The much-loved Roald Dahl collection of hilarious animal rhymes, updated for a whole new generation of readers with an exciting new interior design and cover look. A collection of (mainly) grisly beasts out for human blood, ranging

from Crocky-Wock the crocodile to Stingaling the scorpion. Described in verse with all Dahl's usual gusto and illustrated in suitably lurid style by Quentin Blake. Exciting, bold and instantly recognisable with Quentin Blake's inimitable artwork.

 Esta publicación recoge las ponencias plenarias y las comunicaciones presentadas y leídas en el VII Simposio Internacional de la SEDLL, que con el título Canon, literatura infantil y juvenil y otras literaturas, fue asumido por la Universidad de Castilla-La Mancha y se celebró en Ciudad Real, en diciembre de 2001. Aparecen aquí recogidas también las actividades relacionadas con los estudios mencionadas arriba: talleres y seminarios que suscitaron provechosas

discusiones, sugerencias y debates. Como dice Alfredo Rodríguez López-Vázquez en la Presentación: La celebración del VII Simposio con su doble concreción en el título, del objeto de estudio, y de su relación con el canon, ha venido a representar un hito importante. Este Simposio pretendía, ya desde su diseño por parte del Comité Científico, un nuevo planteamiento de orientaciones críticas y metodológicas en el ámbito de la educación y de la investigación en torno a la literatura que leen los niños y los jóvenes de hoy en día en el contexto de la sociedad tecnológica moderna. Creemos que esta publicación permite afirmar que se ha cumplido con los objetivos previstos para cada una de las áreas temáticas.

The purpose of this guide is to pass on to new teachers the keys to opening the school year successfully. Providing assistance in planning for the first two weeks of school, and offering a wide assortment of activities from which to choose, the text guides the teacher in using the first month of school as a foundation for creating a rich learning environment for the rest of the year. What the teacher must know about classroom management, the first day of school, student assessment, and parent

communications are covered in detail. The authors also offer an approach to long-term planning (used in establishing the appropriate standards-based context for daily activities) and provide short term, minute by minute planning guides

as well. Incorporating the input of many new and veteran teachers, Key to the Classroom's second edition offers greater detail and a more expanded format than the popular original text.
