Gordon J. Van De

Water has collected editions of the world classic the Tao Te Ching and pondered this ancient, yet still vibrant Chinese text of wisdom literature. Written in the sixth century before the Common Era and ascribed to Lao Tzu, a venerable sage, it offers a guide to life based on adherence to the Tao or Mother Nature, those forces and powers that govern and shape both the world and human nature. Its eighty-one verses repeatedly emphasize seeking harmony through simplicity, the rejection of the trappings of material wealth and the arrogance of power, and identification with the great underlying forces of the universe. Many of the verses also offer

practical wisdom for those in leadership positions. So fascinating has been the compressed wisdom of the Tao Te Ching that it has been translated into many languages more often than any other book except the Bible. Van De Water has sought to strike to the heart of this highly compressed and often enigmatic text by creating a plain English version that highlights the continuing relevance of the Tao Te Ching for our complex and oft troubled times. His interpretation also includes an introduction, selected translations and interpretations in English by pioneering scholars, and an extensive bibliography of translations and interpretations in

English.

This is a new translation of the Tao Te Ching in contemporary English by Sam Torode. "This is the gift that ancient humans would give us if they saw us today... Wisdom." --Jimmy of the "Bright Insight" YouTube channel, speaking of this edition of the Tao Te Ching. Wise yet worldly, spiritual yet practical, the Tao Te Ching is beloved by seekers all the world over. This new edition features a lucid, poetic translation that makes the Tao Te Ching accessible to contemporary readers. The Tao Te Ching is a series of meditations on the mysterious nature of

the Tao--the Way, the guiding light, the very source of all existence. According to Lao Tzu (a name meaning "the old master"), the Tao is found where we would least expect it--not in the strong but in the weak; not in speech but in silence; not in doing but in "not-doing." Also available as a contemplative audiobook.

This book contains the 37 most important and interesting chapters of the 81 in the Tao Te Ching. The selected chapters cover Lao Tzu's philosophical and spiritual concepts. The chapters not selected are mostly political and social. This version stays close to the original text of Tao Te Ching. The goal is to convey LaoTzu's

thoughts clearly and coherently to a 21st century reader. No added comments or notes are necessary. This translation is actually new, written in 2020. The language is idiomatic American english. People say my Tao teaching is great, but it's strange. Being strange is what makes it great. If it's familiar, it's not worth much. -

The Tao Te Ching has served as a personal road map for millions

of people. It is said that its words reveal the underlying principles that govern the world in which we live.

Holding to the laws of nature--drawing from the essence of what all things are--it offers both a moral compass and an internal balance. A

fundamental book of the Taoist, the Tao Te Ching is regarded as a revelation in its own right. For those seeking a better understanding of themselves, it provides a wealth of wisdom and insights. Through time--from one powerful dynasty to another--many changes have been made to the original Chinese text of the Tao Te Ching. Over the last century, translators have added to the mix by incorporating their interpretations. While

jackhammering its original text, some have created beautiful versions of the Tao Te Ching in the name of poetic license. Others have relied on variant forms of the original, while still others have added their own philosophical spins to the material. -

The Tao Te Ching stands as one of the world's most popular and inspiring works of great literature. This translation, which comes from the secret oral tradition of The T'ien-Shih (Celestial Masters), will take you on a journey into a Taoist heart and soul.

This book is an English translation of the German book Tao Te King: Das Buch vom Sinn und Leben by Richard Wilhelm. That book is, of course, a translation of the Chinese classic Tao Te Ching by Lao Tzu. Richard Wilhelm was a highly regarded scholar of ancient Chinese literature. His translation of I Ching is still considered one of the best. In 1910 he published his translation of Tao Te Ching. He intended it for the general reader, not just academics. With this eBook it is now available to English speaking readers, Comments on Wilhelm's translation: "There are several good scriptural translations of the Tao Te Ching. I think Wilhelm's is the best". -

Through aphorisms and parable, it leads readers toward the

Tao, or the "Way": harmony with the life force of the universe. Traditionally attributed to Lao-tzu, a Chinese philosopher thought to have been a contemporary of Confucius, it is the essential text of Taoism, one of the three great religions of ancient China. As one of the world's great works of wisdom literature, it still has much to teach us today, offering a practical model based on modesty and self-restraint for living a balanced existence and for opening your mind, freeing your thoughts, and attaining enlightenment and self-awareness. With its emphasis on calm, simplicity, purity, and non-action, it provides a time-tested refuge from the busyness of

modern life. This new translation seeks to understand the Tao Te Ching as a guide to everyday living and encourages a slow, meditative reading experience. The Tao Te Ching's eighty-one brief chapters are accompanied by illuminating commentary, interpretation, poems, and testimonials by the likes of Margaret Mead, Ursula K. Le Guin, and Dr. Wayne W. Dyer. Specially commissioned calligraphy for more than two hundred Chinese characters illustrates the book's essential themes. *Tao Te Ching* Simon and Schuster
'Of ways you may speak, but not the Perennial Way; By names you may name, but not the Perennial

Name.' The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. The dominant image is of the Way, the mysterious path through the whole cosmos modelled on the great Silver River or Milky Way that traverses the heavens. A life-giving stream, the Way gives rise to all things and holds them in her motherly embrace. It enables the individual, and society as a whole, to harmonize the disparate demands of daily life and achieve a

more profound level of understanding. This new translation draws on the latest archaeological finds and brings out the word play and poetry of the original. Simple commentary accompanies the text, and the introduction provides further historical and interpretative context.

The *Tao Te Ching* is a classic Chinese text written around the 6th century BC by Laozi, a

Zhou-dynasty courtier. While its authorship is debated, the text remains a fundamental building block of Taoism and one of the most influential works of its time. Today it's one of the most-translated works in the world. The work itself is a series of 81 short poetic sections, each one written in a fluid, ambiguous style, leaving them open to wide interpretation. Subjects range from advice to those in power to advice to regular people and adages for daily living. Because of its ambiguous nature the Tao Te Ching is famously difficult to translate, and many, if not all, translations are significantly influenced by the translator's state of mind. This translation is by James

Legge, a famous Scottish sinologist and the first professor of Chinese at Oxford University. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
