This book provides a comprehensive and up-to-date review of all aspects of childhood Acute Lymphoblastic Leukemia, from basic biology to supportive care. It offers new insights into the genetic pre-disposition to the condition and discusses how response to early therapy and its basic biology are utilized to develop new prognostic stratification systems and target therapy. Readers will learn about current treatment and outcomes, such as immunotherapy and targeted therapy approaches. Supportive care and management of the condition in resource poor countries

are also discussed in detail. This is an indispensable guide for research and laboratory scientists, pediatric hematologists as well as specialist nurses involved in the care of childhood leukemia.

Po'pay: Leader of the First American Revolution is the story of the visionary leader of the Pueblo Revolt of 1680, which drove the Spanish conquerors out of New Mexico for twelve years. This enabled the Pueblos to continue their languages, traditions and religion on their own ancestral lands, thus helping to create the multicultural tradition that continues to this day in the "Land of Enchantment." The book is the first history of these events from a Pueblo perspective. Edited by Joe S. Sando, a historian from Jemez Pueblo, and Herman Agoyo, a tribal leader from San Juan

Pueblo, it draws upon the Pueblos' rich oral history as well as early Spanish records. It also provides the most comprehensive account available of Po'pay the man, revered by his people but largely unknown to other historians. Finally, the book describes the successful effort to honor Po'pay by installing a seven-foot-tall likeness of him as one of New Mexico's two statues in the National Statuary Hall in Washington, D.C. This magnificent statue, carved in marble by Pueblo sculptor Cliff Fragua, is a fitting tribute to a most remarkable man.

What are the most salient and sparking facts about the Netherlands? This updated edition of 'Discovering the Dutch' tackles the heart of the question of Dutch identity through a number of essential themes that span the culture, history and society of the Netherlands. Running the gamut from the Randstad to the Dutch Golden Age, from William of Orange to Anne Frank, this volume uses a series of vignettes written by academic experts in their fields to address historical and contemporary topics such as immigration, tolerance, and the struggle against water, as well as issues of culture - painting, literature,

architecture, and design among them. All chapters are written by academic experts in their fields who have extensive experience in explaining the many features of "Dutchness" to a foreign audience. Each chapter comes to life in vignettes that illustrate characteristic historical figures or essential aspects in Dutch culture and society from William of Orange and Anne Frank to Dutch cheese and the inevitable coffeeshop.

Handbook Of Applied Investment Research World Scientific For at least eight centuries, the Norwegian island of Tautra in the Trondheim fjord has been known for its spiritual waves and special light. In the Middle Ages, Cistercian monks established the northernmost monastery of the Order, living God-centered lives and developing skills such as land use and animal husbandry until the Reformation. In 1999, Cistercian nuns reestablished Tautra Mariakloster, the monastery of Our Lady of the Safe Island. Visitors to the modern monastery, distinguished by its glass-roofed church, quickly sense the silence, peace, and light of the place. Four of the women who live at Tautra have contributed to this volume of monastic wisdom from the north. They write of their experiences as monastics living close to the land, sky, and water on this island, following the liturgical year of the monastery with its enduring rhythm while experiencing the changing seasons and landscape that help to shape their life of faith and light. Includes color photos. The nuns of Tautra Mariakloster are a group of women from eight countries who have been called to

monastic life at Tautra, in central Norway.

More than a quarter of the world's population live in the Middle East and South Asia, yet our knowledge and understanding of the region is often limited to news updates about the latest conflicts and crises. This 53rd edition of the annually updated volume of the World Today Series provides important insights that take the reader beyond the headlines. It offers detailed and up-to-date information about the politics, economies and societies of the twenty-four states that make up the region. Contemporary events are placed in their historical context, through an examination of major civilizations and key historical events. This volume introduces major themes that have shaped the region, including the struggles of ordinary people to achieve democratic rights; the role of oil in shaping society; burgeoning environmental threats; and the rise and fall of the Islamic State caliphate. While there is reason for optimism in regards to the Middle East and South Asia, this is tempered by the very real challenges that confront the region. The general reader will gain an understanding of these challenges and opportunities through an exploration of current and past developments.

A New York Times Editors' Choice • Best Book of the Year: Time, NPR, Bookpage, L.A. Times What does it mean to be American? In this starkly illuminating and impassioned book, Pulitzer Prize-finalist Laila Lalami recounts her unlikely journey from Moroccan immigrant to U.S. citizen, using it as a starting point for her exploration of American rights, liberties, and protections. "Sharp, bracingly clear essays."—Entertainment Weekly Tapping into

history, politics, and literature, she elucidates how accidents of birth—such as national origin, race, and gender—that once determined the boundaries of Americanness still cast their shadows today. Lalami poignantly illustrates how white supremacy survives through adaptation and legislation, with the result that a caste system is maintained that keeps the modern equivalent of white male landowners at the top of the social hierarchy. Conditional citizens, she argues, are all the people with whom America embraces with one arm and pushes away with the other. Brilliantly argued and deeply personal, *Conditional Citizens* weaves together Lalami's own experiences with explorations of the place of nonwhites in the broader American culture.

The clock is relentlessly ticking! Our world teeters on a knife-edge between a peaceful and prosperous future for all, and a dark winter of death and destruction that threatens to smother the light of civilization. Within 30 years, in the 2030 decade, six powerful 'drivers' will converge with unprecedented force in a statistical spike that could tear humanity apart and plunge the world into a new Dark Age. Depleted fuel supplies, massive population growth, poverty, global climate change, famine, growing water shortages and international lawlessness are on a crash course with potentially catastrophic consequences. In the face of both doomsaying and denial over the state of our world, Colin Mason cuts through the rhetoric and reams of conflicting data to muster the evidence to illustrate a broad picture of the world as it is, and our possible futures. Ultimately his message is clear; we must act decisively, collectively and immediately to alter the trajectory of humanity away from catastrophe. Offering

over 100 priorities for immediate action, *The 2030 Spike* serves as a guidebook for humanity through the treacherous minefields and wastelands ahead to a bright, peaceful and prosperous future in which all humans have the opportunity to thrive and build a better civilization. This book is powerful and essential reading for all people concerned with the future of humanity and planet earth.

