It is said that every person has to face difficult situations in his life, some people give in to such difficult situations and some people bravely face the difficult situations in their life. When it comes to a man, people speak openly about him and praise him openly. But when a woman faces difficult situations in her life, she is not able to express her troubles to anyone. No one understands her problems nor does anyone put a hand on her shoulder to encourage her. But despite this, the woman ignores all her troubles and forgets all her sorrows and smiles.
