AUTHOR OF

THE SOCIAL

ANIMAL Are

you on your
first or second
mountain? Is
life about you
- or others?
About success
- or something
deeper? The
world tells us
that we should
pursue our
self-interest:
career wins,
high status,
nice things.
These are the

goals of our
first mountain.
But at some
point in our
lives we might
find that we're
not interested
in what other
people tell us
to want. We
want the
things that are
truly worth
wanting. This
is the second
mountain.

What does it mean to look beyond yourself and find a moral cause? To forget about independence and discover dependence - to be utterly enmeshed in a web of warm relationships? What does it mean to value intimacy, devotion, responsibility and commitment above individual freedom? In *The Second Mountain* David Brooks explores the meaning and possibilities that scaling a second

mountain offer us and the four commitments that most commonly move us there: family, vocation, philosophy and community. Inspiring, personal and full of joy, this book will help you discover why you were really put on this earth.

Random House Books for Young Readers
Fred and Ted—beloved canine stars of *P.D. Eastman's Big Dog . . . Little Dog* and son

Peter Eastman's *Fred and Ted Go Camping* and *Fred and Ted Like to Fly*—are on the move once again in *Fred and Ted's Road Trip*, the 100th Beginner Book published since Dr. Seuss launched the series in 1957 with *The Cat in the Hat*. In their latest adventure, Fred and Ted pack a picnic basket, jump in their cars, and hit the open road—but as usual, things don't go as the doggy duo

plan. They encounter muddy roads, thunder and lightning, tire-piercing cacti, and overenthusiastic tire inflating that almost sends Fred into orbit! Perfect for P. D. Eastman fans, dog lovers, and families on car trips, this is a beginner reader that harkens back to the best of the Beginner Books edited by the Good Doctor himself. Originally created by Dr. Seuss, Beginner

Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Arrow Over the Door
Grand Central Publishing
With lessons from Mister Rogers' Neighborhood and examples from the acclaimed education network Remake Learning, this book brings Mister Rogers into the digital age, helping parents and teachers raise

creative, curious, caring kids. Authors Gregg Behr and Ryan Rydzewski know there's more to Mister Rogers than his trademark cardigan sweaters. To them, Mister Rogers' Neighborhood isn't just a children's program — it's a proven blueprint for raising happier, healthier kids. As young people grapple with constant reminders that the world isn't always kind, parents and teachers can

look to Fred Rogers: an ingenious scientist and legendary caregiver who was decades ahead of his time. When *You Wonder, You're Learning* reveals this never-before-seen side of America's favorite neighbor, exploring how Rogers nurtured the "tools for learning" now deemed essential for school, work, and life. These tools can boost academic performance, social-

emotional well-being, and even physical health. They cost almost nothing to develop, and they're up to ten times more predictive of children's success than test scores. No wonder it's been called "a must-read for anyone who cares about children." With insights from thinkers, scientists, and teachers — many of whom worked with Rogers himself — *When You Wonder, You're*

Learning helps kids and the people who care for them do what Rogers taught best: become the best of whoever they are.

efforts by the factories to build cars that the Woodward crowd would buy and race. Woodward Avenue includes everything that surrounded Woodward's action including Detroit's legendary DJs who provided the cruisers musical soundtrack, the hang-outs and drive-ins, the high-performance new car dealerships that provided the cars, and the legendary speed shops that provided

the hot rod parts. Methods and Applications in Reservoir Geophysics Open Road Media This New York Times bestseller by the author of Blue Highways is "a majestic survey of land and time and people in a single county of the Kansas plains" (Hungry Mind Review). William Least Heat-Moon travels by car and on foot into the core of our continent, focusing on the landscape and history of

Chase County—a sparsely populated tallgrass prairie in the Flint Hills of central Kansas—exploring its land, plants, animals, and people until this small place feels as large as the universe. Called a "modern-day Walden" by the Chicago Sun-Times, PrairieEarth is a journey through a place, through time, and into the human mind from the acclaimed author of Here, There,

