Directory of Global Professional Accounting and Business Certifications Becker Professional Education Ltd International GAAP® 2019 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to:

- Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers).
- Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases).
- Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this standard.
- Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event.
- Address amended standards and new interpretations issued since the preparation of the 2018 edition.
- Explain the many other initiatives that are currently being

discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements.

- Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues.

Accounting Standards & IFRS (with FREE DOWNLOAD) Routledge Praise for Directory of Global Professional Accounting and Business Certifications "In a globalized world, employers are confronted by a bewildering variety of professional qualifications, some valid, some less weighty and some spurious and fraudulent. This excellent compilation enables the reader to touch base with such organizations and explore their true credentials through access to their whereabouts including Web sites. It is additionally pleasing that updates will be provided via the publisher's own Web site." --Professor Dr. Gerald Vinten Deputy Principal, Thames Graduate School, Ilford, London Past president, chairman and committee chair, and member of several professional bodies (including the Institute of Internal Auditors, Royal Society of Health, CIPFA, and AAT) "I've often wondered what the 'alphabet soup' after some colleagues' names means and how impressed I really should be. Now I can find out!...This directory will be a valuable reference guide for human resource professionals and anyone else who wants to know what those letters mean and how seriously to take them." --James Roth, PhD, CIA, CCSA President, AuditTrends "The Directory of Global Professional Accounting and Business Certifications by Lal Balkaran is an indispensable reference source for anyone involved in the international

accounting, auditing, and business professions. It is global, comprehensive, accurate, and easy to use. It is like having a personal contact book to all the world's professional organizations." --Belverd E. Needles Jr. Ernst & Young Alumni Professor, DePaul University Organized as a directory for easy reference of accounting and business designations, designatory letters, and contact information of all disciplines, Directory of Global Professional Accounting and Business Certifications contains over 960 bodies administering well in excess of 2000 designations and designatory letters in 145 countries. This handy, yet comprehensive, directory also provides an index with a country-by-country listing of the professional designations that exist there.

The IFRS (International Financial Reporting Standards) Certificate program (40.5 CPE Credits) will distinguish you from other accounting and finance professionals and expand your career opportunities both in the U.S. and globally. Since more than 125 countries require or permit the use of IFRS, taking this program will give you a distinct competitive advantage over your peers. As of January 1, 2018, those who successfully complete all courses in the curriculum will receive a certificate of achievement, a digital badge, a subscription to the eIFRS online subscription service and 40+ hours of CPE credit. Why is IFRS relevant in the US, and for you? U.S. multinationals are headquartered across the U.S., so you could easily find yourself with a client that has IFRS requirements, either for itself or a non-U.S. subsidiary. You might increasingly find yourself structuring deals and transactions with IFRS counterparties, including vendors and customers. Understanding the implications of structuring these transactions and reporting using IFRS will require you to have more than a passing knowledge of the differences between IFRS and U.S. GAAP. As both the FASB and IASB continue their standard-setting agendas, you'll need to assess proposals and be concerned about divergence that could impact your financial reporting or audit responsibilities going forward. Courses included: Credit for individual courses purchased can be applied to the full program if purchased within one year. IFRS: Business Combinations (IFRS 3) IFRS: Separate and Consolidated Financial Statements (IFRS 10 & IAS 27) IFRS: Earnings Per Share (IAS 33) IFRS: Fair Value Measurement (IFRS 13) IFRS: Financial Statements, Interim Reporting, and Cash Flows (IAS 1, IAS 34, and IAS 7) IFRS: Financial System Considerations in IFRS IFRS: The Effects of Changes in Foreign Exchange Rates IFRS: Impairment of Non-Financial Assets (IAS 36) IFRS: Income Taxes (IAS 12) IFRS: Intangible Assets (IAS 38) IFRS: Inventories (IAS 2) IFRS: Investment Property (IAS 40) IFRS: Investments in Associates and Joint Arrangements (IAS 28 and IFRS 11) IFRS: Financial

The increasing pace of global conformance towards the adoption of International Financial Reporting Standards (IFRS) highlights the need for accounting students as well as accounting practitioners to be conversant with IFRS. Teaching IFRS offers expert descriptions of, and insights into, the IFRS convergence process from a teaching and learning perspective. Hence this book is both timely and likely to have considerable impact in providing guidance for those who teach financial reporting around the world. The contents of the book come from authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the technical aspects of IFRS and their adoption. Drawing upon the experiences of those who have sought to introduce IFRS-related classroom innovations and the associated student outcomes achieved therefrom, the book offers suggestions about how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS-related teaching resources to support those courses. This book was originally published as a special issue of Accounting Education: An international journal.
