every presentation activist and writer Mia Birdsong gives to executives, think tanks, and policy makers, one of those leaders quietly confesses how much they long for the profound community she describes. They have family, friends, and colleagues, yet they still feel like they're standing alone. They're "winning" at the American Dream, but they're lonely, disconnected, and

unsatisfied. It seems counterintuitive that living the "good life"--the well-paying job, the nuclear family, the upward mobility--can make us feel isolated and unhappy. But in a divided America, where only a quarter of us know our neighbors and everyone is either a winner or a loser, we've forgotten the key element that helped us make progress in the first place: community. In this

provocative, groundbreaking work, Mia Birdsong shows that what separates us isn't only the ever-present injustices built around race, class, gender, values, and beliefs, but also our denial of our interdependence and need for belonging. In response to the fear and discomfort we feel, we've built walls, and instead of leaning on each other, we find ourselves leaning on concrete. Through

research, interviews, and stories of lived experience, *How We Show Up* returns us to our inherent connectedness where we find strength, safety, and support in vulnerability and generosity, in asking for help, and in being accountable. Showing up--literally and figuratively--points us toward the promise of our collective vitality and leads us to the liberated well-being we all

want.

This fresh, inspiring call to community and connection from an entrepreneur and leader is perfect for anyone feeling alone and ready to set off on a journey to true belonging. Many of us feel more alone than ever despite living in the most connected society in human history. We need to belong in the same way that we need oxygen—our physical

bodies require it. We perform better and have greater successes as individuals when we are connected to the collective. Join author Natalie Franke as she shares her story of longing for connection in the chaos and lessons learned on her journey to true belonging. Together we'll uncover how to: Kick scroll-induced jealousy to the curb and transform the way that social media makes you feel about

yourself and others  
Overcome loneliness by finding your people and cultivating true community in your personal and professional world Strike the balance between camaraderie and competition so that you can live a deeply fulfilled and joyful life  
Human beings are not highlight reels—we're done fanning the flames of comparison, drowning in our insecurities,

and being pitted against one another. We're saying no to the endless rat race of getting ahead and goodbye to the narratives that leave us feeling left out and alone. We are destined for something better. We're made for so much more. Because knit into the fabric of our DNA, we were Built to Belong. I Don't Belong to You Simon and Schuster An extraordinarily beautiful novel-in-verse, this important debut weaves

a dramatic immigrant story together with Pilipino mythology to create something wholly new. Stella and Luna know that their mama, Elsie, came from the Philippines when she was a child, but they don't know much else. So one night they ask her to tell them her story. As they get ready for bed, their mama spins two tales: that of her youth as a strong-willed middle child and immigrant;

and that of the young life of Mayari, the mythical daughter of a god. Both are tales of sisterhood and motherhood, and of the difficult experience of trying to fit into a new culture, and having to fight for a home and acceptance. Glorious and layered, this is a portrait of family and strength for the ages. *Where I Belong* Berrett-Koehler Publishers \* Winner of the National

Nora Krug was born decades after the fall of the Nazi regime, but the Second World War cast a long shadow over her childhood and youth in the city of Karlsruhe, Germany. Yet she knew little about her own family’s involvement; though all four grandparents lived through the war, they never spoke of it. After twelve years in the US, Krug realizes that</p>	<p>living abroad has only intensified her need to ask the questions she didn’t dare to as a child. Returning to Germany, she visits archives, conducts research, and interviews family members, uncovering in the process the stories of her maternal grandfather, a driving teacher in Karlsruhe during the war, and her father’s brother Franz-Karl, who died as a teenage SS soldier. In this</p>

extraordinary quest, “Krug erases the boundaries between comics, scrapbooking, and collage as she endeavors to make sense of 20th-century history, the Holocaust, her German heritage, and her family's place in it all” (The Boston Globe). A highly inventive, “thoughtful, engrossing” (Minneapolis Star-Tribune) graphic memoir, *Belonging* “packs the power of Alison

Bechdel’s *Fun Home* and David Small’s *Stitches*” (NPR.org). *This Is Where You Belong* Random House Books for Young Readers “Belonging has been a formative struggle for me. Like most people with marginalized identities, my experience has taught me that it's hard to be yourself and feel like you belong in a culture that is hostile to your existence. That's why my body of work as a scientist,

author, professor, speaker, and advocate for body liberation always comes back to the impact of belonging or not belonging. Radical Belonging is my manifesto, helping us heal from the individual and collective trauma of injustice and support our transition from a culture of othering to one of belonging.” —Lindo Bacon  
Too many of us feel alienated from our bodies. This isn't your

personal failing; it means that our culture is failing you. We are in the midst of a cultural moment. #MeToo. #BlackLivesMatter. #TransIsBeautiful. #AbleismExists. #EffYourBeautyStandards. Those of us who don't fit into the "mythical norm" (white, male, cisgender, able-bodied, slender, Christian, etc.)—which is to say, most of us—are demanding

our basic right: To know that who we are matters. To belong. Being "othered" and the body shame it spurs is not "just" a feeling. Being erased and devalued impacts our ability to regulate our emotions, our relationships with others, our health and longevity, our finances, our ability to realize dreams, and whether we will be accepted, loved, or even safe. Radical Belonging is not a simple

self-love treatise. Focusing only on self-love ignores the important fact that we have negative experiences because our culture has targeted certain bodies and people for abuse or alienation. For marginalized people, a focus on self-love can be a spoonful of sugar that makes the oppression go down. This groundbreaking book goes further, helping us to manage the challenges that stem

from oppression and moving beyond self-love and into belonging. With Lindo Bacon's signature blend of science and storytelling, *Radical Belonging* addresses the political, sociological, psychological and biological underpinnings of your experiences, helping you understand that the alienation and pain you are experiencing is not personal, but human. The problem is in

injustice, not you as an individual. So many of us feel wounded by a culture that has alienated us from our bodies and divided us from each other. *Radical Belonging* provides strategies to reckon with the trauma of injustice; reclaim yourself, body and soul; and rewire your nervous system to better cope within an unjust world. It also provides strategies to help us all

provide refuge for one another and create a culture of equity and empathy, one that respects, includes, and benefits from all its diverse peoples. Whether you are transgender, queer, Black, Indigenous or a Person of Color, disabled, old, or fat—or your more closely resemble the "mythical norm"—*Radical Belonging* is your guidebook for creating a world where all bodies are valued and all

of us  
belong—and  
for coping  
with this one,  
until we make  
that new  
world a  
reality.

