## JOYCE LOGAN

### Strengthening Forensic Science in the United States

Rowman & Littlefield

This is famous British author Nesta Webster's last-and most suppressed-book, published just prior to the outbreak of the Second World War. It deviated completely from the themes of Webster's earlier works, and dealt exclusively with what she said was the international Jewish lobby's preparations to start another war in Europe.

*The Education of a Value Investor* Simon and Schuster

The Top Notch Classroom Audio Program includes a variety of authentic regional and non-native accents. The six-level Top Notch program makes English unforgettable through multiple exposures to language, numerous opportunities to practice it, and systematic and intensive recycling. Goals and achievement-based lessons with can-do statements enable students to confirm their progress.

### Essentials of Specific Learning Disability Identification

Ballantine Books

\*2018 LOCUS AWARD FINALIST FOR BEST SCIENCE FICTION NOVEL CATEGORY\* From 2017 John W. Campbell Award winner, Ada Palmer, the second book of *Terra Ignota*, a political SF epic of extraordinary audacity "A cornucopia of dazzling, sharp ideas set in rich, wry prose that rewards rumination with layers of delight. Provocative, erudite, inventive, resplendent." —Ken Liu, author of *The Grace of Kings* In a future of near-instantaneous global travel, of abundant provision for the needs of all, a future in which no one living can remember an actual war...a long era of stability threatens to come to an abrupt end. For known only to a few, the leaders of the great Hives, nations without fixed locations, have long conspired to keep the world stable, at the cost of just a little blood. A few secret murders, mathematically planned. So that no faction can ever dominate, and the balance holds. And yet the balance is beginning to give way. Mycroft Canner, convict, sentenced to wander the globe in service to all, knows more about this conspiracy than he can ever admit. Carlyle Foster, counselor, sensayer, has secrets as well, and they burden Carlyle beyond description. And both Mycroft and Carlyle are privy to the greatest secret of all: Bridger, the child who can bring inanimate

objects to life. Shot through with astonishing invention, Ada Palmer's *Seven Surrenders* is the next movement in one of the great SF epics of our time. "Seven Surrenders veers expertly between love, murder, mayhem, parenthood, theology, and high politics. I haven't had this much fun with a book in a long time." —Max Gladstone, author of *Three Parts Dead Terra Ignota* 1. Too Like the Lightning 2. Seven Surrenders 3. The Will to Battle At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Practical, up-to-date guidance on identifying Specific Learning Disability Essentials of Specific Learning Disability Identification provides accessible, authoritative guidance on specific learning disability (SLD), with the most up-to-date information on assessment, identification, interventions, and more. Contributions by leading experts examine multiple theoretical orientations and various identification approaches for dyslexia, dyscalculia, dysgraphia, and other common SLDs. Emphasizing real-world utility, this book provides important information for professionals who work with children and youth at risk; many of the SLD identification practices can be put to work immediately, and the expert coverage offers many strategies and interventions for student support in the classroom. This new second edition has been updated to align with the most current understanding of SLD manifestations, diagnostic assessment, and evidence-based interventions, and includes new material covering nonverbal learning disability, speech-language impairment, general learning difficulties, and differentially diagnosing SLD from other conditions. Early SLD identification and the right kind of help can raise the trajectory of a child's life. This book provides in-depth information to facilitate accurate identification and appropriate intervention to help you help the children in your care.

Understand how SLD manifests in academic performance Learn theory- and research-based approaches to SLD identification Examine the latest information about new aspects of SLD determination Utilize appropriate and effective intervention strategies for student support If a child's learning disability is caught early, and the correct type of support is provided, that child gets the chance to develop the skills that lead to achievement in school and beyond. As a high-incidence disorder, SLD affects 10-15 percent of the general population, making successful identification an essential skill for those who work with children. *Essentials of Specific Learning Disability Identification* provides authoritative guidance and practical methods that can help you start changing children's lives today.

