidance of his own monks at Monte Cassino, St. Benedict's Rule has become the basis for the rules of practically every Christian monastic community in the West. In it are the guidelines for living the spiritual life -- through work, prayer, study, obedience, community, and moderate asceticism. This acclaimed edition of The Rule of St. Benedict is a highly accessible modern translation that conveys the spirit and logic of the original text. It contains an invaluable in-depth Introduction that explores the development and spread of Christian monasticism; a biographical sketch of St. Benedict; a discussion of the structure and implementation of his Rule; its value and impact on religious orders from the Middle Ages down through history; its tremendous influence on Western culture and civilization; and, finally, various texts of the Rule.

Isle of the Saints recreates the harsh yet richly spiritual world of medieval Irish monks on the Christian frontier of barbarian Europe. Lisa Bitel draws on accounts of saints' lives written between 800 and 1200 to explain, from the monks' own perspective, the social networks that bound them to one another and to their secular neighbors.

The Rule of Saint Benedict is a book of precepts written by Benedict of Nursia for monks living communally under the authority of an abbot.

Benedict's Dharma Dark Horse Comics

Composed nearly fifteen hundred years ago by the father of Western monasticism, The Rule of St. Benedict has for centuries been the guide of religious communities. St. Benedict's rules of obedience, humility, and contemplation are not only prerequisites for formal religious societies, they also provide an invaluable model for anyone desiring to live more simply. While they presuppose a certain detachment from the world, they provide guidance and inspiration for anyone seeking peace and fulfillment in their home and work communities. As prepared by the Benedictine monk and priest Timothy Fry, this translation of The Rule of St. Benedict can be a life-transforming book. With a new Preface by Thomas Moore, author of *The Care of the Soul*. "God is our home but many of us have strayed from our native land. The venerable authors of these Spiritual Classics are expert guides-- may we follow their directions home." --Archbishop Desmond Tutu

 Biographies, poetic compositions, works that are mystical, prophetic, visionary, or meditative: the selections here reflect the developments in medieval piety, particularly in the link between

female spirituality and the body. Included are the dramatic visionary writings of Hildegard of Bingen; letters and poems by Hadewijch expressing passionate love for God; and Marguerite Porete's allegorical poem "The Mirror of Simple Souls," a dialogue between Love and Soul that was condemned as heretical. Also included are biographies written by male ecclesiastics of women such as Christine the Astonishing, whose extraordinary behavior included being resurrected at her own funeral; revelations received by Bridget of Sweden, the first woman to found a religious order; and excerpts from The Book of Margery Kempe, in which Margery imagines herself as a servant caring for the Virgin Mary in her childhood. This volume, edited by Elizabeth Spearing, who also prepared some of the translations, features a rich introduction to the lives and religious experiences of its subjects, as well as full explanatory notes. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Early Christian Lives InterVarsity Press

The single most important document on monastic life that helped to shape Western society Composed in Italy around 530 AD but based on earlier compilations, The Rule of St Benedict has been the defining guide to daily prayer and work for Benedictine communities for fifteen centuries. The Rule also embodies the idea of a written constitution, authority limited by law and under the law, and the right of the ruled to review the legality of their superiors' actions-ideas at the heart of the West's most treasured civic institutions. This is a fundamental contribution to the tradition of simple living that continues to experience a renaissance.

Early Christian Writings Penguin UK

The Desert Fathers were the first Christian monks, living in solitude in the deserts of Egypt, Palestine, and Syria. In contrast to the formalised and official theology of the "founding fathers" of the church, the Desert Fathers were ordinary Christians who chose to renounce the world and live lives of celibacy, fasting, vigil, prayer and poverty in direct and simple response to the gospel. Their sayings were first recorded in the 4th century and consist of spiritual advice, anecdotes and parables. The Desert Fathers' teachings and lives have inspired poetry, opera and art, as well as providing spiritual nourishment and a template for monastic life.

Recovering Benedict encourages us to nourish our physical and spiritual lives using the Rule of Benedict and the twelve-step recovery principles of Alcoholics Anonymous. As the "father of Western monasticism," Benedict pulled together various strands of monastic spirituality into a single handbook for holiness. Alcoholics Anonymous presented an equally innovative way to address alcoholism based on twelve steps drawn from numerous spiritual sources. While it took a sixth-century Italian collating various sources to produce a handbook for spiritual life, it likewise took a twentieth-century American to pull together the spiritual principles to recover one's physical life. John E. Crean, Jr. brings both traditions together in one handbook for living: daily meditations are inspired by the down-to-earth wisdom of the Rule of Benedict, and AA's template for sobriety and humbleness. A thoughtful daily devotional for all who wish for deeper healing, for personal use, or group study.

The writings in this volume cast a glimmer of light upon the emerging traditions and organization of the infant church, during an otherwise little-known period of its development. A selection of letters and small-scale theological treatises from a group known as the Apostolic Fathers, several of whom were probably disciples of the Apostles, they provide a first-hand account of the early Church and outline a form of early Christianity still drawing on the theology and traditions of its parent religion, Judaism. Included here are the first Epistle of Bishop Clement of Rome, an impassioned plea for harmony; The Epistle of Polycarp; The Epistle of Barnabas; The Didache; and the Seven Epistles written by Ignatius of Antioch - among them his moving appeal to the Romans that they grant him a martyr's death.

The story of the First Crusade, as witnessed by contemporary writers 'O day so ardently desired! O time of times the most memorable! O deed before all other deeds!' The fall of Jerusalem in the summer of 1099 to an exhausted and starving army of western European soldiers was one of the most extraordinary events of the Middle Ages. It was both the climax of a great wave of visionary Christian fervour and the beginning of what proved to

be a futile and abortive attempt to implant a new European kingdom of heaven in an overwhelmingly Muslim world. This remarkable collection brings together a wide variety of contemporary accounts of the First Crusade, including Pope Urban II's initial call to arms of 1095, as well as the first-hand writings of priests, knights, a Jewish pilgrim, a destitute noblewoman, an Iraqi poet and the historian Anna Comnena. Together they provide a vivid and nuanced picture of the First Crusade and the people who were swept up in it. Edited with an introduction and notes by Christopher Tyerman

Founder of a monastery at Monte Cassino, between Rome and Naples, in the sixth century, St Benedict intended his Rule to be a practical guide to Christian monastic life. Based on the key precepts of humility, obedience and love, its aim is to create a harmonious and efficient religious community in which individuals can make progress in the Christian virtues and gain eternal life. Here, Benedict sets out ideal monastery routines and regulations, from the qualities of a good abbot, the twelve steps to humility and the value of silence to such every day matters as kitchen duties, care of the sick and the suitable punishment for lateness at mealtimes. Benedict's legacy is still strong - his Rule remains a source of inspiration and a key work in the history of the Christian church.
