Ayurvedic Medicine represents the healing branch of yogic science, while Vedic astrology provides its understanding of time and karma. Ayurvedic Astrology teaches the interface of these two extraordinary systems in the Vedic astrology of healing. The book explains how the different mind-body and planetary types of the two systems interrelate. It examines disease factors from an astrological perspective and goes into depth into astrological remedial measures, particularly gem therapy. It also contains many notable example charts.

Hindu Rites and Rituals MDPI

In the aftermath of the 2016 presidential election, many Americans questioned how to respond to the results and the deep divisions in our country exposed by the campaign. Many people of

faith turned to their religious communities for guidance and support. Many looked for ways to take action. In November 2016, biblical scholar Andrea L. Weiss and graphic designer Lisa M. Weinberger teamed up to create an innovative response: a national nonpartisan campaign that used letters and social media to highlight core American values connected to our diverse religious traditions. *American Values, Religious Voices: 100 Days, 100 Letters* is a collection of letters written by some of America's most accomplished and thoughtful scholars of religion during the first 100 days of the Trump presidency. While the letters are addressed to the president, vice president, and members of the 115th Congress and Trump administration, they speak to a broad audience of Americans looking for wisdom and encouragement at this tumultuous time in our nation's history. This unique volume assembles the 100 letters, plus four new supplemental essays and many of the graphic illustrations that enhanced the campaign. Published near the midway point of the Trump presidency, this book showcases a wide range of ancient sacred texts that pertain to our most pressing contemporary issues. At a time of great division in our country, this post-election project models how people of different backgrounds can listen to and learn from one another. The letters offer insight and inspiration, reminding us of the enduring values that make our nation great. The Divine and the Demonic Bharatiya Vidya Bhavan

Die heilige Silbe OM gilt als Urschwingung des Universums, Symbol göttlicher Schöpfungskraft und wichtigster Schlüssel zur Meditation. Wie nur wenige andere Klänge ermöglicht sie es, mit unserem innersten Selbst in Kontakt zu treten und uns in tiefen Schichten zu transformieren. Aus dieser Erkenntnis hat der renommierte spirituelle Lehrer und Ayurvedaarzt Dr. Shri Balaji També ein umfassendes Programm zur Harmonisierung von Körper, Geist und Seele entwickelt. Es kombiniert ebenso einfache wie hochwirksame Heiltechniken aus dem alten Indien, die für die Bedürfnisse des 21. Jahrhunderts neu aufbereitet wurden: Mantras, OM- und Feuer-Meditationen, Yoga-Energieübungen sowie Yoga Nidra für erholsamen Schlaf. Zentrales Element ist dabei das altindische Sanskrit – eine »biologische« Sprache, mit

der wir unser Gehirn neu programmieren und sein Potenzial freisetzen können. Wer regelmäßig praktiziert, wird mit innerer Ruhe, ganzheitlichem Wohlbefinden und spirituellem Wachstum belohnt. Living Mantra ist eine Anthropologie der Mantra-Erfahrung unter hinduistisch-tantrischen Praktizierenden. In alten indischen Lehren und Legenden rufen Mantras, die von Rishis (Sehern) wahrgenommen werden, Gottheiten an und haben transformative Kräfte. Mit einer Methodik, die Wissenschaft und Praxis verbindet, entdeckt Mani Rao eine fortdauernde Tradition von Visionären (Rishis/Sehern) und Offenbarungen im südindischen Bundesstaat Andhra-Telangana. Das tiefgründig recherchierte und mit faszinierenden Erzählungen gespickte Buch formuliert die Poetik der Mantra-Praxis neu, während es gleichzeitig praktische Fragen erforscht. Kann man wissen, ob eine Vision real oder eingebildet ist? Ist eine Vision visuell? Werden Gottheitsvisionen durch die Kultur vermittelt? Wenn Mantras wirksam sind, welche Rolle spielt dann die Hingabe? Sind Mantras Sprache? Living Mantra stellt nicht nur theoretische Fragen, sondern auch solche, die sich ein Praktizierender stellen würde: Wie wählt man zum Beispiel eine Gottheit aus oder was bindet einen an einen Guru? Rao betritt Neuland, indem er die Aufmerksamkeit auf die Momente lenkt, die der Systematisierung und Kanonbildung vorausgehen, und zeigt, wie autoritative Quellen entstehen.

"This book is essential for all interested in affirmative action, social policy or Karnataka." --Indian Economic and Social History Review A case study for any scholar of public administration, Power Politics and Social Justice succinctly analyzes the political process which undermined the reservation policy for economically and socially disadvantage groups in Karnataka. It highlights distortions which emerged as a result of the manipulative tactics of this region's self-interest caste groups and the implementation of their reservation policy. Thimmaiah divides the backward class movement of the state into four phases, thus dealing with this movement both before and after independence. In addition, Power Politics and Social Justice presents an alternative reservation policy which is based on objective criteria and which

contains checks and balances to ensure that only deserving people receive benefits. Scholars of political science, history, sociology, public administration, and economics will appreciate the study presented by Thimmaiah in Power Politics and Social Justice. "The book is rich in materials....This work is a welcome addition to growing literature on reservations."

Why is the tulsi considered sacred? What is the significance of namaste? Why do Hindus light a lamp before performing a ritual? Why is it forbidden to sleep facing the south? Why do Hindus chant 'shanti' three times after performing a rite? Millions of Hindus the world over grow up observing rites, rituals and religious practices that lie at the heart of Hinduism, but which they don't know the significance of. Often the age-old customs, whose relevance is lost to modern times, are dismissed as meaningless superstitions. This handy book tells the fascinating stories and explains the science behind the Hindu rites and rituals that we sometimes follow blindly. It is essential reading for anyone interested in India's cultural tradition.