*Kiss an Angel* Simon and Schuster

The privilege of commanding an Air Force squadron, despite its

heavy responsibilities and unrelenting challenges, represents for many Air Force officers the high point of their careers. It is service as a squadron commander that accords true command authority for the first time. The authority, used consistently and wisely, provides a foundation for command. As with the officer's commission itself, command authority is granted to those who have earned it, both by performance and a revealed capacity for the demands of total responsibility. But once granted, it must be revalidated every day. So as one assumes squadron command, bringing years of experience and proven record to join with this new authority, one might still need a little practical help to succeed with the tasks of command. This book offers such help. "Commanding an Air Force Squadron" brings unique and welcome material to a subject other books have addressed. It is rich in practical, useful, down-to-earth advice from officers who have recently experienced squadron command. The author does not quote regulations, parrot doctrine, or paraphrase the abstractions that lace the pages of so many books about leadership. Nor does he puff throughout the manuscript about how he did it. Rather, he presents a digest of practical wisdom based on real-world experience drawn from the reflection of many former commanders from any different types of units. He addresses all Air Force squadron commanders, rated and nonrated, in all sorts of missions worldwide. Please also see a follow up to this book entitled "Commanding an Air Force Squadron in the Twenty-First Century (2003)" by Jeffrey F. Smith, Lieutenant Colonel, USAF.

*The Overachievers* Pearson ELT

Black & white print. *Principles of Management* is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the *Principles of Management* course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

*Computer Networking: A Top-Down Approach Featuring the Internet, 3/e* London, Society for Promoting Christian Knowledge

In this instant New York Times Bestseller, Geoff Smart and Randy Street provide a simple, practical, and effective solution to what *The Economist* calls "the single biggest problem in business today": unsuccessful hiring. The average hiring mistake costs a company \$1.5 million or more a year and countless wasted hours. This statistic becomes even more startling when you consider that the typical hiring success rate of managers is only 50 percent. The silver lining is that "who" problems are easily preventable. Based on more than 1,300 hours of interviews with more than 20 billionaires and 300 CEOs, Who presents Smart and Street's A Method for Hiring. Refined through the largest research study of its kind ever undertaken, the A Method stresses fundamental elements that anyone can implement—and it has a 90 percent success rate. Whether you're a member of a board of directors looking for a new CEO, the owner of a small business searching for the right people to make your company grow, or a parent in need of a new babysitter, it's all about Who. Inside you'll learn how to • avoid common "voodoo hiring" methods • define the outcomes you seek • generate a flow of A Players to your team—by implementing the #1 tactic used by successful businesspeople • ask the right interview questions to dramatically improve your ability to quickly distinguish an A Player from a B or C candidate • attract the person you want to

hire, by emphasizing the points the candidate cares about most. In business, you are who you hire. In *Who*, Geoff Smart and Randy Street offer simple, easy-to-follow steps that will put the right people in place for optimal success.

*We Were Caught Unprepared* Ostara Publications

Entrepreneur and bestselling author of *The Lean Startup*, Eric Ries reveals how entrepreneurial principles can be used by businesses of all kinds, ranging from established companies to early-stage startups, to grow revenues, drive innovation, and transform themselves into truly modern organizations, poised to take advantage of the enormous opportunities of the twenty-first century. In *The Lean Startup*, Eric Ries laid out the practices of successful startups – building a minimal viable product, customer-focused and scientific testing based on a build-measure-learn method of continuous innovation, and deciding whether to persevere or pivot. In *The Startup Way*, he turns his attention to an entirely new group of organizations: established enterprises like iconic multinationals GE and Toyota, tech titans like Amazon and Facebook, and the next generation of Silicon Valley upstarts like Airbnb and Twilio. Drawing on his experiences over the past five years working with these organizations, as well as nonprofits, NGOs, and governments, Ries lays out a system of entrepreneurial management that leads organizations of all sizes and from every industry to sustainable growth and long-term impact. Filled with in-the-field stories, insights, and tools, *The Startup Way* is an essential road map for any organization navigating the uncertain waters of the century ahead.

*The Blue Book of Grammar and Punctuation* Pearson Education ESL

The bestselling author of *Pledged* returns with a groundbreaking look at the pressure to achieve faced by America's teens. In *Pledged*, Alexandra Robbins followed four college girls to produce a riveting narrative that read like fiction. Now, in *The Overachievers*, Robbins uses the same captivating style to explore how our high-stakes educational culture has spiraled out of control. During the year of her ten-year reunion, Robbins goes back to her high school, where she follows heart-tuggingly likeable students including "AP" Frank, who grapples with horrifying parental pressure to succeed; Audrey, whose panicked perfectionism overshadows her life; Sam, who worries his years of overachieving will be wasted if he doesn't attend a name-brand college; Taylor, whose ambition threatens her popular girl status; and The Stealth Overachiever, a mystery junior who flies under the radar. Robbins tackles teen issues such as intense stress, the student and teacher cheating epidemic, sports rage, parental guilt, the black market for study drugs, and a college admissions process so cutthroat that students are driven to suicide and depression because of a B. With a compelling mix of fast-paced narrative and fascinating investigative journalism, *The Overachievers* aims both to calm the admissions frenzy and to expose its escalating dangers.

