 India will just be a mere geography without its religious and spiritual ethos combined with moral values and civilization. If Bharat is known for its spiritual accomplishments and philosophical roots, one has to gratefully acknowledge the role played by its hallowed places of worship, holy rivers and magnificent mountain ranges which have inspired people for thousands of years. In particular, temples contributed in no small measure to Bharat's spiritual enlightenment, serving as a beacon to the rest of humanity. Every temple in this holy land has a story to tell, a legend to elevate our spirits and is a sacred space for all of us to experience inner joy. One can find the contribution of so many saints and rishis who devoted their entire life to many places of worship. In olden days, temples served as a great center for enriching all facets of human life—be it spiritual training or yoga; be it education; be it poetry and literature; be it

fine arts and sculpture. There are thousands of fascinating temples, with great historical and spiritual backgrounds, spread all over the country. These temples can be divided into many groups, finding mention in innumerable scriptures. Which are they? Where are they located? This book is an attempt to collect and curate and tabulate information in brief which will certainly answer some of the queries a prospective yatri may have. All the information in the book was collated after personal visits to these places by author.

In this book, "The Incredible Temple and Sanatan Sanskriti" author has endeavoured to focus on the Hindu temples of Karnataka, Tamil Nādu, Kerala & Odisha. They are amongst the most ancient, architectural, archaeological and heritage temples. These are eminently known for huge statutes, Mandapas, Towering super structures, Gopuram etc. They all Glorify Hindu Culture and scriptures viz. Puranas, Itihas, Vedas etc. The stories given there are vividly captured on more than life size carvings made from sandstone, soapstone, granite etc. One is awe struck how our ancestors created such masterpieces, with now considered, primitive tools and implements. This book is a tribute to our great forefathers who through their skills, dedication and pains taking labour over the centuries created such poetry in stone.

Hindu theology views rivers as goddesses who confer blessings and spiritual purification and their release from the grip of the demon of drought is a recurring theme in the mythology. India is a country blessed with many rivers, but of these, seven are considered to be particularly important. Known collectively as Saptaganga, Sapta Sindhu or Saptapunyaadi, the Ganges, Yamuna, Sindhu, Sarasvati, Godavari, Narmada and Kaveri rivers are invoked at the start of every ritual. They weave through sacred narratives about gods, sages and heroes and define the physical, spiritual and cultural landscape of Bharatavarsha.

For many centuries, Hindus have taken it for granted that the religious images they place in temples and home shrines for purposes of worship are alive. Hindu priests bring them to life through a complex ritual "establishment" that invokes the god or goddess into material support. Priests and devotees then maintain the enlivened image as a divine person through ongoing liturgical activity: they must awaken it in the morning, bathe it, dress it, feed it, entertain it, praise it, and eventually put it to bed at night. In this linked series of case studies of Hindu religious objects, Richard Davis argues that in some sense these believers are correct: through ongoing interactions with humans, religious objects are brought to life. Davis draws largely on reader-response literary theory and anthropological approaches to the study of objects in society in order to trace the biographies of Indian religious images over many centuries. He shows that Hindu priests and worshipers are not the only ones to enliven images. Bringing with them differing religious assumptions, political agendas, and economic motivations, others may animate the very same objects as icons of sovereignty, as polytheistic "idols," as "devils," as potentially lucrative commodities, as objects of sculptural art, or as symbols for a whole range of new meanings never foreseen by the images' makers or original worshipers.

Furthermore, there are limited studies of the history, thought, and literature of middle India. Lavanya Vemsani redresses this by exploring a range of primary sources, including classical Sanskrit texts (puranas and epics), and regional accounts (sthalapuranas), which include texts, artistic compositions, and oral folk stories in the regional languages of Telugu, Oriya, and Kannada. She also examines the historical context as well as contemporary practice. Moving beyond the stereotypical classifications applied to sources of Hinduism, this unique study dedicates chapters to each region of middle India bringing together literary, religious, and cultural practices to comprehensively understand the religion of Middle India (Madhya Desha). Incorporating lived religion and textual data, this book offers a rich contribution to Hindu studies and Indian studies in general, and Vaishnava Studies and regional Hinduism in particular.

Sri Narasimha Swamiji was a lively, energetic and studious child brought up in a deeply religious and generous atmosphere. Later, he became a leading lawyer, politician and a person of social eminence. A tragedy in the family acted as a turning point, as he left the warmth and security of his home. His quest lasted for more than eleven years until he went to Shirdi to obtain a 'darshan' of Sai Baba's samadhi. It was that historic day, 29th August 1936, which changed the course of his life. Sai Baba took possession of Narasimha Swamiji. He became an evangelist and spread the message of Sai Baba all over the country. As long as Sai Baba's name is there in this universe, Narasimha Swamiji will be remembered, with reverence and faith.