<p>Elsewhere: Stories from the Road. “A sense of the American grain that will give [PrairyErth] a permanent place in the literature of our country.” —Paul Theroux, The New York Times <u>Start with Why</u> Random House Books for Young Readers A young college grad buys a house in Detroit for \$500 and attempts to restore it—and his new neighborhood —to its</p>	<p>original glory in this “deeply felt, sharply observed personal quest to create meaning and community out of the fallen...A standout” (Kirkus Reviews, starred review). Drew Philp, an idealistic college student from a working-class Michigan family, decides to live where he can make a difference. He sets his sights on Detroit, the failed metropolis of abandoned buildings,</p>	<p>widespread poverty, and rampant crime. Arriving with no job, no friends, and no money, Philp buys a ramshackle house for five hundred dollars in the east side neighborhood known as Poletown. The roomy Queen Anne he now owns is little more than a clapboard shell on a crumbling brick foundation, missing windows, heat, water, electricity, and a functional roof. A \$500</p>
---	---	--

House in Detroit is Philp’s raw and earnest account of rebuilding everything but the frame of his house, nail by nail and room by room. “Philp is a great storyteller...[a nd his] engrossing” (Booklist) tale is also of a young man finding his footing in the city, the country, and his own generation. We witness his concept of Detroit shift, expand, and evolve as his plan to save the city gives

way to a life forged from political meaning, personal connection, and collective purpose. As he assimilates into the community of Detroiters around him, Philp guides readers through the city’s vibrant history and engages in urgent conversations about gentrification, racial tensions, and class warfare. Part social history, part brash generational statement, part

comeback story, A \$500 House in Detroit “shines [in its depiction of] the ‘radical neighborliness’ of ordinary people in desperate circumstances” (Publishers Weekly). This is an unforgettable, intimate account of the tentative revival of an American city and a glimpse at a new way forward for generations to come.

 Penguin
 Fred and Ted—beloved canine stars of

P. D. Eastman's Big Dog . . . Little Dog—are back in a Read & Listen edition of the all-new Beginner Book written and illustrated by P. D.'s son, Peter Eastman! In this story, Fred and Ted go camping, and, as usual, their uniquely different approaches to doing things (such as packing equipment, setting up camp, and fishing techniques) have humorous—and sometimes surprising—results. A charming introduction to opposites that beginner readers will find ruff to put down! Beginner Books are fun, funny, and easy to read! Launched by Dr. Seuss in 1957 with the publication of *The Cat in the Hat*, this beloved early reader series motivates children to read on their own by using simple words with illustrations that give clues to their meaning. Featuring a combination of kid appeal, supportive vocabulary, and bright, cheerful art, Beginner Books will encourage a love of reading in children ages 3–7. This ebook includes Read & Listen audio narration. [Congressional Record](#) Springer Just in time for the holidays, enjoy this wintry classic about the joys of playing in the snow. the perfect read aloud for a snow day--or any day this winter! reading in children ages 3–7. "Joyful verse relates the many ways to enjoy snow. First graders will love it."
—Chicago Tribune
Mrs. Wow Never Wanted a Cow
Llewellyn Worldwide Summer 1948. In the scenic, remote river town of Oregon, Illinois, a young couple visiting the local lovers’ lane is murdered. The shocking crime garners headlines from Portland, Maine, to Long

Beach, California. But after a sweeping manhunt, no one is arrested and the violent deaths of Mary Jane Reed and Stanley Skridla fade into time's indifference. Fast forward fifty years. Eccentric entrepreneur Michael Arians moves to Oregon, opens a roadhouse, gets elected mayor, and becomes obsessed with the crime. He comes up with a scandalous conspiracy theory and starts to believe that Mary Jane's ghost is haunting his establishment. He also reaches out to the Chicago Tribune for help. Arians's letter falls on the desk of general assignment reporter Ted Gregory. For the next thirteen years, while he ricochets from story to story and his newspaper is deconstructed around him, Gregory remains beguiled by the case of the teenaged telephone operator Mary Jane and twenty-eight-year-old Navy vet Stanley—and equally fascinated by Arians's seemingly hopeless pursuit of whoever murdered them. Mary Jane's Ghost is the story of these two odysseys.