Following three teenagers who chose to spend one school year living in Finland, South Korea, and Poland, a literary journalist recounts how attitudes, parenting, and rigorous teaching have revolutionized these countries' education results.

*Game Anim* Allyn & Bacon

Pretty, flighty Daisy Devreaux can either go to jail or marry the mystery man her father has chosen for her. Arranged marriages don't happen in the modern world, so how did the irrepressible Daisy find herself in this fix? Alex Markov, as humorless as he is deadly handsome, has no intention of playing the loving bridegroom to a spoiled little feather-head with champagne tastes. He drags Daisy from her uptown life to a broken down traveling circus and sets out to tame her to his ways. But this man without a soul has met his match in a woman who's nothing but heart. Before long, passion will send them flying sky high without a safety net... risking it all in search of a love that will last forever.

Principles of Management Pearson Education ESL

The author, a computer science professor diagnosed with terminal cancer, explores his life, the lessons that he has learned, how he has worked to achieve his childhood dreams, and the effect of his diagnosis on him and his family.

Michele also

includes savory treats, like Classic Chewy Homemade Bagels and Authentic Soft Pretzels. Rediscover all your favorites, with this brilliant book of healthy, yummy and foolproof Paleo baking recipes!

Teacher's Edition and Lesson Planner CreateSpace

"The research is compelling: when teachers differentiate reading instruction, students learn more. But teachers are too often given the expectation of differentiation without the details on how to make it work. In *No More Reading Instruction Without Differentiation*, Debra Peterson and Lynn Bigelman offer an instructional framework that adapts instruction based on individual students needs and interests. Peterson unpacks the research that supports differentiated instruction. Then veteran school principal Bigelman shows how to implement differentiation using: Learning targets and performance tasks; student self-assessment; project-based learning; individual learning goals. Differentiation doesn't mean creating separate lesson plans for each student every day. Differentiation is responsive teaching that identifies what each student knows and can do and what can happen next to move that student forward in her learning. In this book, you'll find the tools and strategies to better meet the needs of the children in your classroom right now."--Publisher's description.

**The Startup Way** Anne Yang

What happens when a young Wall Street investment banker spends a small fortune to have lunch with Warren Buffett? He becomes a real value investor. In this fascinating inside story, Guy Spier details his career from Harvard MBA to hedge fund manager. But the path was not so straightforward. Spier reveals his transformation from a Gordon Gekko wannabe, driven by greed, to a sophisticated investor who enjoys success without selling his soul to the highest bidder. Spier's journey is similar to the thousands that flock to Wall Street every year with their shiny new diplomas, aiming to be King of Wall Street. Yet what Guy

realized just in the nick of time was that the King really lived 1,500 miles away in Omaha, Nebraska. Spier determinedly set out to create a new career in his own way. Along the way he learned some powerful lessons which include: Spier also reveals some of his own winning investment strategies, detailing deals that were winners but also what he learned from deals that went south. Part memoir, part Wall Street advice, and part how-to, Guy Spier takes readers on a ride through Wall Street--but, more importantly, provides those that want to take a different path with the insight, guidance, and inspiration they need to carve out their own definition of success.

**StrengthsFinder 2.0** Pearson Education India

This is a print on demand edition of a hard to find publication. The fact that the outcome of the 2006 Hezbollah-Israeli War was, at best, a stalemate for Israel has confounded military analysts. Long considered the most professional and powerful army in the Middle East, with a history of impressive military victories against its enemies, the Israeli Defense Forces (IDF) emerged from the campaign with its enemies undefeated and its prestige tarnished. This historical analysis of the war includes an examination of IDF and Hezbollah doctrine prior to the war, as well as an overview of the operational and tactical problems encountered by the IDF during the war. The IDF ground forces were tactically unprepared and untrained to fight against a determined Hezbollah force. ¿An insightful, comprehensive examination of the war.¿ Illustrations.

Summit Heinemann Educational Books

Top Notch , now in a Third Edition, is a dynamic communicative course that makes English unforgettable through multiple exposures to language and systematic, intensive recycling. Goals- and achievement-based lessons with can-do statements enable students to confirm their progress.
