NEW YORK TIMES
BESTSELLER The

complete, uncensored
history of the award-
winning The Daily Show
with Jon Stewart, as told
by its correspondents,
writers, and host. For
almost seventeen years,
The Daily Show with Jon
Stewart brilliantly
redefined the borders
between television

comedy, political satire,
and opinionated news
coverage. It launched the
careers of some of today's
most significant
comedians, highlighted
the hypocrisies of the
powerful, and garnered 23
Emmys. Now the show's
behind-the-scenes gags,
controversies, and

camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's

underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall

Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows. What happens if the world unexpectedly stands still for a moment? If, just like that, you are given a bit of

time by sheer luck? This is exactly what happens in one of the biggest and busiest cities of the world, as a small snail crosses the street and makes traffic stop for half a day. A book about things that you always wanted to do but never had the time for. Reviews"charming"-Kirkus Reviews"A proposal to improve the world"-Westfälische Nachrichten"humorous"-Ehrensensf"interesting not just in its story or its message, but also in how it delivers that message. The colors and

backgrounds have a rich sense of texture, unlike the majority of children's books."-ForeWord Clarion Reviews"fabulous"-Spiegel Online"A creative bedtime story, which is also suitable for stressed adults. [...] In the bustle of the city, the animals seize the moment and become aware of how beautiful life can be without stress and hustle."-Designers in Action"sets out to demonstrate what can happen when we're true to ourselves, when we seize our day, when we live in the present, when

we actually feel and enjoy the weather, when we are spontaneous, when we break from routine, when we defy expectation, and how these rather small acts of joy can inspire others"-Amazon.com Customer Review"beautiful"-Geizkragen"The story of a little snail who triggers big changes."-Münstersche Zeitung

NATIONAL BESTSELLER •
WINNER OF THE PULITZER
PRIZE • A searing, post-

apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast,

although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an

unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. Love Me Gently Random House Trade Paperbacks The inspiration for *The Durrells in Corfu*, a Masterpiece production on public television: A naturalist's account of his childhood on the exotic Greek island. When the Durrells could no longer endure the gray English climate, they did what any

sensible family would do: sold their house and relocated to the sun-soaked island of Corfu. As they settled into their new home, hilarious mishaps ensued as a ten-year-old Gerald Durrell pursued his interest in natural history and explored the island's fauna. Soon, toads and tortoises, bats and butterflies—as well as scorpions, geckos, ladybugs, praying mantises, octopuses, pigeons, and gulls—became a common sight in the Durrell villa. Uproarious tales of the

island's animals and Durrell's fond reflections on his family bring this delightful memoir to life. Capturing the joyous chaos of growing up in an unconventional household, *My Family and Other Animals* will transport you to a place you won't want to leave. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

Is your special friend
always waiting at the door
for you with a wagging tail
and an unconditional look
of happiness? Is your
favorite lap warmer

always ready to keep you
company on dark and
stormy nights? No matter
if your friend is furry,
finned, feathered, or
leathered, no doubt your
pet plays an important
role in your life and your
family. In fact, your pet
may be your family. But
after the inevitable
happens and you sob your
last good-bye, will you see
your pet again? In
Heaven? Does your pet
have a soul? Will your pet
go to Heaven? This fun
and light-hearted look at a
seriously sad subject
reveals many

perspectives about Spot's
stairway to Heaven,
Fluffy's final resting place,
and birds of Paradise. Will
your pet rabbit rest in
peace, or will your fish
float forever in the septic
tank? In addition to their
own blend of passionate
and compassionate diva
dialogue, the four writers
quote devoted pet
owners, clergy, friends,
family, and even those
who just aren't "pet
people." From the variety
of perspectives and
opinions, this is a heart-
warming, tail-wagging
conversation sure to keep

you smiling from now until then...

Deep learning is often viewed as the exclusive domain of math PhDs and big tech companies. But

as this hands-on guide demonstrates, programmers comfortable with Python can achieve impressive results in deep learning with little math background, small amounts of data, and minimal code. How? With *fastai*, the first library to provide a consistent interface to the most frequently used deep learning applications. Authors Jeremy Howard and Sylvain Gugger, the creators of *fastai*, show you how to train a model on a wide range of tasks using *fastai* and PyTorch.

You'll also dive progressively further into deep learning theory to gain a complete understanding of the algorithms behind the scenes. Train models in computer vision, natural language processing, tabular data, and collaborative filtering. Learn the latest deep learning techniques that matter most in practice. Improve accuracy, speed, and reliability by understanding how deep learning models work. Discover how to turn your models into web
