How to Teach Grammar Pearson Education

Using a time-tested approach that has helped millions of students around the world, *Fundamentals of English Grammar* blends direct grammar instruction with carefully sequenced practice to develop speaking, writing, listening, and reading skills. The fifth edition has been extensively revised to keep pace with advances in theory and practice, particularly from cognitive science. Now more than ever, teachers will find an extensive range of presentations, activities, and tasks to meet the specific needs of their classes. New to This Edition * A pretest at the start of each chapter allows learners to assess what they already know and orient themselves to the chapter material. * Practice, spaced out over time, helps students learn better. Numerous exercises have been added to provide more incremental practice. * New charts and exercises show patterns to help learners make sense of the information. * Meaning-based practice is introduced at the sentence level. Students do not have to wait for longer passages

to work with meaning. * Frequent oral exercises encourage students to speak more naturally and fluidly. * Step-by-step writing activities promote written fluency. All end-of-chapter tasks include writing tips and editing checklists. * A wide range of contextualized exercises, frequently including life skills vocabulary, encourages authentic language use. * Updated grammar charts based on corpus research reflect current usage and highlight the differences between written and spoken English in formal and informal contexts. * The BlackBookBlog focuses on student success, cultural differences, and life-skills strategies. * End-of-the-chapter Learning Checks help students assess their learning. * A Pearson Practice English app with end-of-chapter learning checks, Student Book audio, and guided PowerPoint videos. * Revised MyEnglishLab for a fully blended program. Grammar Express is an intermediate to high-intermediate text that features four-page units that present and practice key grammar points. The text's concise, easy-to-follow format is organized into 76 thematic units featuring: A cartoon or piece of realia presenting the target grammar in a meaningful context to raise student interest and involvement. Clear grammar charts presenting the target grammar in all its forms. Quick, self-access activities allowing students to discover the target grammar and manipulate its forms before they start studying its uses. Concise grammar explanations and multiple examples focusing on the meaning and uses of the target grammar. Two full pages of controlled practice exercises, including fill-ins, matching, multiple choice, and writing/editing skill builders. In addition, the text features: Fifteen SelfTests (one at the end of each part) offering additional opportunities for review and practice. A complete Answer Key to all self-check activities, practice exercises, and SelfTests. A dual platform CD-ROM (for PC and Macintosh) contains additional editing practice for in-class or self-study. The exercises include sentence-level and paragraph-level error correction correlated to every grammar point in the Student Book. Grammar Express has self-contained units that may be used in any order with any grammar course. It may be used as a classroom text or as a self-study handbook. This two-volume series combines a concise, easy-to-follow format- two pages of presentation followed by two pages to practice - to quickly bring English language learners up to speed.

English writing is acknowledged as an essential skill for critical thinking, learning, and expression, and most EFL learners find themselves struggling when writing in English due to a lack of writing skills, content knowledge, writing strategies, intrinsic motivation, and fluency development practice. This edited volume, covering innovative approaches such as e-learning, strategy-based instruction, metacognitive training, a minimal grammar approach, writing assessment, and a genre-based approach, aims to innovate writing instruction in Chinese speaking regions, which has traditionally been characterized by rigid, teacher-centered, test-oriented approaches. We aim for this edited volume to provide theoretical underpinnings as well as contemporary practical advice related to EFL writing instruction for Chinese speakers.
