Professional Governance for Nursing: The Framework for Accountability, Engagement, and Excellence Lippincott Williams & Wilkins

Nurses are professionally accountable to improve the health of patients and populations alike. Sustaining behavioral change is impossible unless structural change enables it. A common professional framework is needed in all practice settings to formalize the voice of nurse's ownership and accountability for practice decision-making related to clinical problems and solutions, forming practice policy, and pursuing solutions affecting health outcomes and advancing the quality of healthcare. Published in partnership with AONL, *Professional Governance for Nursing: The Framework for Accountability, Engagement, and Excellence* expertly covers concepts, roles, application, and demonstration of professional governance that facilitates the nurse's role in advancing the impact and value of nursing care across all health settings. This nursing book informs and

deepens understanding of the centrality of nursing professional governance in addressing contemporary issues affecting nursing practice.
