### The Darkness Series Collection:

**Volume 3** Createspace Independent Pub

This is by far the most exhaustive biography on Niels Stensen, anatomist, geologist and bishop, better known as "Nicolaus Steno". We learn about the scientist's family and background in Lutheran Denmark, of his teachers at home and abroad, of his studies and travels in the Netherlands, Belgium, France, Italy, Austria, Hungary, Bohemia and Germany, of his many pioneering achievements in anatomy and geology, of his encounters with Swammerdam, Malpighi and with members of the newly established Royal Society of London and the Accademia del Cimento in Florence, and with the philosopher Spinoza. It further treats Stensen's religious conversion. The book includes the full set of Steno's anatomical and geological scientific papers in original language. The editors thoroughly translated the original Latin text to English, and included numerous footnotes on the background of this bibliographic and scientific treasure from the 17th century.

*Monumental Java* Katie Reus

"In this publication, the combats of Roriça, Vimiero, and Coruña, and the character of Sir John Moore, have been entirely recomposed. The other battles and sieges are, with more or less compression of details, transcripts from the History of the Peninsula War." - from notice.

**Ancient Vendetta** Routledge

The first addictive novel in New York Times bestselling author Katie Reus's Moon Shifter series. Ana Cordona has been a strong leader for the lupine shifters who survived after all the males and most of the females in her pack were mysteriously poisoned. As tough as

she is, with no Alpha male, the pack is vulnerable to the devious shifter Sean Taggart, who wants to claim both their ranch and Ana as his own. When Connor Armstrong comes back into her life, promising protection, it's almost enough to make Ana forget how he walked out on her before—and reluctantly accept his offer to mate. The minute Connor sees Ana again, it reawakens a raw hunger. He must have her for his bondmate—his wolf cries out for it. But his human side knows he must proceed with caution because of their complicated past. If he is to truly have her body and soul, he must go beyond his burning desire and win back her heart. Whatever it takes, he is determined not to leave her side again. But Taggart and his rival pack are not their only enemies. A human element in town is targeting shifters. Their plan not only threatens Ana and Connor's future, but the lives of the entire pack...

Read the final book in the DARKNESS series as New York Times bestselling author Katie Reus wraps up this action-packed series with Darkness Rising, a National Readers Choice Award winner (paranormal category)! When a bringer of death... Awakened after millennia, dragon warrior Reaper is ready to fulfill his destiny...until he sees Greer. With one glimpse, everything Reaper has ever known throughout his very long life is irrevocably changed. Greer's his mate, he feels it in his blood, in his soul—but convincing her is another matter. The dragon clan healer finds him obnoxious and annoying, but he knows a woman's interest when he smells it. And Greer smells like one word: mine. Meets a giver of life... Greer has spent hundreds of years using her healing abilities for the good of others, making her the polar opposite of Reaper. The ferocious war general may be an ancient, but his arrogance proves he hasn't spent any of that time learning about women. Greer is displeased when her Alpha sends her to New Orleans with the insufferable warrior—then she sees him in action against a menace threatening to tear the city apart. Fierce, protective, magnificent...mate-worthy. Except he's hiding something from her. Something dark and devastating that could destroy their newly forged bond. Maybe opposites do attract, but if they want to live long enough to find out, they'll first have to save the world teetering on the

brink of obliteration. Length: NOVEL

Galileo's O, Volume III, is perhaps without peer in the history of the book. In this work, historians in various fields revise the results they presented in the first two volumes, which focused on the New York copy of Sidereus Nuncius, written in 1610. The analysis of this book was conceived as a uniquely multidisciplinary and cooperative undertaking, and many of its findings remain valid. Yet the subject of analysis proved to be the work of an international group of forgers. Volume III describes the chronology and methods by which the discovery of forgery was made – a veritable watershed moment in the continuing struggle between the ever-more refined methods of forgers and new methods used to apprehend them. Ultimately, the work also provides insight into the psychology of specialists who “research themselves” in order to prevent similar errors in the future.

 Love is Fear is the highly anticipated sequel to the Number One Fantasy Bestseller, Love is Darkness. After a lot of swearing and only a little nookie, Valerie Dearborn has decided to make a change. No more lusting after Lucas, the hot, but emotionless, vampire king who can't

commit. Instead she's going to make it work with Jack. After all, not only is he breathing, but he's the love of her life....Isn't he? Valerie is an Empath, with supernatural abilities that seem to do nothing more than give her the hots for Lucas. Once upon a time, Empath's had a purpose. They were ambassadors to the Others--Fey, Witches, Werewolves and Vampires. They could settle the emotions of a Werewolf and make Vampires feel again. But that was long ago. Lucas isn't about to let Valerie go. He needs her to help him find the Fey, last seen in the Colony of Roanoke, South Carolina, circa 1587. He still believes they are the key to restoring balance to the world and the only way to keep vampires under control. They won't trust him, but they will trust Val. Between Jack, Lucas and Rachel, Val knows life won't be dull. Nor will it be the normal, 2.5 kids kind of life she's always wanted. As their enemies close in, Val must ask herself what life is really about--trust, duty or mind-blowing orgasms? And even if she finds the answer, she may not live long enough to enjoy it. Please note--this novel is not YA and has lots of sass, swearing and sex. Not necessarily in that order.