Fred and Ted's Road Trip
Penguin UK
* Instant NEW YORK TIMES and USA TODAY bestseller * * GOODREADS CHOICE AWARD WINNER for BEST DEBUT

and BEST ROMANCE of 2019 ** BEST BOOK OF THE YEAR* for VOGUE, NPR, VANITY FAIR, and more! * What happens when America's First Son falls in love with the Prince of Wales? When his mother became President, Alex Claremont-Diaz was promptly cast as the American equivalent of a young royal. Handsome, charismatic, genius—his image is pure millennial-marketing

gold for the White House. There's only one problem: Alex has a beef with the actual prince, Henry, across the pond. And when the tabloids get hold of a photo involving an Alex-Henry altercation, U.S./British relations take a turn for the worse. Heads of family, state, and other handlers devise a plan for damage control: staging a truce between the two rivals. What at first begins as a fake,

Instagramable friendship grows deeper, and more dangerous, than either Alex or Henry could have imagined. Soon Alex finds himself hurtling into a secret romance with a surprisingly unstuffy Henry that could derail the campaign and upend two nations and begs the question: Can love save the world after all? Where do we find the courage, and the power, to be the people we are meant to be? And

how can we learn to let our true colors shine through? Casey McQuiston's *Red, White & Royal Blue* proves: true love isn't always diplomatic. "I took this with me wherever I went and stole every second I had to read! Absorbing, hilarious, tender, sexy—this book had everything I crave. I'm jealous of all the readers out there who still get to experience *Red, White & Royal Blue* for

the first time!" - Christina Lauren, *New York Times* bestselling author of *The Unhoneymooners* "*Red, White & Royal Blue* is outrageously fun. It is romantic, sexy, witty, and thrilling. I loved every second." - Taylor Jenkins Reid, *New York Times* bestselling author of *Daisy Jones & The Six* [Mary Jane's Ghost](#) Random House Books for Young Readers Two dogs who are opposite in every way

are also the best of friends. The bold, colorful drawings are appealing and emphasize the concepts of size, color, and opposites.

1001 Children's Books You Must Read Before You Grow Up

Random House (NY) *The Kid*. The Splendid Splinter. Teddy Ballgame. One of the greatest figures of his generation, and arguably the greatest baseball hitter of all time. But what made Ted Williams a

legend – and a lightning rod for controversy in life and in death? Still a gangly teenager when he stepped into a Boston Red Sox uniform in 1939, Williams’s boisterous personality and penchant for towering home runs earned him adoring admirers and venomous critics. In 1941, the entire country followed Williams's stunning .406 season, a record that has not been

touched in over six decades. Then at the pinnacle of his prime, Williams left Boston to train and serve as a fighter pilot in World War II, missing three full years of baseball, making his achievements all the more remarkable. Ted Willams's personal life was equally colorful. His attraction to women (and their attraction to him) was a constant. He was married and divorced three times and he

fathered two daughters and a son. He was one of corporate America's first modern spokesmen, and he remained, nearly into his eighties, a fiercely devoted fisherman. With his son, John Henry Williams, he devoted his final years to the sports memorabilia business, even as illness overtook him. And in death, controversy and public outcry followed Williams and the

ground: Fred's first wife and nanny were unearthed miles away in a field, while his eight-year-old stepdaughter was found entombed under the Wests' former residence. Yet, for more than twenty years, the twosome maintained a façade of normalcy while abusing and murdering female boarders, hitchhikers, and members of their own family. Howard Sounes, who first broke the

story about the Wests as a journalist and covered the murder trial, has written a comprehensive account of the case. Beginning with Fred and Rose's bizarre childhoods, Sounes charts their lives and crimes in forensic detail, constructing a fascinating and frightening tale of a marriage soaked in blood. Indeed, the total number of the Wests' victims may never be known. A case reminiscent of the "Moors

