### Bug in a Vacuum SED

This heartwarming book encourages positive behavior by using the concept of an invisible bucket to show children how easy and rewarding it is to express kindness, appreciation and love by "filling buckets." Updated and revised, this 10th anniversary edition will help readers better understand that "bucket dipping" is a negative behavior, not a permanent label. It also explains that it's possible to fill or dip into our own buckets.

*Monster Gets a Job* Little, Brown Books for Young Readers

Little Smudge is lonely. Mummy Smudge asks why Little Smudge is all alone in the corner. Why can't Little Smudge go and find some friends? But when Little Smudge eventually finds the other colourful shapes, like Little Square and Little Triangle, they don't want to play with Little Smudge. That is, until they see all the amazing shapes Little Smudge can form, and just how different a smudge can be...

*Help! We Need a Title!* Bucket Fillers Incorporated

How the camel got his lump, how the leopard got his spots, and 10 other stories are told.

*The Big Book of Superpowers* HarperCollins

Daniel is raised as an invalid in isolation by his mother until the day she is removed to an asylum and Daniel is taken to live with the doctor's family. Soon Daniel begins to uncover secrets about his mother's dark family history, and a sinister doll seems to be at the centre of the mystery. First person recount. Suggested level: intermediate, secondary.

*Little Smudge* Houghton Mifflin Harcourt

Six starred reviews! A bold and irreverent YA novel that powerfully reminds us that there are many different types of remarkable, *The Rest of Just Live Here* is from novelist Patrick Ness, author of the Carnegie Medal- and Kate Greenaway Medal-winning *A Monster Calls* and the critically acclaimed *Chaos Walking* trilogy. What if you aren't the Chosen One? The one who's supposed to fight the zombies, or the soul-eating ghosts, or

whatever the heck this new thing is, with the blue lights and the death? What if you're like Mikey? Who just wants to graduate and go to prom and maybe finally work up the courage to ask Henna out before someone goes and blows up the high school. Again. Because sometimes there are problems bigger than this week's end of the world, and sometimes you just have to find the extraordinary in your ordinary life. Even if your best friend is worshipped by mountain lions. Superheroes have superpowers, abilities like strength or invisibility or flight. But did you know that ordinary kids have superpowers too? From dancing to reading to persistence and optimism, all of us have a superpower that makes us special and unique, a special ability that enables us to make a difference in the world. What's your superpower? With eighteen stories of kids with everyday superpowers, *The Big Book of Superpowers* will inspire kids to look inside and find what makes them extraordinary

**Entreprises et entrepreneurs africains** Harper Collins

A young boy imagines what it would be like to have a robot mama and realizes how special his mama is to him.

*Little Monkey* Boxer Books

Marta Altes' empowering picture book *Little Monkey* shows that the smaller you are, the bigger your adventures can be!

From Head to Toe Springer

The Yark is a monster who eats only good children--until he meets Madeline, with whom he becomes fast friends.

**She's With Me** HarperCollins

\*THIS BOOK IS AVAILABLE AS OPEN ACCESS BOOK ON

SPRINGERLINK\* This open access book is the product of ICM I Study 22 *Task Design in Mathematics Education*. The study offers a state-of-the-art summary of relevant research and goes beyond that to develop new insights and new areas of knowledge and

study about task design. The authors represent a wide range of countries and cultures and are leading researchers, teachers and designers. In particular, the authors develop explicit understandings of the opportunities and difficulties involved in designing and implementing tasks and of the interfaces between the teaching, researching and designing roles - recognising that these might be undertaken by the same person or by completely separate teams. Tasks generate the activity through which learners meet mathematical concepts, ideas, strategies and learn to use and develop mathematical thinking and modes of enquiry. Teaching includes the selection, modification, design, sequencing, installation, observation and evaluation of tasks. The book illustrates how task design is core to effective teaching, whether the task is a complex, extended, investigation or a small part of a lesson; whether it is part of a curriculum system, such as a textbook, or promotes free standing activity; whether the task comes from published source or is devised by the teacher or the student.

**Task Design In Mathematics Education** Random House

It's visiting day, and Dad smells like peppermint—yuck! If only he would wear that nice, breezy cologne that smells like hazelnut...

So begins one boy's brief weekly visit with his father in prison.

Here's a man who gets angry, but beneath that peppermint surface is much to admire, if only you take the time to look. This richly imagined picture book explores the inner life of a boy who struggles to love a father who can be difficult to love at times.

Though they may only have brief visits together, it's clear they love each other. This story bravely explores the all-too-hidden world of incarcerated parents. It's also a beautiful testament to the power of love to bridge the walls that divide us.

Bambi Ernst Klett Sprachen

The giant appetite of the ogre could only be satisfied by the flesh of children until young Zeralda tamed his taste buds with her culinary art.

*Lecture envol Cycle 3 CE2* Penguin UK

Splat is on an ordinary bike trip to school when suddenly—SPLAT! Splat's bike crashes and he finds himself nose to beak with a duck! Although a crash of this caliber should certainly merit some

alarm from this duck, Splat hears no quacking. What's a cat to do? Off to Cat School the pair goes to find out what will put the quack back in our feathered friend. Read along with Splat the Cat in his third easy-to-read book with a lesson in the "ack" sound!  
PB3 and the Vegetables Harper Collins

This practical guide provides anyone supporting children and young people with dyslexia with more than 100 great ideas for reinforcing their learning development. This second edition is up-to-date with the latest research and best practice on dyslexia, and includes a brand new section on differentiation in the classroom. There are also lots of additional ideas on topics including: • emotional literacy • peer support • periods of transition in the child's school life • developing phonic skills; and • exam preparation This book of ready-to-use activities and strategies is perfect for the non-specialist teacher in need of extra guidance, but will also offer new ideas and insights to SENCOs, head teachers, parents and carers and anyone else working with a child or young person with dyslexia.

Probuditi! A&C Black

A wicked witch marries their father, and uses her magic to turn Hansel's and Gretel's world upside down. When they are left in the woods by their parents, Hansel and Gretel find their way home despite an encounter with another wicked witch.

**The Yark** Tundra Books

What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as *The Grouchy Ladybug* and *The Mixed-Up Chameleon* comes this interactive story that invites kids to imitate animal movements. Watching giraffes bend their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes, kids will be wriggling, jiggling, and giggling as they try to keep up with these animals!

A Rule is to Break A & C Black

"Bark, George," says George's mother, and George goes: "Meow," which definitely isn't right, because George is a dog. And so is his mother, who repeats, "Bark, George." And George goes, "Quack, quack." What's going on with George? Find out in this hilarious new picture book from Jules Feiffer.

*Zeralda's Ogre* Roberts Rinehart Pub

Dory, a highly imaginative youngest child, makes a new friend at school but her brother and sister are sure Rosabelle is imaginary, just like all of Dory's other friends.

**Have You Filled a Bucket Today?** Guggenheim Museum  
 Uncle Giorgio is a reinforced, library bound book in The Child's World series The I Love to Read Collection.

Hansel and Gretel Puffin

The powerful original novel that inspired the classic animated film—a story of nature, loss, survival, and becoming an adult. This moving and eventful story, translated from the original German by David Wyllie, opens with the birth of a fawn in a thicket. Little Bambi rises to his feet immediately, as an overly talkative magpie marvels over this beautiful newborn. We then follow his journey through the innocent joys of youth into experiences of love, loss, and the complexity and danger of the wider world—where humans pose a mortal threat to his kind—and on to his years as an older and wiser prince of the forest. *Bambi* is a tale of beauty and allegorical depth that brings the realities of nature to vivid, emotional life.
