Long before *clinch covers* and *bodice rippers*, romance novels had a bad reputation as the lowbrow lit of desperate housewives and hopeless

spinsters. But why were these books-the escape and entertainment of choice for millions of women-singled out for scorn and shame?

Dangerous Books for Girls examines the secret history of the genre's bad reputation-from the "damned mob of scribbling women" in the nineteenth century to the sexy mass-market paperbacks of the twentieth century-and shows how romance novels have inspired and empowered generations of women to dream big, refuse to settle, and believe they're worth it. For every woman who has ever hidden the cover of a romance-and every woman who has been curious about those "Fabio books"-*Dangerous Books For Girls* shows why there's no room for guilt when reading for pleasure.

Sweet Savage Love

Harper Collins
NEW YORK TIMES BEST HISTORICAL FICTION OF 2020 "Only Katy Simpson Smith could have written a novel of such elegance, emotional power, and grace. The Everlasting, a quadruple love story spanning two millennia, is no less than the story of love itself—its frustrations and thrills, its blunders and transcendent glories. Meraviglioso."—Nathaniel Rich, author of *King Zeno* From a supremely talented author comes this brilliant and inventive literary work of historical fiction, set in Rome in four different centuries, that explores love in all its various incarnations and ponders elemental questions of good and

evil, obedience and free will that connect four unforgettable lives . . . Spanning two thousand years, *The Everlasting* follows four characters whose struggles resonate across the centuries: an early Christian child martyr; a medieval monk on crypt duty in a church; a Medici princess of Moorish descent; and a contemporary field biologist conducting an illicit affair. Outsiders to a city layered and dense with history, this quartet separated by time grapple with the physicality of bodies, the necessity for sacrifice, and the power of love to sustain and challenge faith. Their small rebellions are witnessed and provoked by an omniscient, time-traveling Satan who, though incorporeal, nonetheless suffers from a heart in search of repair. As their dramas unfold amid the brick, marble, and ghosts of Rome, they each must decide what it means to be good. Twelve-year old Prisca defiles the scrolls of her father's library. Felix, a holy man, watches his friend's body decay and is reminded of the first boy he loved passionately. Giulia de' Medici, a beauty with dark skin and limitless wealth, wants to

deliver herself from her unborn child. Tom, an American biologist studying the lives of the smallest creatures, cannot pinpoint when his own marriage began to die. As each of these conflicted people struggles with forces they cannot control, their circumstances raise a profound and timeless question at the heart of faith: What is our duty to each other, and what will God forgive? Moving back through time from today (*The Wilderness*) to the Renaissance (*The City*) to the Middle Ages (*The Grave*) and finally to Rome under Marcus Aurelius (*The Paradise*), Tom, Guilia, Felix, and Prisca search and suffer for love in the eternal city, made vivid and familiar as they reappear in each century.

A Case for Irony Harper Collins

Hubsch's argument that the technical progress and changed living habits of the nineteenth century rendered neoclassical principles antiquated is presented here along with responses to his essay by architects, historians, and critics over two decades. *The Last Cherry Blossom* Springer Science & Business Media Looks at the life of

particle physicists, showing who these people are and what their world is really like. Traweek shows their similarities and differences, how their careers are shaped, how they interact with their colleagues and how their ideas about time and space shape their social structure.

The Differentiated Classroom Thomas Nelson
Pretty, flighty Daisy Devreaux can either go to jail or marry the mystery man her father has chosen for her. Arranged marriages don't happen in the modern world, so how did the irrepressible Daisy find herself in this fix? Alex Markov, as humorless as he is deadly handsome, has no intention of playing the loving bridegroom to a spoiled little feather-head with champagne tastes. He drags Daisy from her uptown life to a broken down traveling circus and sets out to tame her to his ways. But this man without a soul has met his match in a woman who's nothing but heart. Before long, passion will send them flying sky high without a safety net... risking it all in search of a love that will last forever.
Consilience National Science Teachers Association

