Many pastors and lay counselors have
had minimal training in clinical methods
of grief counseling. Helping Those in
Grief is a biblical, practical guide to
pastoral counseling written by one of the
most respected Christian therapists of

our time. This book is the next step after Wright's best-selling *The New Guide to Crisis and Trauma Counseling*. Wright brings more than 40 years of clinical and classroom experience to this topic, and shares real-life dialogs from his private practice to demonstrate healthy, healing counseling sessions. Readers will learn how to counsel and coach both believers and non-believers who are grieving, how to walk alongside them and how to help them find the path to complete restoration.

This one-of-a-kind text brings together contemporary theories of addiction and

helps readers connect those theories to practice using a common multicultural case study. Theories covered include motivational interviewing, moral theory, developmental theory, cognitive behavioral theories, attachment theory, and sociological theory. Each chapter focuses on a single theory, describing its basic tenets, philosophical underpinnings, key concepts, and strengths and weaknesses. Each chapter also shows how practitioners using the theory would respond to a common case study, giving readers the opportunity to compare how the different theoretical approaches are applied to client situations. A final chapter discusses approaches to relapse prevention. Rearrange It! Red Wheel/Weiser Teachers know that their students love

to explore and learn. But, how do we make this possible with thirty students, with different needs, learning styles, and backgrounds, all in one small room with one teacher in the class? Designed to help teachers reflect on their current teaching practice, "Student-Driven Learning" suggests small shifts, medium-sized ideas, and big changes that can be made to encourage student engagement through flexible, student-centered learning. Experiential learning that is student-driven fosters autonomy and shifts the focus from the knowledge and influence of the teacher to the experiences of the students. Student-Driven Learning helps teachers introduce opportunities for students to learn their own way, to take initiative, and to experience, wonder, and create.

- How can I best help someone who has lost a loved one?

The Professor Is In Simon and Schuster

An inspiring guide to saying thank you,

one heartfelt note at a time. We all know that gratitude is good for us--but the real magic comes when we express it. Writer Gina Hamadey learned this life-changing lesson firsthand when a case of burnout and too many hours on social media left her feeling depleted and disconnected. In this engaging book, she chronicles how twelve months spent writing 365 thank-you notes to strangers, neighbors, family members, and friends shifted her perspective. Her journey shows that developing a lasting active gratitude practice can make you a happier person, heal complicated relationships, and reconnect you with the people you love--all with just a little bit of bravery at the mailbox. How can we turn an often-dreaded task into a rewarding act of self-care that makes us feel more present,

joyful, and connected? Whether we're writing to a long-lost friend, a helpful neighbor, or a child's teacher, this inspiring book helps us reflect on meaningful memories and shared experiences and express ourselves with authenticity, vulnerability, and heart. Informed by Hamadey's year of discovery as well as interviews with experts on relationships, gratitude, and more, this deceptively simple guide offers a powerful way to jump-start your joy. Hamadey found herself thanking not only family members and friends, but less expected people in her sphere, including local shopkeepers, physical therapists, long-ago career mentors, favorite authors, and more. Once you get going, you might find yourself cultivating an active gratitude practice,

too--one heartfelt note of thanks at a time.

A beautiful commemorative edition of Dr. Martin Luther King's essay "Letter from Birmingham Jail," part of Dr. King's archives published exclusively by HarperCollins. With an afterword by Reginald Dwayne Betts On April 16, 1923, Dr. Martin Luther King Jr., responded to an open letter written and published by eight white clergyman admonishing the civil rights demonstrations happening in Birmingham, Alabama. Dr. King drafted his seminal response on scraps of paper smuggled into jail. King criticizes his detractors for caring more about order than justice, defends nonviolent

protests, and argues for the moral responsibility to obey just laws while disobeying unjust ones. "Letter from Birmingham Jail" proclaims a message - confronting any injustice is an acceptable and righteous reason for civil disobedience. This beautifully designed edition presents Dr. King's speech in its entirety, paying tribute to this extraordinary leader and his immeasurable contribution, and inspiring a new generation of activists dedicated to carrying on the fight for justice and equality.