**\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, *Subpar Parks* features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. *Subpar Parks*, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors.

Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Cavaliers and Roundheads are figures who appear in hundreds of English ghost stories. In this innovative account, Charles Esdaile argues that such tales are in reality folk memories of an episode of English history that was second only to the Black Death in terms of individual and collective suffering alike, and, further, that they reveal important truths about the way in which the conflict was represented: it is no surprise, then, to find that spectral Cavaliers are often romantic figures and revenant Roundheads grim ones full of menace. Yet, the book is no mere catalogue. On the contrary, rather than being discussed in a vacuum, the tales of haunting are rather set within a detailed regional history of the conflicts of 1642-1651 of a sort that has never yet been attempted, but is, for all that, badly needed.

A New York Times-bestselling author looks for the meaning of a good life by seeking advice from the very young and the very old. When his first book tour ended, Brad Montague missed hearing other people's stories so much that he launched what he dubbed a Listening Tour. First visiting elementary schools and later also nursing homes and retirement communities, he hoped to glean new wisdom as to how he might become a better grownup. Now, in this playful and buoyant book, he shares those insights with rest of us --timeless, often surprising lessons that bypass the head we're always stuck in, and go straight to the heart we sometimes forget. Each of the book's three sections begins with

the illustrated story of "The Incredible Floating Girl." Brad weaves this story together with lessons of success, fear, regret, gratitude, love, happiness, and dreams to reveal the true reason we are here: to fly, and to help others fly. Beautifully designed and featuring Montague's own whimsical 4-color illustrations that appeal to the kid in all of us, *Becoming Better Grownups* shares the purpose and meaning we can all discover merely by listening, and reveals that--in a world that seems increasingly childish--the secret to joy is in fact to become more childlike.

Women today are more fatigued, burned out, and overwhelmed than ever. You may feel like your life is frantic--that you're running on empty. In *When Less Becomes More*, you'll learn how to live a life of more in a world that often overwhelms to the point of burnout. Smartphones constantly ping and alert and demand your attention. And social media can eat up hours of your days with mindless scrolling and tapping while leaving you feeling empty and lonely. Add to that family commitments, work that is accessible around the clock, and overscheduling, and you have a life that can feel out of control. In *When Less Becomes More*, Emily Ley, author of the bestselling *Grace, Not Perfection* and *Growing Boldly*, takes you on a journey out of that empty place and shows you how to fill your wells with the nourishment that only true connection can provide. She also presents some radical concepts that push against the tethers of modern life, with the promise that more of the good stuff comes when we say yes to less of what keeps us empty: *Less Noise, More Calm Less Fake, More Real Less Rush, More Rhythm Less Liking, More Loving Less Distraction, More Connection Less Chasing, More Cherishing Less*

*Stuff, More Treasures Getting to more* might require some outside-the-box changes, some unraveling of the patterns you have adopted, and some reworking of the day to day. Build a life based on your core values instead of slipping into a life dictated by society or what's "normal." Because you weren't made for normal. You were made for more--for a life of fullness, dreaming, and lasting joy.

This book introduces the readers to the rapidly growing literature and latest results on financial, fundamental and seasonal anomalies, stock selection modeling and portfolio management. Fifty years ago, finance professors taught the Efficient Markets Hypothesis which states that the average investor could not outperform the stock market based on technical, seasonal and fundamental data. Many, if not most faculty and investors, no longer share that opinion. In this book, the authors report original empirical evidence that applied investment research can produce statistically significant stock selection and excess portfolio returns in the US, and larger excess returns in international and emerging markets.

The beloved New York Times bestselling author reflects on home, family, friendships and writing in this deeply personal collection of essays. "The elegance of Patchett's prose is seductive and inviting: with Patchett as a guide, readers will really get to grips with the power of struggles, failures, and triumphs alike." —Publisher's Weekly "Any story that starts will also end." As a writer, Ann Patchett knows what the outcome of her fiction will be. Life, however, often takes turns we do not see coming. Patchett ponders this truth in these wise essays that afford a fresh and intimate look into her mind and heart. At the center of *These Precious Days* is the title essay, a surprising and moving meditation on an unexpected friendship that explores "what it means to be seen, to find someone with whom you can be your best and most complete self." When Patchett chose an early galley of actor and producer Tom Hanks' short story collection to read one night before bed, she had no idea that this single choice would be life changing. It would introduce her to a remarkable woman—Tom's brilliant assistant Sooki—with whom she would form a profound bond that held monumental consequences for them both. A literary alchemist, Patchett plumbs the depths of her experiences to create gold: engaging and moving pieces that are both self-portrait and landscape, each vibrant with emotion and rich in insight. Turning her writer's eye on her own experiences, she transforms the private into the universal, providing us all a way to look at our own worlds anew, and reminds how fleeting and enigmatic life can be. From the enchantments of Kate DiCamillo's children's books (author of *The Beatryce Prophecy*) to youthful memories of Paris; the cherished

life gifts given by her three fathers to the unexpected influence of Charles Schultz's Snoopy; the expansive vision of Eudora Welty to the importance of knitting, Patchett connects life and art as she illuminates what matters most. Infused with the author's grace, wit, and warmth, the pieces in *These Precious Days* resonate deep in the soul, leaving an indelible mark—and demonstrate why Ann Patchett is one of the most celebrated writers of our time.