Murders" committed in the 1960s in Manchester by Myra Hindley and Ian Brady—as if Hindley and Brady had married and kept on killing for decades—Fred & Rose "is a story of obsessive love as well as obsessive murder" (The Times, London). **The Road to Wicked** HMH Miranda's life is starting to unravel. Her best friend, Sal, gets punched by a kid on the street for what seems like no

reason, and he shuts Miranda out of his life. The key that Miranda's mum keeps hidden for emergencies is stolen. And then a mysterious note arrives: 'I am coming to save your friend's life, and my own. I ask two favours. First, you must write me a letter.' The notes keep coming, and Miranda slowly realises that whoever is leaving them knows things no one should know. Each message

brings her closer to believing that only she can prevent a tragic death. Until the final note makes her think she's too late.

A Yellow Watermelon

Random House Books for Young Readers

A former Senior Partner and Global Managing Director at the legendary design firm IDEO shows how to design conversations and meetings that are creative and impactful. Conversations are one of the

most fundamental means of communication we have as humans. At their best, conversations are unconstrained, authentic and open—two or more people sharing thoughts and ideas in a way that bridges our individual experiences, achieves a common goal. At their worst, they foster misunderstanding, frustration and obscure our real intentions. How often do you walk away

from a conversation feeling really heard? That it moved the people in it forward in some important way? You're not alone. In his practice as a designer, Fred Dust began to approach conversations differently. After years of trying to broker communication between colleagues and clients, he came to believe there had to be a way to design the art of conversation itself with

intention and purpose, but still artful and playful. Making Conversation codifies what he learned and outlines the seven elements essential to successful exchanges: Commitment, Creative Listening, Clarity, Context, Constraints, Change, and Create. Taken together, these seven elements form a set of resources anyone can use to be more deliberate and purposeful in

making conversations work.

Woodward Avenue

Simon and Schuster
For the first time, scientists could have the knowledge to prevent a natural disaster epic in scale—an asteroid hitting the earth and in this exciting, adventuresome book, Carrie Nugent explains how. What are asteroids, and where do they come from? And, most urgently: Are they going to hit the Earth?

What would happen if one was on its way? Carrie Nugent is an asteroid hunter—part of a group of scientists working to map our cosmic neighborhood. For the first time ever, we are reaching the point where we may be able to prevent the horrible natural disaster that would result from an asteroid collision. In Asteroid Hunters, Nugent reveals what known impact

asteroids have had: the extinction of the dinosaurs, the earth-sized hole Shoemaker Levy 9 left in Jupiter just a few decades ago, how the meteorite that bursted over Chelyabinsk in Russia could have started a war, and unlucky Ms. Anne Hodges—the only person (that we know of) in US history to be the victim of a direct hit. Nugent also introduces the telescope she uses to detect near-Earth asteroids.

Ultimately, detection is the key to preventing asteroid impact, and these specialized scientists are working to prevent the unthinkable from happening. If successful, asteroid hunting will lead to the first natural disaster humans have the know-how and the technology to prevent. The successful hunt and mapping of asteroids could mean nothing less than saving

life on earth.

 captures the
 Beats in the
 midst of their
 rise to
 acclaim. His
 100 shots of
 Kerouac,
 Ginsberg,
 Burroughs,

and others partying in cheap downtown Manhattan apartments, socializing at Grove Press book parties, and hunching over their typewriters are joined by writings from a diverse and illuminating raft of sources. Jack Kerouac contributes a list of activities necessary for writing success ("1. Scribbled secret notebooks,

and wild typewritten pages, for yr own joy"), Diana Trilling shares her thoughts on her fears of and for husband's former student, Allen Ginsberg, and Mad magazine sends up the young men and women who took up the beat lifestyle. Kerouac and friends made famous. Kerouac and Friends is a fresh and surprising look at the young

men and women who would come to define the last major epoch in American literature. "A lot of great stuff here about those Abominable Snowmen of modern poetry, the Beats."—Lawrence Ferlinghetti "Not merely a marvelous nostalgia trip. It also illuminates an important period in American culture. First rate!"—Michael Harrington
