*An Illustrated History of Siesta Key* Turtleback Books

A broken ankle wasn't the spring break Cricket Kaufman had in mind. Now she has to miss out on a trip to Washington with her best friend all because of a fateful bet with class clown Lucas Cott, and what was supposed to be a dream vacation is looking like the worst week of her life. With a little imagination and a little help from her friends, though, Cricket discovers that a spring break can actually be a lucky break.

**Lifestyle Journalism** Routledge

How did spring break become what it is today? What pressure do teens and college students feel to join in? How do we talk to them about it? What's the correct response to the "spring break phenomenon"? What does it mean to actually take a break? All these questions and more are answered in this insightful guide. Parent Guides are your one-stop shop for biblical guidance on teen culture, trends, and struggles. In 15 pages or fewer, each guide tackles issues your teens are facing right now—things like doubts, the latest apps and video games, mental health, technological pitfalls, and more. Using Scripture as their backbone, these Parent Guides offer compassionate insight to teens' world, thoughts, and feelings, as well as discussion questions and practical advice for impactful discipleship.

**Oh, Florida!** e-artnow sro

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. *Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome. *Communities in Action* e-artnow sro

A New York Times Bestseller Oh, Florida! That name. That combination of sounds. Three simple syllables, and yet packing so many mixed messages. To some people, it's a paradise. To others, it's a punch line. As Oh, Florida! shows, it's both of these and, more important, it's a Petri dish, producing trends that end up influencing the rest of the country. Without Florida there would be no NASCAR, no Bettie Page pinups, no Glenn Beck radio rants, no USA Today, no "Stand Your Ground," . . . you get the idea. To outsiders, Florida seems baffling. It's a state where the voters went for Barack Obama twice, yet elected a Tea Party candidate as governor. Florida is touted as a carefree paradise, yet it's also known for its perils-alligators, sinkholes, pythons, hurricanes, and sharks, to name a few. It attracts 90 million visitors a year, some drawn by its impressive natural beauty, others bewitched by its manmade fantasies. Oh, Florida! explores those contradictions and shows how they fit together to make this the most interesting state. It is the first book to explore the reasons why Florida is so wild and weird-and why that's okay. Florida couldn't be Florida without that sense of the unpredictable, unexpected, and unusual lurking behind every palm tree. But there is far more to Florida than its sideshow freakiness. Oh, Florida! explains how Florida secretly, subtly influences all the other states in the Union, both for good and for ill.

A devotional charge for spiritual men and women who need to restart their batteries in order to have a daily walk with God. Fathers! Husbands! Spiritual leaders! Listen to what I am about to say! I am about to charge your spiritual awareness like you have never been charged before. So stand up and show your family you are up for the challenge. The first thing we are going to do is teach you how to put God first. Next, we are going to discuss the differences between a Godly, spiritual leader and a sinful one. Then, we are going to show you how your actions can affect your family unit and home. Last, but certainly not least, we are going to laugh a little. So what are you waiting for? Are you ready for a devotional book unlike anything you have experienced? From Genesis to Revelation, from home to work; we probe, compare, and discuss various aspects of spiritual leaders who have lived this with success and failures.

Ranging from travel to wellbeing and fashion to food, Lifestyle Journalism explores a wide variety of subjects within a growing field. This edited collection examines the complex dynamics of the ever-evolving media environment of lifestyle journalism, encompassing aspects of consumerism, entertainment and cosmopolitanism, as well as traditional journalistic practices. Through detailed case studies and research, the book discusses themes of consumer culture, identity, representation, the sharing economy and branding while bringing in important new aspects such as social media and new cultural intermediaries. International and cross-disciplinary, the book is divided into four parts: emerging roles; experience and identity in lifestyle media; new players and lifestyle actors; and lifestyle consumerism and brands. Featuring case studies from a variety of countries including Turkey, the US, Chile and the UK, this is an important resource for journalism students and academics.

In Tangled Vines, bestselling true crime author John Glatt reconstructs the rise of the prestigious Murdaugh family and the shocking double murder that led to the downfall of its patriarch, Alex Murdaugh. Among the lush, tree-lined waterways of South Carolina low country, the Murdaugh name means power. A century-old, multimillion-dollar law practice has catapulted the family into incredible wealth and local celebrity—but it was an unimaginable tragedy that would thrust them into the national spotlight. On June 7th, 2021, prominent attorney Alex Murdaugh discovered the bodies of his wife, Maggie, and son, Paul, on the grounds of their thousand-acre hunting lodge. The mystery deepened only months later when Alex himself was discovered shot in the head on a local roadside. But as authorities scrambled for clues and the community reeled from the loss and media attention, dark secrets about this Southern legal dynasty came to light. The Murdaughs, it turned out, were feared as much as they were loved. And they wouldn't hesitate to wield their influence to protect one of their own; two years before he was killed, a highly intoxicated Paul Murdaugh was at the helm of a boat when it crashed and killed a teenage girl, and his light treatment by police led to speculation that privilege had come into play. As bombshells of financial fraud were revealed and more suspicious deaths were linked to the Murdaughs, a new portrait of Alex Murdaugh emerged: a desperate man on the brink of ruin who would do anything, even plan his own death, to save his family's reputation.

