 We call it justice—the assassination of Osama bin Laden, the incarceration of corrupt politicians or financiers like Rod Blagojevich and Bernard Madoff, and the climactic slaying of cinema-screen villains by superheroes. But could we not also call it revenge? We are told that revenge is uncivilized and immoral, an impulse that individuals and societies should actively repress and replace with the order and codes of courtroom justice. What, if anything, distinguishes punishment at the hands of the government from a victim's individual desire for retribution? Are vengeance and justice really so very different? No, answers legal scholar and

novelist Thane Rosenbaum in *Payback: The Case for Revenge*—revenge is, in fact, indistinguishable from justice. Revenge, Rosenbaum argues, is not the problem. It is, in fact, a perfectly healthy emotion. Instead, the problem is the inadequacy of lawful outlets through which to express it. He mounts a case for legal systems to punish the guilty commensurate with their crimes as part of a societal moral duty to satisfy the needs of victims to feel avenged. Indeed, the legal system would better serve the public if it gave victims the sense that vengeance was being done on their behalf. Drawing on a wide range of support, from recent studies in behavioral psychology and neuroeconomics, to stories of vengeance and justice denied, to revenge practices from around the world, to the way in which revenge tales have permeated popular

culture—including *Hamlet*, *The Godfather*, and *Braveheart*—Rosenbaum demonstrates that vengeance needs to be more openly and honestly discussed and lawfully practiced. Fiercely argued and highly engaging, *Payback* is a provocative and eye-opening cultural tour of revenge and its rewards—from Shakespeare to *The Sopranos*. It liberates revenge from its social stigma and proves that vengeance is indeed ours, a perfectly human and acceptable response to moral injury. Rosenbaum deftly persuades us to reconsider a misunderstood subject and, along the way, reinvigorates the debate on the shape of justice in the modern world. **Chase's Calendar of Events, 2011 Edition** Bloomsbury Publishing USA
 There are two ages in the history of television: before HBO and after HBO. Before the launch of Home Box Office in

1972, the industry had changed little since the birth of broadcast network television in the late 1940s. The arrival of the premium cable channel began a revolution in the business and programming of TV. For the generation that has grown up with the vast array of viewing choices available today, it is almost inconceivable that our ever-expanding media universe began with a few hours of unimpressive programming on a single cable channel. Written by an insider, this is the story of HBO's reconfiguration of television and the company's continual reinvention of itself in a competitive and dynamic industry.

"The bible of special occasions."--Los Angeles Times 12,500 entries. 194 countries. 365 days. 50 years and counting! From his years as a newspaper librarian William D. Chase knew of the need for a single reference source for calendar dates and for authoritative and current information about various observances throughout the year. William and his brother, Harrison, decided to create such a reference themselves. They set to work collecting, compiling, verifying, editing and proofreading the events that would make up the first Chase's Calendar of Events. Fifty years later, Chase's Calendar of Events is still the most comprehensive and authoritative reference available on special events, holidays, federal and state observances, historic anniversaries and more. Chase's starts its next fifty years with: Milestones such as Quebec's 400th founding anniversary, Minnesota's statehood sesquicentennial and NASA's 50th birthday. New birthdays such as literary lion and Nobel laureate Orhan Pamuk, soccer superstar Cristiano Ronaldo, stars from TV's "Heroes" and "Ugly Betty" and newly elected heads of state worldwide. Events from the Games of the XXIX Olympiad at Beijing, China, the Dakar Rally and Euro 2008 in Austria/Switzerland to the US's major party conventions and presidential election. For nearly 150 years, American women did not have the right to vote. On August 18, 1920, they won that right, when the 19th

Amendment to the Constitution was ratified at last. To achieve that victory, some of the fiercest, most passionate women in history marched, protested, and sometimes even broke the law—for more than eight decades. From Susan B. Anthony and Elizabeth Cady Stanton, who founded the suffrage movement at the 1848 Seneca Falls Convention, to Sojourner Truth and her famous "Ain't I a Woman?" speech, to Alice Paul, arrested and force-fed in prison, this is the story of the American women's suffrage movement and the private lives that fueled its leaders' dedication. Votes for Women! explores suffragists' often powerful, sometimes difficult relationship with the intersecting temperance and abolition campaigns, and includes an unflinching look at some of the uglier moments in women's fight for the vote. By turns illuminating, harrowing, and empowering, Votes for Women! paints a vibrant picture of the women whose tireless battle still inspires political, human rights, and social justice activism. This volume brings together distinguished scholars to address broad societal claims about the surge in populist nationalism in the scholarly literature on collective memory. The book sets the stage by examining historical origins and case studies of populism and nationalism in the United States before exploring these phenomena in the global context. Next, the book establishes conceptual frameworks for approaching nationalism and populism in national narratives through the literature on collective memory, political psychology, history, and international studies. The book concludes with a discussion on common themes uncovered over the course of the book. Throughout each section, the book uses empirical evidence and conceptual claims to shed light on the rise in global populist nationalism in a thoughtful, comprehensive manner for scholars of a wide range of backgrounds. National Memories offers a multidisciplinary, modern approach to an old global societal challenge in a time of great political and social upheaval.