A woman with no name and no memory...The two men who claim her: one with love, the other with fear...A dazzling tale of secret passions—and a love tragically lost and miraculously reborn—by the incomparable storyteller. Mere days after Ashton Wingate's wedding to the enchanting Lierin, capricious Fate stole the Mississippi plantation owner's beloved from him. Now, three years later, his carriage has collided with a cloaked rider on horseback: a woman who bears an uncanny resemblance to the young bride who was swallowed up by the merciless river. She awakens from unconsciousness in his magnificent home with no memory of who she is. Yet the tenderness of this noble, caring stranger who lovingly calls her "Lierin" soon captures her heart and enflames her with wanting. Then another enters their lives, threatening to destroy the happiness they have rediscovered in each other's arms—the dark and dangerous Malcolm Sinclair, who claims the enigmatic beauty is, in fact, his own wife, Lenore. But Ashton has sworn that he will not lose his adored

one a second time, and he will risk any peril to preserve their newfound joy—no matter what the unremembered secrets of his lady's past ultimately reveal.

Intelligent, lively, humorous, and thoroughly engaging, "The Predictably Irrational" explains why people often make bad decisions and what can be done about it.

Uses of Heritage David R. Godine Publisher
Examining international case studies including USA, Asia, Australia and New Zealand, this book identifies and explores the use of heritage throughout the world. Challenging the idea that heritage value is self-evident, and that things must be preserved, it demonstrates how it gives tangibility to the values that underpin different communities.

Following the seventieth anniversary of the atomic bombing of Hiroshima,

this is a new, very personal story to join Sadako and the Thousand Paper Cranes. Yuriko was happy growing up in Hiroshima when it was just her and Papa. But her aunt Kimiko and her cousin Genji are living with them now, and the family is only getting bigger with talk of a double marriage! And while things are changing at home, the world beyond their doors is even more unpredictable. World War II is coming to an end, and since the Japanese newspapers don't report lost battles, the Japanese people are not entirely certain of where Japan stands. Yuriko is used to the sirens and the air-raid drills, but things start to feel more real when the neighbors who have left to fight stop coming home. When the bombs hit Hiroshima, it's through Yuriko's twelve-year-old eyes that we witness the devastation and horror. This is a story that offers young readers insight into how children lived during the war, while also introducing them to Japanese culture. Based loosely on author Kathleen Burkinshaw's mother's firsthand experience surviving the atomic bombing of

Hiroshima, *The Last Cherry Blossom* hopes to warn readers of the immense damage nuclear war can bring, while reminding them that the "enemy" in any war is often not so different from ourselves.

This volume weaves together the Scottish otter stories from Gavin Maxwell's three non-fiction books, *Ring of Bright Water* (1960), *The Rocks Remain* (1963), and *Raven Meet Thy Brother* (1969). Maxwell was both an extraordinarily evocative writer and a highly unusual man. While touring the Iraqi marshes, he was captivated by an otter and became a devoted advocate of and spokesman for the species. He moved to a remote house in the Scottish highlands, co-habiting there with three otters and living an idyllic and isolated life - at least for a while. Fate, fame,

and fire conspired against this paradise, and it, too, came to an end, though the journey was filled with incident and wonder. Maxwell was also talented as an artist, and his sinuous line drawings of these amphibious and engaging creatures, and the homes they occupied, illustrate his story. This book stands as a lasting tribute to a man, his work, and his passion. It was received and has endured as a classic for its portrait not only of otters but also of a man who endured heartaches and disappointments, whose life embodied both greatness and tragedy. He writes with rare eloquence about his birth, his devotion to the beloved Scottish highlands, and the wildlife he loved, while refusing to ignore the darker aspects of his nature and of nature in its larger sense.

Through them, you'll understand how to use Scrum to solve complex problems and drive better results—delivering more valuable software faster.
