All of Waylander's instincts had screamed at him to spurn the contract from Kaem the cruel, the killer of nations. But he had ignored them. He had made his kill. And even as he went to collect his gold, he knew that he had been betrayed. Now the Dark Brotherhood and the hounds of chaos were hunting him, even as Kaem's armies waged war on the Drenai lands, intent on killing every man, woman, and child. The Drenai soldiers were doomed to ultimate defeat, and chaos would soon reign. Then a strange old man told Waylander that the only way to turn the tide of battle would be for Waylander himself to retrieve the legendary Armor of Bronze from its hiding place deep within a shadow-haunted land. He would be hunted. He was certain to fail. But he must try, the old man commanded--commanded in the name of his son, the king, who had been slain by an assassin... Waylander was the most unlikely of heroes--for he was a traitor, the Slayer who had killed the king...

The shocking conclusion to Brandon Sanderson's Legion novella series, on its own for the first time. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems . . . for a price. When Stephen gets an unexpected cry for help from the woman who taught him how to control his aspects—right when one of his aspects suddenly and violently disappears—it will send him on a case the likes of which he could never have imagined. The Elenium series, which began in Diamond Throne, continues against a background of magic and adventure. Ehlana, Queen of Elenia, had been poisoned. A deep enchantment sustained her life, but only while the Knights aiding it still lived—and already they were dying, one each month. Then Sparhawk, Knight and Queen's Champion, learned that the cure for the poison was the Bhellion, the great jewel lost when Sarak of Thalesia had died in battle, five hundred years before. Sparhawk and his companions set forth to find King Sarak's grave by raising ghosts of those who had perished in that ancient battle. The Seeker, an insectile monster spawned of the evil God Azash, hounded their every step. Still Sparhawk pressed on, driven by desperate need. They had to find Bhellion before his queen could perish. They must not fail!

**Legion: Lies of the Beholder** Macmillan

The beloved Sparhawk undertakes a perilous new quest in the Tamuli series from New York Times bestselling author David Eddings. Danger stalked Queen Ehlana's realm. It began with peasants whispering that the bloody heroes of old would rise again. Soon outlaw bands were ravaging the hill country, while the Trolls disappeared from their icy northern haunts—and none could say where they had gone. Then came an ambassador from the far-off Tamul empire, begging aid. Monsters, ancient warriors, and foul magics were tearing their empire apart. Sparhawk, Ehlana's champion and Prince Consort, was the Emperor's last hope, for surely the knight who had killed the evil God Azash could prevail against the terror in Tamuli. Thus did Sparhawk and his Queen begin the perilous trek to the far-distant empire of the east. With them journeyed a handful of trusted companions: the stalwart champions of the four Militant Orders, the knight Berit, Mirtai the giantess, Princess Danae, and the young thief Talen. At the journey's end waited a glittering court seething with corruption, treachery—and the greatest danger Sparhawk would ever face!