When Trump became president, much of the country was repelled by what they saw as the vulgar spectacle of his ascent, a perversion of the highest office in the land. In his bold, innovative book, Political Perversion, rhetorician Joshua Gunn argues that this "mean-spirited turn" in American politics (of which Trump is the paragon) is best understood as a structural perversion in our common culture, on a continuum with infantile and "gotcha" forms of entertainment meant to engender provocation and sadistic enjoyment. Drawing on insights from critical theory, media ecology, and psychoanalysis, Gunn argues that perverse rhetorics dominate not only the political sphere but also our daily interactions with others, in person and online. From sexting to campaign rhetoric, Gunn advances a new way to interpret our contemporary political context that explains why so many of us have difficulty deciphering the appeal of aberrant public figures. In this book, Trump is only the tip of a sinister, rapidly growing iceberg, one to which we ourselves unwittingly contribute on a daily basis.

Art As Witness is an invitation for professors, researchers, clergy, educators, students, and activists to creatively integrate the arts in theology and religious studies for a practical theology of arts-based research that prioritizes public witness. This methodology challenges the traditional written word as being the privileged norm, arguing that this emerging research genre is an excellent, viable, and necessary option for research that supports, promotes, and publicizes liberating theology for the marginalized, victimized, and oppressed. It includes a detailed case study of "Art Inside Karnes," the all-volunteer arts-based ministry of presence the author facilitated inside a for-profit immigrant family detention center that became the Power of Hope traveling art exhibit for education, advocacy, and public witness. This primer covers practical ethical, legal, and political matters; includes

pedagogical examples for how to use arts-based research for student assessment in theology and religious studies; and provides an overview of arts options, including literary genres, visual arts, fabric arts, theater, filmmaking, and new media with digital content. Art as Witness features 40 illustrations, several case studies, and multiple contributing theologian-artists who engage the arts in themes that include immigration, HIV/AIDS, biblical studies, political protest, gender equity, gun law reform, racial justice, and more.

[Higher Education and the COVID-19 Pandemic](#) SAGE Publications

There is a clear sense in which sport has played, and continues to play an important role in the normalization and legitimization of routine, excessive and problem drinking; sport and alcohol have become inextricably linked. Alcohol companies provide funding in the form of sponsorship, fans consume alcohol when watching, and players celebrate, bond and relax with alcohol. Sport and Alcohol: an ethical perspective aims to critically examine the various ways in which sport and alcohol interact. In doing so, the book casts an ethical eye over the following topics: Society's relationship with alcohol Sponsorship and marketing of alcohol through sport and its effect on children Sport's alcohol-tolerant ethos, problematic drinking practices and rituals Punishment and discipline in relation to athletes' drink-related bad behavior Alcoholism in the context of sport and the need for a greater understanding of the condition, how it develops and what can be done The status of athletes as role models Offering a much-needed critical assessment of an important issue in contemporary sport and society, Sport and Alcohol is essential reading for those interested in the social, cultural or philosophical study of sport in general and sport and alcohol in particular.

A history of a very popular beach destination near Sarasota on the Gulf coast of Florida. Reviewing the past century of Siesta Key development in the context of Florida's ancient and recent emergence, this book explains how one small Gulf coast barrier island has become world famous as "#1 Beach in the USA." Beginning with Amerindian settlers, the "First Floridians," all of the seminal pioneers and a steady stream of pivotal leaders are described with emphasis on their families, motivations, and challenges. Both historical triumphs and tragedies are covered to provide a balanced perspective. Lastly, the current and future threats are analyzed in detail, including the environmental controversies with nearby keys, the menace of increasing red tide, and the risks of rising sea levels associated with global warming.

The two-volume Proceedings set CCIS 1675 and 1676 constitutes the refereed proceedings of the Second International Conference, ARTIIS 2022, held in Santiago de Compostela, Spain, during September 12–15, 2022. The 72 papers included in these proceedings were carefully reviewed and selected from 191 submissions. These papers were categorized into 2 technical tracks, i.e., Sustainability and Ethics, Security, and Privacy.

[The Benefits of Friends](#) Macmillan + ORM

This book offers a bird's-eye view of the current trends, opportunities, and challenges related to Asian youth travellers, and it also presents a holistic framework for future research to build upon. Managerial and policy implications are provided for the tourism and hospitality industry and government agencies to better accommodate the needs of Asian youth travellers – a unique and diverse market that is yet to be fully unveiled to the world. The book investigates the key characteristics that define contemporary Asian youth travellers, adopting a broad definition of Asia. While it includes relatively mature markets, it also features emerging markets in Southeast Asia, South Asia, and West Asia. The book looks at different forms of tourism undertaken by Asian travellers, encompassing educational tourism, adventure tourism, working holiday, self-driving tourism, dark tourism, volunteer tourism, and cultural tourism. A wide range of topics are discussed, from history to current trends, from motivations to constraints, from the influence of culture and religion on travel behaviour to the search of social freedom through travel, and from destination choice to destination avoidance. The findings and interpretations are drawn from diverse and novel research methods, such as netnography, visual anthropology, historiography, interview, focus group, survey, and document analysis.