Examines the bleak television comedies that illustrate the obsession of the white left with its own anxiety and suffering At the same time that right-wing political figures like Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white

fragility spread across television screens. American and British programming that featured the abjection of young, middle-class, liberal white people—such as *Broad City*, *Casual*, *You're the Worst*, *Catastrophe*, *Fleabag*, and *Transparent*—proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left, obsessed with its own anxiety and suffering, are complicit in the rise and maintenance of the far right—particularly in the mobilization, representation, and sustenance of structural white supremacy on television. Nygaard and Lagerwey examine a cycle of dark television comedies, the focus of which are “horrible white people,” by putting them in conversation with similar upmarket comedies from creators and casts of color like *Insecure*, *Atlanta*, *Dear White People*, and *Master of None*. Through their analysis, they demonstrate the ways these non-white-centric shows negotiate prestige TV's dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis. Through the lens of media analysis and feminist cultural studies, Nygaard and Lagerwey's book opens up new ways of looking at contemporary television consumption—and the political, cultural, and social repercussions of these “horrible white people” shows, both on- and off-screen.

For nearly two decades, *Television: Critical Methods and Applications* has served as the foremost guide to television studies. Designed for the television studies course in communication and media studies curricula, *Television* explains in depth how television programs and commercials are made and how they function as producers of meaning. Author Jeremy G. Butler shows the ways in which camera style, lighting, set design, editing, and sound combine to produce meanings that viewers take away from their television experience. He supplies students with a whole toolbox of implements to disassemble television and read between the lines, teaching them to incorporate critical thinking into their own television viewing. The fourth edition builds upon the pedagogy of previous editions to best accommodate current modes of understanding and teaching television. Highlights of the fourth edition include: New chapter and part organization to reflect the current

approach to teaching television—with greatly expanded methods and theories chapters. An entirely new chapter on modes of production and their impact on what you see on the screen. Discussions integrated throughout on the latest developments in television's on-going convergence with other media, such as material on transmedia storytelling and YouTube's impact on video distribution. Over three hundred printed illustrations, including new and better quality frame grabs of recent television shows and commercials. A companion website featuring color frame grabs, a glossary, flash cards, and editing and sound exercises for students, as well as PowerPoint presentations, sample syllabi and other materials for instructors. Links to online videos that support examples in the text are also provided. With its distinctive approach to examining television, *Television* is appropriate for courses in television studies, media criticism, and general critical studies. *Encyclopedia of Politics, the Media, and Popular Culture* Rowman & Littlefield The 10th anniversary edition, now with a new preface by the author "A wonderfully smart, lively, and culturally astute survey." - The New York Times Book Review "Grand entertainment...fascinating for anyone curious about the perplexing miracles of how great television comes to be." - The Wall Street Journal "I love this book...It's the kind of thing I wish I'd been able to read in film school, back before such books existed." - Vince Gilligan, creator of *Breaking Bad* and co-creator of *Better Call Saul* In the late 1990s and early 2000s, the landscape of television began an unprecedented transformation. While the networks continued to chase the lowest common denominator, a wave of new shows on cable channels dramatically stretched television's narrative inventiveness, emotional resonance, and creative ambition. Combining deep reportage with critical analysis and historical context, Brett Martin recounts the rise and inner workings of this artistic watershed - a golden age of TV that continues to transform America's cultural landscape. *Difficult Men* features extensive interviews with all the major players - including David Chase (*The Sopranos*), David Simon and Ed Burns (*The Wire*), David Milch (*NYPD Blue*, *Deadwood*), Alan Ball (*Six Feet Under*), and Vince Gilligan (*Breaking Bad*, *Better Call Saul*) - and reveals how television became a truly significant and influential part of our culture.

