How can we transmit a living, personal Catholic faith to future generations? By coming to know Jesus Christ, and following him as his disciples. These are times of immense challenge and immense opportunity for the Catholic Church. Consider these statistics for the United States. Only 30 percent of Americans who were raised Catholic are still practicing. Fully 10 percent of all adults in America are ex-Catholics. The number of marriages celebrated in the Church decreased dramatically, by nearly 60 percent, between 1972 and 2010. Only 60 percent of Catholics

believe in a personal God. If the Church is to reverse these trends, the evangelizers must first be evangelized-in other words, Catholics-in-the-pew must make a conscious choice to know and follow Jesus before they can draw others to him. This work of discipleship lies at the heart of Forming Intentional Disciples, a book designed to help Church leaders, parish staff and all Catholics transform parish life from within. Drawing upon her fifteen years of experience with the Catherine of Siena Institute, Sherry Weddell leads readers through steps that will help Catholics enter more deeply into a relationship with God and the river of apostolic creativity, charisms, and vocation that flow from that relationship for the sake of the Church and the world. Learn about the five thresholds of postmodern conversion, how to open a conversation about faith and belief, how to ask thought-

provoking questions and establish an atmosphere of trust, when to tell the Great Story of Jesus, how to help someone respond to God's call to intentional discipleship, and much more. And be prepared for conversion because when life at the parish level changes, the life of the whole Church will change.

There are more than 50 million Roman Catholics in the United States...over one billion in the entire world. Most see their Roman Catholic traditions and the Christian faith as one and the same. Yet the sad fact is that there are vast differences between Catholicism and Christianity. Christianity was founded not as an institution, but as a witness to Jesus Christ. It is Christ, not Christianity, that has the power to change lives. Catholicism arose from the ruins of the Roman Empire. It brought itself to power through the glory of Rome by deception and force. And by force and bloodshed it has maintained that power throughout the years. Millions of people around the world are following an institution, without the slightest understanding of the Saving Grace of Jesus Christ. This powerful book examines each of the basic tenets of Catholicism and compares them against the standards and precepts of the Word of God. It is an enlightening look behind the scenes into the history of the Catholic church and

the establishment of its power throughout the ages. It is also a book of hope and promise as it lays bare the institution and proclaims the Person of Jesus Christ. It is a book that every Catholic must read and every Christian should read.

The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

NEW YORK TIMES BESTSELLER • From one of the world's most influential spiritual thinkers, a long-awaited book exploring what it means that Jesus was called "Christ," and how this forgotten truth can restore hope and meaning to our lives. "Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book."—Melinda Gates In his decades as a globally recognized teacher, Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality. Yet Rohr has never written on the most perennially talked about topic in Christianity: Jesus. Most know who Jesus was, but who was Christ? Is the word simply Jesus's last name? Too often, Rohr writes, our understandings have been limited by culture, religious debate, and the human tendency to put

ourselves at the center. Drawing on scripture, history, and spiritual practice, Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant, unfolding work in the world. "God loves things by becoming them," he writes, and Jesus's life was meant to declare that humanity has never been separate from God—except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator's presence all around us, and in everyone we meet. Thought-provoking, practical, and full of deep hope and vision, *The Universal Christ* is a landmark book from one of our most beloved spiritual writers, and an invitation to contemplate how God liberates and loves all that is.

The Mass setting was conceived as a simple, accessible setting for unison voices (plus optional descants), organ/keyboard and guitar that might assist parish and school communities in their praying and singing of the Order of Mass texts in the revised Roman Missal (2010). This popular musical setting by Paul Taylor was originally composed for a Mass Setting competition organised by the National Liturgical Music Board of the Australian Catholic Bishops Conference, this setting is dedicated with gratitude and esteem to the past and present musicians and community members at St Francis' Church, Lonsdale St, Melbourne.

Origen was one of the most influential pre-Nicene church fathers, whose exegetical method shaped much of subsequent interpretation of the Old Testament. Some of his theological speculations were condemned in the 6th century, but his influence as a Christian scholar and Old Testament exegete remain undiminished. This book offers a fresh, contemporary translation of Origen's 28 homilies on the book of Numbers.

Father Deiss in this work helps us to discover the rich liturgical celebration of the Mass. He follows the Order of the Mass so that the reader might appreciate this structure and its rhythm, and he explains each part of the Mass with its rites and words. Some of these elements have their roots in the beginnings of Christianity, while others witness to the religious and cultural experience of Christianity through the centuries. Father Deiss tries to help us understand the meaning of the celebration today.

What if Jesus suddenly appeared and announced that he planned to run for President of the United States? Yes, that Jesus. And what if a well-meaning but utterly inexperienced band of disciples not only helped him mount a seat-of-the-pants campaign but also ran it well, getting millions of people to support him and in the

process throwing the other two major party candidates—as well as the world's news media—into a frenzy as they scramble to discredit him? Roland Merullo's biting clever satirical novel about the state of American politics follows one man's campaign to bring back goodness and kindness (real goodness and kindness this time) in a country that has fallen into a divisive state of fear and hatred. Merullo takes us into the heart of "a nation in grave spiritual danger" as the Son of man sets out to make everyone realize that "politics as usual" is no longer an acceptable alternative. *American Savior* is a remarkably innovative novel that challenges our perceptions and beliefs while it wags a finger at the folly of our self-righteousness. It is sure to cause controversy among those for whom politics itself has become a kind of religion.

Shepherd's Notes- Christian Classics Series is designed to give readers a quick, step by step overview of some of the enduring treasures of the Christian faith. They are designed to be used along side the classic itself- either in individual study or in a study group. The faithful of all generations have found spiritual nourishment in the Scriptures and in the works of Christians of

earlier generations. Martin Luther and John Calvin would not have become who they were apart from their reading Augustine. God used the writings of Martin Luther to move John Wesley from a religion of dead works to an experience at Aldersgate in which his "heart was strangely warmed." Shepherd's Notes will give pastors, laypersons, and students access to some of the treasures of Christian faith.

..".The Synoptic accounts of the Last Supper leave us with a unified impression: Jesus has gathered the apostles into the upper room to transform an old feast into a completely new one." This sentence sums up, in essence, this essay by theologian Curtis Mitch. He explains the details of the Seder meal and shows how it is both fulfilled and transformed by the Last Supper. He speaks also of its significance in the history of the Jews, and how this significance continues for us in the Mass that the Church celebrates every day.
