Cyclist - Ride Penguin

The revised edition of the classic cycling guide by Harold Briercliffe of 1949. Used as the inspiration for the Britain by Bike television series and a vital part of the award-winning Britain by Bike book by Jane Eastoe, the original book is reproduced along with suggested cycling routes in the Central

England region for today's cyclists. Harold Briercliffe was the Alfred Wainwright of cycling and his books provide great insight into cycling in various parts of the UK in the 1940s. Harold's fascinating description of the towns, villages and roads of Britain at the time is a joy for all those who love these isles and especially for cyclists looking for inspiration. Many roads have changed over the decades and are now too busy for enjoyable cycling, so Mark Jarman, along with Sustrans, have made suggestions for alternative routes in the region for today's cyclists. The book includes the original photographs taken by Harold Briercliffe and the original illustrations. The Cycling Touring Guide: Central England covers cycle routes in the Peak District, Cheshire and north Shropshire, East of the Pennines, the Midlands, the Malverns, the Wye Valley, the Forest of Dean and various routes north of London. The cycle routes vary in length from half day and day-long trips to weekend and week-long tours.