[Spring Break](#) Taylor & Francis

Naomi Zack pioneers a new theory of justice starting from a correction of current injustices. While the present justice paradigm in political philosophy and related fields begins from John Rawls's 1970 Theory of Justice, Zack insists that what people in reality care about is not justice as an ideal, but injustice as a correctable ill. For a way to describe real injustice and the society in which it occurs, Zack resurrects Arthur Bentley's key insight that government and law (or political life) is a constant process of contending interest groups throughout society. Bentley's main idea allows for a resolution of the contradiction between formal legal equality for U.S. minorities and post-civil rights practical inequality. Just law and unjust practice co-exist as a fact of political life. The correction of injustice in reality requires applicative justice, in a comparison between those who are treated unjustly with those who are treated justly, and the design of effective measures to equalize such treatment. Zack's theory of applicative justice offers a revolutionary reorientation of society's pursuit of justice, seeking to undo injustice in a practical and fully achievable way.

The topic of special education is rich in knowledge and pedagogy that covers multiple disciplines within the school environment. Many special educators complete graduate degrees and explore a variety of topics within the special education context; however, there is a need for more resources that provide essential knowledge to special education professionals. New Considerations and Best Practices for Training Special Education Teachers discusses best practices and strategies special education professionals require to become more proficient in teaching students with exceptional needs and addresses the most important components of the special education teacher's job. Serving as a guide of what a special educator must know to be effective within the classroom and providing an overview of the most important components of the special education teacher's job, the needs of the special educator, along with new research in the field, this timely book covers a range of topics such as assistive technologies and special education law. It is ideal for special education teachers, industry professionals, guidance counselors, academicians, professors, researchers, practitioners, and students.

The Miracle Menu: Your Guide to Daily Magic is a collection of simple real-world self-help techniques. We all enjoy visiting a healthy caf that offers tasty choices. You can now pick the items on a menu suited to your tastes that will help you move through life in an organic, fun, and fulfilling way!

The premise of *The Miracle Menu* is that everyone has something amazing to offer and that we are functioning at our highest level when we are most at peace and authentic in our minds and bodies. Other self-help books may offer good tips on how to succeed at business or be skinny or make lots of friends but oftentimes, you pass on those suggested servings. This book allows you to explore and connect with your most genuine self, and this book will offer step-by-step choices in a fun and effective way as we all love flipping through menus. So just relax, focus on your goals and dreams, and let the universe do the heavy lifting!

[A Parent's Guide to Spring Break](#) St. Martin's Press

*Sexuality in Emerging Adulthood* provides a comprehensive overview of sexuality at the stage straddling adolescence and adulthood. The first section of the volume offers conceptualizations and foundational perspectives on sexuality in emerging adulthood, with topics including theory, developmental considerations, sexual behavior, sexual beliefs and attitudes, associations with romance, casual sex, and sexual orientation. The second section systematically examines contexts and socializing agents of sexual development, including parents, peers, media, and religion. The third section narrows in on the overarching theme of the series by addressing factors leading to flourishing and floundering in the area of sexuality during emerging adulthood, such as effects of early adversity, sexual health, sexual well-being, sexuality and mental health, and sexual assault. Accompanying seven of the chapters in the volume are brief scientific reports offering new related research. The volume also contains four method

tutorials that discuss topics in sex research such as ethical considerations, recruitment and incentive strategies, and identity-affirming methods. Concluding with innovative new perspectives on the integration of sexual health promotion and sexual violence prevention, this volume is crucial reading for academic scholars and those working with and supporting emerging adults.

**How Learning Works** Balboa Press

In the unique work *Six Eves Prevail through the Garden of Nutrition*, six African-American nutrition professionals share their individual stories about becoming nutritionists and dietitians during the 60s and 70s. These professions have typically seen low numbers of African-Americans. The women whose stories make up this book formed close personal and professional associations that have lasted over decades. The book documents the mentoring, professional guidance, and wisdom they each received from trailblazers in their respective professions. The importance of nutrition to the overall health of the population has been well documented. Though their career paths were different, each of these professional women made tremendous contributions to the health, wellbeing, and safety of their many patients, clients, students, and family members. Because of their backgrounds, they were able to bring a level of sensitivity to health care that was unsurpassed. Narrated through first-person accounts, the book is filled with humorous and heart-warming anecdotes, personal and local history, recipes, and photographs. Journey with these special women along their remarkable paths that demonstrate the power of perseverance, the importance of family and community, and lifting others as we are lifted.
