Reacher: Bad Luck and Trouble (Movie Tie-In) Serpent's Tail "One may take delight in what is here: the souvenir of an unabashed and often triumphant erotic life . . . Rediscovered after nearly two hundred years, the story of [Anne Lister's]

desire--and of the comic, gallant ways in which she satisfied it--seems especially poignant . . . . What Lister's diary suggests is that . . . the passion women find together has always existed, and we have only now begun to uncover its remarkable, lyrical history." —The Women's Review of Books "An interesting historical record, edited with great sensitivity . . . . [Lister] reveals her lesbian affairs with remarkable honesty, offering a rare insight into the mores of the time." —Sunday Independent "As a document of one woman's revolt against convention and as a celebration of love between women, this is an uplifting book." —The Independent Upon publication, the first volume of Anne Lister's diaries, *I Know My Own Heart*, met with celebration, delight, and some skepticism. How could an upper class Englishwoman, in the first half of the nineteenth century, fulfill her emotional and sexual needs when her sexual orientation was toward other women? How did an aristocratic lesbian manage to balance sexual fulfillment with social acceptability? Helena Whitbread, the editor of these diaries, here allows us an inside look at the long-running love affair between Anne Lister and Marianna Lawton, an affair complicated by Anne's infatuation with Maria Barlow. Anne travels to Paris where she discovers a new love interest that conflicts with her developing social aspirations. For the first time, she begins to question the nature of her identity and the various roles female lovers may play in the life of a gentrywoman. Though unequipped with a lesbian vocabulary with which to describe her erotic life, her emotional conflicts are contemporary enough to speak to us all. This book will satisfy the curiosity of the many who became acquainted with Lister through *I Know My Own Heart* and are eager to learn more

about her revealing life and what it suggests about the history of sexuality.

"Poetic musings on a life well-lived—one that is still moving forward, always creating, always luminous. This isn't your typical autobiography. Garfunkel's history is told in flowing prose, bounding from present to past, far from a linear rags-to-riches story." —Bookreporter "It's hard to imagine any single word that would accurately describe this book . . . an entertaining volume that's more fun to read than a conventional memoir might have been." —The Wall Street Journal "A charming book of prose and poetry printed in a digitalized version of his handwriting . . . witty, candid, and wildly imaginative . . . A highly intelligent man trying to make sense of his extraordinary life." —Associated Press From the golden-haired, curly-headed half of Simon & Garfunkel, a

memoir (of sorts)—moving, lyrical impressions, interspersed throughout a narrative, punctuated by poetry, musings, lists of resonant books loved and admired, revealing a life and the making of a musician, that show us, as well, the evolution of a man, a portrait of a life-long friendship and of a collaboration that became the most successful singing duo in the roiling age that embraced, and was defined by, their pathfinding folk-rock music. In *What Is It All but Luminous*, Art Garfunkel writes about growing up in the 1940s and '50s (son of a traveling salesman, listening as his father played Enrico Caruso records), a middle-class Jewish boy, living in a redbrick semi-attached house on Jewel Avenue in Kew Gardens, Queens. He writes of meeting Paul Simon, the kid who made Art laugh (they met at their graduation play, *Alice in Wonderland*; Paul was the White Rabbit; Art, the Cheshire Cat). Of their being twelve at the birth of rock'n'roll ("it was rhythm and blues. It was black. I was captured and so was Paul"), of a demo of their song, *Hey Schoolgirl* for seven dollars and the actual record (with Paul's father on bass) going to #40 on the charts. He writes about their becoming Simon & Garfunkel, ruling the pop charts from the age of sixteen, about not being a natural performer but more a thinker, an underground man. He writes of the hit songs; touring; about being an actor working with directors Mike Nichols ("the greatest of them all"), about choosing music over a PhD in mathematics. And he writes about his long-unfolding split with Paul, and how and why it evolved, and after; learning to perform on his own . . . and about being a husband, a father and much more.

Listed for the 2019 Portico Prize The extraordinary life of

history's first modern lesbian who inspired the popular television series Gentleman Jack. Anne Lister's journals were so shocking that the first person to crack their secret code hid them behind a fake panel in his ancestral home. Anne Lister was a Regency landowner, an intrepid world traveller ... and an unabashed lover of other women. In this bold new biography, prizewinning author Angela Steidele uses the diaries to create a portrait of Anne Lister as we've never seen her before: a woman in some ways very much of her time and in others far ahead of it. Anne Lister recorded everything from the most intimate details of her numerous liaisons through to her plans to make her fortune by exploiting the coal seams under her family estate in Halifax and her reaction to the Peterloo massacre. She conducted a love life of labyrinthine complexity, all while searching for a girlfriend who could provide her with both financial security and true love. Anne Lister's rich and unconventional life is now the subject of the major BBC TV drama series Gentleman Jack.

The original novelization of King Kong, featuring a new introduction by Jack Thorne, the Tony-winning playwright of King Kong: Alive on Broadway, and cover art by the celebrated Olly Moss The giant primeval gorilla King Kong is one of the most recognized images in our culture. So great is the mighty Kong's hold on the popular imagination that his story has inspired an entire cinematic universe. Now the legendary monster comes to the stage in the brand-new musical King Kong: Alive on Broadway. Beneath King Kong's cultural significance, however, is a tense and surprisingly tender story. One cannot help but be

frightened by Kong's uncontrollable fury, be saddened over the giant's capture, mistreatment, and exploitation by venal showmen, or sympathize with the beast's ill-fated affection for the down-on-her-luck starlet Ann Darrow. Discover the extraordinary diaries of the real Anne Lister: the inspiration for Gentleman Jack and Emma Donoghue's new novel Learned By Heart 'Engaging, revealing, at times simply astonishing' SARAH WATERS '[Anne Lister's] sense of self, and self-awareness, is what makes her modern to us . . . The diaries gave me courage' JEANETTE WINTERSON 'The Lister diaries are the Dead Sea Scrolls of lesbian history' EMMA DONOGHUE When this volume of Anne Lister's diaries was first published in 1988, it was hailed as a vital piece of lost lesbian history. The editor, Helena Whitbread, had spent years painstakingly researching and transcribing Lister's extensive journals, much of which were written in an elaborate code - what Lister called her 'crypthand', which allowed her to record her life in intimate, and at times, explicit, detail. Until then, Anne Lister's lesbianism had been suppressed or hinted at; this was the first time her story had been told. Anne Lister defied the role of nineteenth century womanhood: she was bold, fiercely independent, a landowner, industrialist, traveller and lesbian - a woman who lived her life on her own terms. These diaries include the years 1816-1824. The second volume, continuing Anne's story, THE SECRET DIARIES OF MISS ANNE LISTER: NO PRIEST BUT LOVE, is now available. *Gentleman Jack.