Winner of the Ernest J. Bump’s meditation on belonging and not belonging, where or with whom, how love is a way home no

matter where you are, is handled so beautifully that you don’t know he’s hypnotized you until he’s done.”  
—Tommy Orange, The New York Times Book Review In this alternately witty and heartbreaking debut novel, Gabriel Bump gives us an unforgettable protagonist, Claude McKay Love. Claude isn’t dangerous or brilliant—he’s an average kid coping with abandonment, violence, riots,

failed love, and societal pressures as he steers his way past the signposts of youth: childhood friendships, basketball tryouts, first love, first heartbreak, picking a college, moving away from home. Claude just wants a place where he can fit. As a young black man born on the South Side of Chicago, he is raised by his civil rights-era grandmother, who tries to shape him into a principled

actor for change; yet when riots consume his neighborhood, he hesitates to take sides, unwilling to let race define his life. He decides to escape Chicago for another place, to go to college, to find a new identity, to leave the pressure cooker of his hometown behind. But as he discovers, he cannot; there is no safe haven for a young black man in this time and place called America.

Percolating with fierceness and originality, attuned to the ironies inherent in our twenty-first-century landscape, Everywhere You Don't Belong marks the arrival of a brilliant young talent.

Daring Greatly, and *The Gifts of Imperfection* Don't miss the five-part Max docuseries Brené Brown: Atlas of the Heart! "True belonging doesn't require us to change who we are. It requires us to be who we are." Social scientist Brené Brown, PhD, MSW, has sparked a global conversation about the experiences that bring meaning to our lives—experiences of courage,

vulnerability, love, belonging, shame, and empathy. In *Braving the Wilderness*, Brown redefines what it means to truly belong in an age of increased polarization. With her trademark mix of research, storytelling, and honesty, Brown will again change the cultural conversation while mapping a clear path to true belonging. Brown argues that we're experiencing a spiritual crisis of

disconnection,  
and  
introduces  
four practices  
of true  
belonging that  
challenge  
everything we  
believe about  
ourselves and  
each other.  
She writes,  
“True  
belonging  
requires us to  
believe in and  
belong to  
ourselves so  
fully that we  
can find  
sacredness  
both in being  
a part of  
something  
and in  
standing alone  
when  
necessary. But  
in a culture  
that’s rife with  
perfectionism  
and pleasing,

and with the  
erosion of  
civility, it’s  
easy to stay  
quiet, hide in  
our ideological  
bunkers, or fit  
in rather than  
show up as  
our true  
selves and  
brave the  
wilderness of  
uncertainty  
and criticism.  
But true  
belonging is  
not something  
we negotiate  
or accomplish  
with others;  
it’s a daily  
practice that  
demands  
integrity and  
authenticity.  
It’s a personal  
commitment  
that we carry  
in our hearts.”  
Brown offers  
us the clarity

and courage  
we need to  
find our way  
back to  
ourselves and  
to each other.  
And that path  
cuts right  
through the  
wilderness.  
Brown writes,  
“The  
wilderness is  
an untamed,  
unpredictable  
place of  
solitude and  
searching. It is  
a place as  
dangerous as  
it is  
breathtaking,  
a place as  
sought after  
as it is feared.  
But it turns  
out to be the  
place of true  
belonging,  
and it’s the  
bravest and  
most sacred

place you will ever stand.”

 In the spirit of Gretchen Rubin's megaseller The Happiness Project and Eric Weiner's The Geography of Bliss, a journalist embarks on a project to discover what it takes to love where you live. The average restless American will move 11.7 times in a lifetime. For Melody Warnick, it was move #6, from Austin, Texas, to Blacksburg, Virginia, that threatened to unhinge her. In the lonely aftermath of unpacking, she wondered: Aren't we supposed to put down roots at some point? How does the place we live become the place we want to stay? This time, she had an epiphany. Rather than hold her breath and hope this new town would be her family's perfect fit, she would figure out how to fall in love with it—no matter what. How we come to feel at home in our towns and cities is what Warnick sets out to discover in This Is Where You Belong. She dives into the body of research around place attachment—the deep sense of connection that binds some of us to our cities and increases our physical and emotional well-being—then travels to towns across America to see it in action. Inspired by a growing movement of placemaking, she examines what its

practitioners are doing to create likeable locales. She also speaks with frequent movers and loyal stayers around the country to learn what draws highly mobile Americans to a new city, and what makes us stay. The best ideas she imports to her adopted hometown of Blacksburg for a series of Love Where You Live experiments designed to make her feel more locally connected. Dining with

her neighbors. Shopping Small Business Saturday. Marching in the town Christmas parade. Can these efforts make a halfhearted resident happier? Will Blacksburg be the place she finally stays? What Warnick learns will inspire you to embrace your own community—and perhaps discover that the place where you live right now . . . is home. **We All Belong (Sesame**
