*Message in a Bottle* John Wiley & Sons  
Welcome to Sandy Point, Oregon: a sleepy beach town that's home to a giant anchor statue, a sometimes-karaoke-bar, and Frosty's questionably legendary Sunday Sundae Surprise. A town Jo, Autumn, and Bianca thought they'd left far behind when they graduated high school, finally moving on to greener pastures than the midway point for tourists heading to the Goonies house. But life seldom goes according to plan. Bianca Boria-Birdy, former prom queen and valedictorian, has always been an overachiever. As she juggles managing the family tattoo parlor, caring for her grandmother, and adjusting to a new marriage, Bianca's schedule becomes

stricter than ever, with no room for disruption. What she really needs is a vacation, but not even Bianca Boria-Birdy can achieve the impossible. Autumn Kelly used to be an actress. Now she teaches drama at Sandy Point High. She may have had to kiss her movie-star dreams goodbye, but molding the next generation of performers has given her life meaning in a whole new way. Until the sudden reappearance of her ex-best friend throws everything off-balance. Jo Freeman has it all together. With a cool job in Silicon Valley, connections at the trendiest fitness studios, and a down payment on her dream condo, she's well on her way to reaching every one of her goals before thirty. Or she was, before she got fired and landed right back home with her parents and teenage sister. When Jo finds an old bucket list in her childhood bedroom, it

sets the three women on a path that brings them closer to one another with each task. And it just might lead to a life none of them could have planned.

"The best friends to enemies-to-lovers story I needed in my life! The Charmed

List utterly enchants with its delightful characters and heartfelt themes of family, friendship, and first love. I adored this fun-filled and swoony road trip romance with a magical twist!" —Axie Oh, author of *XOXO* and *The Girl Who Fell Beneath the Sea*

Sometimes you need a little magic to fall in love. Ellie Kobata has spent most of high school on the sidelines, keeping her art Instagram private and shying away from the world. She can't even tell her only friend, Lia, who she really is: Ellie is part of a secret magical community, and no one outside of it can know it exists. The only person Ellie could fully relate to was Jack Yasuda – her childhood friend who mysteriously started to snub her a few years ago. But before senior year, Ellie is ready to take some risks and have a life-changing summer, starting with her Anti-Wallflower List – thirteen items she's going to check off one by one. With this list, she hopes to finally come out of her shell; even though she can't share her full self with the world. But when number four on Ellie's list goes horribly wrong—revenge on Jack Yasuda—she's certain her summer is cursed. Instead of spending her summer with Lia, Ellie finds herself stuck in a car with Jack driving to a magical convention. But as Ellie and Jack travel down the coast of California, number thirteen on her list—fall in love—may be happening without her realizing it. In *The Charmed List*, Julie Abe sweeps readers away to a secret magical world, complete with cupcakes and tea with added sparks of joy, and an enchanted cottage where you can dance under the stars.

The purchase and consumption of wine, whether in hospitality environments or domestic settings, has huge anthropological significance underpinned by a discourse of wine appreciation. It can be seen as a multi-sensory and symbolically status-rich activity framed by historical, social, cultural and ethical discourses. This innovative book offers a critical study of wine from social and cultural perspectives. The field of wine studies spans the spectrum of cultural and technical issues concerning the place of wine in society from viticulture, vinification, labelling, regulation, marketing, purchasing, storage and its final consumption. It combines social history and contemporary questions including the notion of terroir, the nature of protected wine designations, the pricing of wine and the different motivations for buying and consuming wine. It considers wine as a beverage, as an aesthetic exercise and as a marker of status, as well

as health implications and legal controls. The title offers a timely contribution into the significance of wine and the role of knowledge, both of which have conceptual and managerial implications in terms of marketing, promotion, consumption and distribution. By offering a holistic and innovative understanding of wine and its consumption, it is a must-read for students and scholars in the fields of wine and social science.

A family finds a mysterious bottle. Within the bottle, a book. Within the book, a story. And within the story their own adventure. Supposing a book were to appear sewn from all the different parts of your favorite stories. What could it be, but a tale of change? .Frogs become princes, orphans become kings, kings become beggars, milkmaids become knights. Duels become dances, tombs become houses, a deathly chase becomes a coronation. We read to children bedtime stories that warn them and promise them: all things change. Then we click off the light, expecting them to be unchanged when they wake in the morning. In a bottle is a book, and in the book is a city built of pieces. In that city is a beggar who became a duke, a rat who becomes a cat, a song that became a promise. Ghosts, assassins, kings and cobblers shift and dance across this city,

finding who they are by what story they tell of themselves. And in the very center of the dance, a man stands balanced on a wheel. From the book: I consider. "A good adventure story has a chase through a graveyard. There shall be a duel on a cliff by moonlight or firelight or lightning. There must be treasure. A magic ring. A haunted tomb and a ruined castle. Guards tricked, villains confounded. A lost heir, disguises, an assassin, ghosts, revenge, mutant tigers -" "What?" I ignore that. "- mutant tigers, an ancient battle between good and evil, an execution, a daring escape. There must be a prophecy that actually surprises, a final battle with an unexpected ending. There must be dull villagers, street-smart orphans and an impossibly clever-but-wicked noble villain." "What book is this?" I brush that aside. "No one book. It is my list of pieces from the best. Adventures by night in a graveyard are in *Tom Sawyer*, in *Great Expectations*, *The Horse and His Boy*, in *Harry Potter*. Duels are in *The Three Musketeers* and *The Princess Bride*. The *Westing Game* and *The Three Musketeers* have mystery and disguises. *The Treasure of Alpheus Winterborn* and *The Hobbit* and *Treasure Island* and *Tom Sawyer* have treasures and a mystery. *The High King* and *The Mouse and His Child* have a prophecy that actually surprises. *Lord of The Rings* has magic rings and ghosts and the lost heir and mutant tigers -" "Does not!" " -and *The Beggar Princess* and *The Prince and The Pauper* have the clever street-wise kids. *Harry Potter and The Black Cauldron* and *The Sword in the Stone* and *Momo* and *The Wizard of Oz* all have the crazy wizard and the orphan with a destiny and *The Last Unicorn* and *Lud in the Mist* and *The Thirteen Clocks* and *Three Musketeers* and *The Princess Bride* have the sly noble villain." I have to stop for breath. I must be getting old.

In remembrance of the 75th anniversary of the liberation of Auschwitz and the Nazi concentration camps, this award-winning, bestselling work of Holocaust fiction, inspiration for the classic film and "masterful account of the growth of the human soul" (*Los Angeles Times Book Review*), returns with an all-new introduction by the author. An "extraordinary" (*New York Review of Books*) novel based on the true story of how German war profiteer and factory director Oskar Schindler came to save more Jews from the gas chambers than any other single person during World War II. In this milestone of Holocaust literature, Thomas Keneally, author of *The Book of Science and Antiquities* and *The Daughter*

of Mars, uses the actual testimony of the Schindlerjuden—Schindler’s Jews—to brilliantly portray the courage and cunning of a good man in the midst of unspeakable evil. “Astounding...in this case the truth is

far more powerful than anything the imagination could invent” (Newsweek).
