Studies on the reception of the classical tradition are an indispensable part of classical studies. Understanding the importance of ancient civilization means also studying how it was used subsequently. This kind of approach is still relatively rare in the field of Byzantine Studies. This volume, which is the result of the range of interests in (mostly) non-English-speaking research communities, takes an important step to filling this gap by investigating the place and dimensions of 'Byzantium after Byzantium'. This collection of essays uses the idea of 'reception-theory' and expands it to show how European societies after Byzantium have responded to both the reality, and the idea of Byzantine Civilisation. The authors discuss various forms of Byzantine influence in

the post-Byzantine world from architecture to literature to music to the place of Byzantium in modern political debates (e.g. in Russia). The intentional focus of the present volume is on those aspects of Byzantine reception less well-known to English-reading audiences, which accounts for the inclusion of Bulgarian, Czech, Polish and Russian perspectives. As a result this book shows that although so-called 'Byzantinism' is a pan-European phenomenon, it is made manifest in local/national versions. The volume brings together specialists from various countries, mainly Byzantinists, whose works focus not only on Byzantine Studies (that is history, literature and culture of the Byzantine Empire), but also on the influence of Byzantine culture on the world after the Fall of Constantinople.

Living Languages is simply bursting with practical and original ideas aimed at teachers and trainee teachers of foreign languages in primary schools. Written by a team of experienced linguists, this book will inspire and motivate the foreign language classroom and the teachers who work within it. Living Languages comprises eight chapters and is structured around the integrated classroom,

merging language learning with different aspects of the wider curriculum such as multimedia, performance, celebrations and festivals, creativity and alternative approaches to teaching languages. Downloadable resources are also included with the book containing additional teaching materials and the associated films and audio recordings which make this a fully-developed and effective teaching resource. Over 50 real-life case studies and projects are presented, all of which have been tried and tested in the classroom with several having won recent educational awards. Ideas and activities outlined in this unique resource include: Languages across the curriculum helping to cement cross-curricular links and embed new languages in different contexts linking subjects such as history, science, PE and mathematics with French, German and Spanish; Arts and crafts projects in Languages, making and doing, including making books, creating beach huts and cooking biscuits; Languages, celebrations and festivals projects including the German Christmas market, Spanish Day of the Dead, celebrating Mardi Gras and the European Day of Languages among many others; Continuing Professional Development to inspire primary teachers to continue their individual professional development. The chapter contains concrete examples of others'

experiences in this area and includes details of support organisations and practical opportunities. Each project is explored from the teachers' perspective with practical tips, lesson plans and reflections woven throughout the text such as what to budget, how to organise the pre-event period, how to evaluate the activity and whom to contact for further advice in each case. Activities and examples throughout are given in three languages – French, German and Spanish.

Caribbean Children's Literature, Volume 1 Routledge

Contributions by María V. Acevedo-Aquino, Consuella Bennett, Florencia V. Cornet, Stacy Ann Creech, Zeila Frade, Melissa García Vega, Ann González, Louise Hardwick, Barbara Lalla, Megan Jeanette Myers, Betsy Nies, Karen Sanderson-Cole, Karen Sands-O'Connor, Geraldine Elizabeth Skeete, and Aisha T. Spencer The world of Caribbean children's literature finds its roots in folktales and storytelling. As countries distanced themselves from former colonial powers post-1950s, the field has taken a new turn that emerges not just from writers within the region but also from those of its diaspora. Rich in language diversity and history, contemporary Caribbean children's literature offers a window into the ongoing representations of not only local realities but also the fantasies that structure the genre itself. Young adult literature entered the region in the 1970s, offering much-needed representations of teenage voices and concerns. With the growth of local competitions and publishing awards, the genre has gained momentum, providing a new field of scholarly analyses. Similarly, the field of picture books has also deepened. Caribbean Children's Literature, Volume 1: History, Pedagogy, and Publishing includes general coverage of children's literary history in the regions where the four major colonial powers have left their imprint; addresses intersections between pedagogy and children's literature in the Anglophone Caribbean; explores the challenges of producing and publishing picture books; and engages with local authors familiar with the terrain. Local writers come together to discuss writerly concerns and publishing challenges. In new interviews conducted for this volume, international authors Edwidge Danticat, Junot Díaz, and Olive Senior discuss their transition from writing for adults to creating picture books for children.