National Memories Algonquin Books Whether it's television, radio, concerts,

live appearances by comedians, Internet websites, or even the political party conventions themselves, the mixing of politics and popular culture is frequently on display. *The Encyclopedia of Politics, the Media, and Popular Culture* examines the people, major events, media, and controversies in eight thematic chapters and over 150 entries to provide an invaluable resource for any student, scholar, or everyday political junkie needing a comprehensive introduction to the subject. On a typical weeknight in the United States, millions shun the traditional evening network news broadcasts and, instead, later grab their remotes to turn to Comedy Central to catch up on the political happenings of the day, delivered by the comedian Jon Stewart on the faux news program, *The Daily Show*. Immediately afterwards, they might stay tuned to *The Colbert Report* for another dosage of hilarious, fake news that, to them, comes across more honestly than the serious version they could watch on CNN. Whether it's television, radio, concerts, live appearances by comedians, Internet websites, or even the political party conventions themselves, the mixing of politics and popular culture is frequently on display. *The Encyclopedia of Politics, the Media, and Popular Culture* provides in-depth coverage of these fascinating, and often surprising intersections in both historical and contemporary culture. This highly readable and entertaining encyclopedia provides a sweeping survey of the historic and ongoing interplay between politics, the media, and popular culture in eight thought-provoking chapters. The volume is enhanced with the inclusion of over 150 entries to help students and researchers easily locate more in-depth information on topics ranging from political scandals to YouTube.

Fans of a certain multi-award-winning HBO dramatic series and lovers of fine eating everywhere will love the ultimate guide to making every event the perfect occasion, served up by the Garden State's most gracious hostess, Carmela Soprano. From graduation parties to holiday gatherings to poolside barbecues, Carmela gives you everything you need to keep your personal crew as happy as a clam in red sauce: over 75 delicious new Neapolitan-based recipes as well as scores of Soprano-approved tips on picking the ideal location, choosing tasteful decorations, whipping up the best drinks, and selecting the right music. Sweetening the festa are dozens of never-seen illustrations and insightful commentaries from Soprano relatives and intimates. You'll find "AJ" Soprano's confirmation invitation, advice on "party anxiety" from therapist Dr. Jennifer Melfi, a term paper by Meadow Soprano on "Why My Grandmother Can't Cook," advice from family friend Paulie Walnuts on throwing a surprise party, and much, much more. Unsure about wine? Follow the advice of Artie Bucco, proprietor of the renowned Nuovo Vesuvio restaurant in Newark, New

Jersey: "If you have steak, a `big' meat dish, think of a `big' red wine like a California Burgundy. I guess you could match it with a big white wine, too, but I don't know of any big white wines." Want to surprise with a birthday gift? Model yours after what Carmela plans on giving her husband, waste management executive Tony Soprano, on his fiftieth: a Dean Martin impersonator, an outdoor screening of his favorite film, *The Public Enemy*, starring James Cagney, and a monogrammed putter. (But no ritzy watch. He has a dozen of them.) Planning a wedding? Find inspiration in the vision of Carmela's sister-in-law, Janice Soprano Baccilieri: "As guests enter a cathedral of pines, they would pass an ancient wishing well where they could deposit small presents or deep thoughts about life and love. Ideally, I would love for the whole ceremony to be done in the nude, but unfortunately, the time for that kind of pagan openness has long passed." Flustered by funerals? Heed the wise suggestions for his own wake from Tony's Uncle Corrado "Junior" Soprano: "A lot of food, no crap, a lot of homemade Bucassi vino, a nice speech from Bobby Bacala, since he was always the nicest to me of all those bums, and me singing like Caruso on the Victrola." In Carmela's words: "What's closer to a celebration of life than celebrations? Look for them, jump into them, charger plates and all, and have a ball."

On 12 April 2015, Hillary Clinton formally

announced her intention to run for President in 2016, casting herself as the 'champion of everyday Americans'. With near-universal name recognition and the promise to make history as the first female occupant of the Oval Office, all seems set for Hillary to secure the one role that has eluded her to date, but what drives this most intriguing and polarising of political figures? Will she be able to shake off her past mistakes and finally secure the Democratic Party's nomination? What are her chances of winning the White House? And, perhaps more importantly, what kind of President would she make? Drawing on original interviews with close associates of both Bill and Hillary, as well as a wealth of recently declassified materials from the Clinton archive, James D. Boys offers a clear-sighted, non-partisan analysis of Hillary's rise to the pinnacle of American power, revealing the political ideology and core principles that have remained a constant throughout.

Entertaining with the Sopranos Cambridge University Press

Entertainment Industries is the first book to map entertainment as a cultural system. Including work from world-renowned analysts such as Henry Jenkins and Jonathan Gray, this innovative collection explains what entertainment is and how it works. Entertainment is audience-centred culture. The Entertainment Industries are a uniquely interdisciplinary collection of evolving businesses that openly monitor evolving cultural trends and work within them. The producers of entertainment - central to that practice- are the new artists. They understand audiences and combine creative, business and legal skills in order to produce cultural products that cater to them. Entertainment Industries describes the characteristics of entertainment, the systems that produce it, and the role of producers and audiences in its development, as well as explaining the importance of this area of study, and how it might be better integrated into Universities. This book was originally published as a special issue of *Continuum: Journal of Media & Cultural Studies*.
