Bookkeeping Basics No trained bookkeeper on staff? No problem. Many nonprofits don't have a trained bookkeeper on staff. This crucial function goes to whoever has the time and the willingness to do it. Lack of accounting training or background is not only

frustrating for the individual, but also potentially risky for the nonprofit. Bookkeeping Basics will enable you to successfully meet the basic bookkeeping requirements of your organization. It gives you the knowledge and skills to track the financial activity of your nonprofit in a way that brings order out of chaos, safeguards the organization's assets, and provides useful information for making sound decisions. Clearly defines what you most need to know In plain language, the book explains concepts and processes you most need to know, including: single- versus double-entry bookkeeping; cash versus accrual basis accounting; posting financial transactions; keeping a "paper trail" of source documents; preparing a trial balance; creating financial

statements; establishing internal controls; preparing for your annual audit; and closing out your fiscal year. Step-by-step instructions, clear definitions of terms, and detailed examples help you put concepts into actions. Reproducible forms include an accounts payable register, accounts receivable register, accounts receivable register, general ledger, financial summary form, grant tracking form, internal controls activity flow chart, and an audit preparation checklist. Bottom line: If you're the bookkeeper for your nonprofit—by choice or default—this book is for you! *The Simplified Guide to Not-for-Profit Accounting, Formation, and Reporting* John Wiley & Sons What every not-for-profit must know about accounting, tax, and reporting

requirements In the challenging world of not-for-profit management, executives are held responsible for virtually every aspect of their organization's activities, such as legal issues, marketing, lobbying, editorial, membership operations, budgeting, and, of course, finance. For one person to be an authority in every area, however, is virtually impossible. Completely revised and expanded, the Fourth Edition of this invaluable tool is useful as a guide to nonprofit accountants, financial managers, and executives new to the area of financial management. Addressing the accounting, internal control, and office administration issues that confront executives in nonprofit organizations, this book: * Helps professionals develop formal policies in

accounting and finance * Shows how to strengthen an organization's financial procedures while assuring board members that they are meeting fiduciary responsibilities * Provides more than 200 sample policies and forms both in the book and on the accompanying Web site offering downloadable and customizable versions of those forms * Covers major topics including accounting and financial policies, office administration policies, and internal control and risk reduction policies * Contains dozens of new model accounting and financial policies and forms, covering Sarbanes-Oxley issues, codes of ethics, identity theft, fraud, binding arbitrations, compensation committees, new bank rules, fiduciary obligations of board members, and many more topics Model Policies and

Procedures for Not-for-Profit Organizations, Fourth Edition offers provocative strategies for financial management and serves as a road map to sound fiscal and organizational structure for nonprofit organizations.

Your hands-on guide to keeping great records and keeping your nonprofit running smoothly Need to get your nonprofit books in order? This practical guide has everything you need to know to operate your nonprofit according to generally accepted accounting principles (GAAP) — from documenting transactions and budgeting to filing taxes, preparing financial statements,

and much more. You'll see how to stay organized, keep records, and be prepared for an audit. Begin with the basics — understand common financial terms, choose your accounting methods, and work with financial statements

Balance your nonprofit books — set up a chart of accounts, record transactions, plan your budget, and balance your cash flow

Get the 4-1-1 on federal grants — find grants and apply for them, track and account for federal dollars, and prepare for a grant audit

Stay in good standing with Uncle Sam — set up payroll accounts for employees, calculate taxes and deductions, and complete tax forms

Close out your books — prepare the necessary financial statements, know which accounts to close, and prepare for the next accounting cycle

Know what to

do if you get audited — form an internal audit committee, follow IRS rules of engagement, and keep an immaculate paper trail

Open the book and find:

- The difference between bookkeeping and accounting
- How to maintain a manual or computer record-keeping system
- Ten vital things to know when keeping the books
- Do's and don'ts of managing federal grant money
- How to prepare for an audit of your financial statements
- IRS Form 990 good practices
- The most common errors found during nonprofit audits
- How to figure out employee payroll deductions and taxes

Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either

QuickBooks or church accounting, not both. Lisa London, The Accountant Beside You, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and

procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let The Accountant Beside You take one more worry off your crowded to-do list.

QuickBooks 2016 Crisp Pub Incorporated Nonprofit accounting can be difficult for small not-for-profit organizations. Lisa London, CPA, takes readers step by step through how to set up a bookkeeping system, how to navigate the IRS rules and regulations around donor acknowledgments, accountable

reimbursement plans, and how to file payroll and other annual reports. Unrelated Business Income Tax (UBIT) is explained in detail and Lisa also steps the reader through filing out the 990 EZ and the 990 T forms.

scheduled for hardcover Sponsored by CompassPoint Nonprofit Services, formerly known as the Support Center for Nonprofit Management/Nonprofit Development Center Nothing can be more important to an organization's health and success than the quality of its financial reporting. This comprehensive guide is for all nonprofits that are required to comply with financial reporting standards set by the IRS and thirty-five state charity regulators (Form 990), FASB and AICPA (GAAP), grantmakers, and the like. It shows how to unify financial reporting requirements without compromising the organization's accuracy and accountability. Authors Russy D. Sumariwalla and Wilson C. Levis combine over fifty years of experience in nonprofit accounting and

reporting to describe the key elements of a unified financial reporting system. They also draw valuable lessons from a three-year project formed to improve the quality of reporting on IRS Form 990 and to strengthen public accountability. Known as "990 in 2000," this sectorwide project involved the IRS, the National Association of Attorneys General, the National Association of State Charity Officials, the Greater Washington Society of CPAs, the California Society of CPAs, the National Health Council, the United Way of America, and other organizations. Armed with the latest information, the authors discuss a unified chart of accounts, activity-level accounting, cost allocation, and computerization. They also explore ways of unifying internal and external financial

reports, including GAAP statements, grant reports, and others. This guide offers a powerful resource section including information on various appendices program service reporting, government regulation, voluntary standards expert review groups, and more.