Here, for the first time, is a fully scrutinized text of Eliot's poems, carefully restoring accidental omissions and removing textual errors that have crept in over the full century in which Eliot has been so frequently printed and reprinted. The edition also presents many poems from Eliot's youth which were published only decades later, as well as others that saw only private circulation in his lifetime, of which dozens are collected for the first time. The first volume respects Eliot's decisions by opening with his Collected Poems 1909-1962 in the form in which he issued it, shortly before his death fifty years ago. There follow in this first volume the uncollected poems from his youth that he had chosen to publish, along with such other poems as could be considered suitable for

publication. The Poems of T. S. Eliot is a work of enlightening scholarship that will delight and inform all those who read Eliot for pleasure, as well as all those who read with pleasure and for study. Here are a new accuracy and an unparalleled insight into the marvels and landmarks from The Love Song of J. Alfred Prufrock and The Waste Land through to Four Quartets.

The French Piano Character Piece of the Nineteenth and Early Twentieth Centuries Routledge Fictions of Childhood analyzes identity from the perspective of child/adolescent narrators and protagonists using the works of Nina Bouraoui, Linda Lê, and Gisèle Pineau. This theme is studied in French narratives that bring to the fore questions of the power imbalances in both the sociological context of the family and the larger geopolitical context of French colonialism.

Saturday Review Routledge

This volume examines the ways in which multilingual women authors incorporate several languages into their life writing. It compares the work of six contemporary authors who write predominantly in French. It analyses the narrative strategies they develop to incorporate more than one language into their life writing: French and English, French and Creole, or French and German, for example. The book demonstrates how women writers transform languages to invent new linguistic formations and how they create new formulations of subjectivity within their self-narrative. It intervenes in current debates over global literature, national literatures and translingual and transnational writing, which constitute major areas of research in literary and cultural studies. It also contributes to debates in linguistics through its theoretical framework of translanguaging. It argues that multilingual authors create new paradigms for life writing and that they question our understanding of categories such as "French literature."

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of *Las Mariposas*—the *Butterflies*. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred *Butterflies* live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez classic is a must-read for anyone of Latinx descent." —Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

This volume investigates how teaching practices can address the changing status of literature in the French classroom. Focusing on how women writing in French are changing the face of French Studies, opening the canon to not only new approaches to gender but to genre, expanding interdisciplinary studies and aiding scholars to rethink the teaching of literature, each chapter provides concrete strategies useful to a wide variety of classrooms and institutional contexts. Essays address how to bring French Studies and women's and gender studies into the twenty-first century through intersections of autobiography, gender issues and technology; ways to introduce beginning and intermediate students to the rich diversity of women writing in French; strategies for teaching postcolonial writing and literary theory; and interdisciplinary approaches to expand our student audiences in the United States, Canada, or abroad. In short, revisiting how we teach, why we teach, and what we teach through the prism of women's texts and lives while raising issues that affect cisgender women of the Hexagon, queer and other-gendered women, immigrants and residents of the postcolony attracts more openly diverse students. Whether new to the profession or seasoned educators, faculty will find new ideas to invigorate and diversify their pedagogical approaches.

The sublime is confused with the ridiculous in this savage commentary on the human condition, a staple of every theatre classroom and 20th century drama. A small town is besieged by one roaring citizen who becomes a rhinoceros and proceeds to trample on the social order. As more citizens are transformed into rhinoceroses, the trampling becomes overwhelming, and more and more citizens become rhinoceroses. One sane man, Berenger, remains, unable to change his form and identity.
