### **The Secret of the Seven Petals** Springer

"Filled with examples of courage, wisdom, and innovation, *Surviving the Shadows* is a must-read for anyone in the military, anyone associated with the military, or anyone protected by the military." —Nate Self, Army Ranger, Captain (ret.), decorated Iraq and Afghanistan War hero, author of *Two Wars: One Hero's Fight on Two Fronts—Abroad and Within* "The news Bob Delaney brings...is poignant, up-to-date, well earned, and maybe lifesaving: You are not alone; sharing yourself with others can transform your very existence." —James S. Gordon, M.D., author of *Unstuck: Your Guide to the Seven-Stage Journey Out of Depression* "Bob Delaney was very effective in addressing our personnel...His perspective as a former law enforcement officer who suffered through PTSD was eye-opening and comforting for our men and women." —Jane E. Castor, Chief of Police, City of Tampa Police Department "Surviving the Shadows is a must-read for all those who serve their city, county, state, or country. Post-Traumatic Stress for too long has been treated like a secret—this book helps to remove that stigma and provides education, awareness, and hope." —Don O'Leary, New York City Fire Department Captain (retired) We are all touched by PTSD in some way—husbands and wives, fathers and mothers, brothers and sisters, families and friends. Too often we have questions without answers, or don't know where to turn for help. But the truth is, what we really need is each other. *Surviving the Shadows* is an uplifting journey through powerful and inspiring stories—marked by perseverance and personal courage—about an array of people who have suffered directly or indirectly from Post-Traumatic Stress. Along the way, PTSD education and awareness leader Bob Delaney introduces you to medical experts who have developed groundbreaking methods in dealing with the disorder, and profiles one-of-a-kind programs around the country devoted to assisting PTSD sufferers. The first step to healing is one person away. The stories within *Surviving the Shadows* will help you understand the

truth about Post-Traumatic Stress, and how we can help each other overcome it every day. *Spain, the Second World War, and the Holocaust* Berghahn Books Post-war Germany has been seen as a model of 'transitional justice' in action, where the prosecution of Nazis, most prominently in the Nuremberg Trials, helped promote a transition to democracy. However, this view forgets that Nazis were also prosecuted in what became East Germany, and the story in West Germany is more complicated than has been assumed. Revising received understanding of how transitional justice works, Devin O. Pendas examines Nazi trials between 1945 and 1950 to challenge assumptions about the political outcomes of prosecuting mass atrocities. In East Germany, where there were more trials and stricter sentences, and where they grasped a broad German complicity in Nazi crimes, the trials also helped to consolidate the emerging Stalinist dictatorship by legitimating a new police state. Meanwhile, opponents of Nazi prosecutions in West Germany embraced the language of fairness and due process, which helped de-radicalise the West German judiciary and promote democracy. *Shadows Seven* Indiana University Press

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. In addition, Black Belt produces and markets over 75 martial arts-oriented books and videos including many about the works of Bruce Lee, the best-known marital arts figure in the world.

### *Life among the Ruins* Harper

Gille was just five when her mother, Russian writer Irene Nemirovsky, was deported to Auschwitz, and the two never heard from each other again. This work is a fictionalized account of their wrenching separation and a piercing look at what it means to survive mass genocide.

### *The Dark Between the Stars* The History Press

Between ten thousand and twelve thousand Jews tried to escape Nazi genocide by going into hiding. With the help of Jewish and non-Jewish relatives, friends, or people completely unknown to them, these "U-boats," as they came to be known, dared to lead a life underground. *Flight and Concealment* brings to light their hidden stories. Deftly weaving together personal accounts with a broader comparative look at the experiences of Jews throughout Germany, historian Susanna Schrafstetter tells the story of the Jews in Munich and Upper Bavaria who fled deportation by going underground. Archival sources and interviews with survivors and with the Germans who aided or exploited them reveal a complex, often intimate story of hope, greed, and sometimes betrayal. *Flight and Concealment* shows the options and strategies for survival of those in hiding and their helpers, and discusses the ways in which some Germans enriched themselves at the expense of the refugees.

### **Black Belt** Indiana University Press

Percy Jackson meets Indiana Jones in the New York Times bestselling epic adventure *Seven Wonders! The Tomb of Shadows* is the third book in a seven-book series by master storyteller Peter Lerangis. This sequel to the bestselling *Lost in Babylon* and *The Colossus Rises* chronicles the adventures of Jack McKinley and his friends in a life-or-death race to the Mausoleum at Halicarnassus. In the rubble of this Wonder of the Ancient World, they have to face down their own demons and engage in an epic battle with foes long gone. But when promises are broken, blood is spilled—and the Select are left with no choice but to destroy the one thing that might have saved them all. Rick Riordan, author of the Percy Jackson series, praised *Seven Wonders Book 1: The Colossus Rises* as "a high-octane mix of modern adventure and ancient secrets. Young readers will love this story. I can't wait to see what's next in the *Seven Wonders* series!"

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

*A Forest of Stars* Harper Collins

Sheds new light on the mistreatment of downed airmen during World War II and the overall relationship between the air war and state-sponsored violence. Throughout the vast expanse of the Pacific, the remoteness of Southeast Asia, and the rural and urban communities in Nazi-occupied Europe, more than 120,000 American airmen were shot down over enemy territory during World War II, thousands of whom were mistreated and executed. The perpetrators were not just solely fanatical soldiers or Nazi zealots but also ordinary civilians triggered by the death and devastation inflicted by the war. In *Forgotten Casualties*, author Kevin T Hall examines Axis violence inflicted on downed Allied airmen during this global war. Compared with all other armed conflicts, World War II exhibited the most widespread and ruthless violence committed against airmen. Flyers were deemed guilty because of their association with the Allied air forces, and their fate remained in the hands of their often-hostile captors. Axis citizens angered by the devastation inflicted by the war, along with the regimes' consent and often encouragement of citizens to take matters into their own hands, resulted in thousands of Allied flyers' being mistreated and executed by enraged civilians. Written to help advance the relatively limited discourse on the mistreatment against flyers in World War II, *Forgotten Casualties* is the first book to analyze the Axis violence committed against Allied airmen in a comparative, international perspective. Effectively comparing and contrasting the treatment of POWs in Germany with that of their counterparts in Japan, Hall's thorough

analysis of rarely seen primary and secondary sources sheds new light on the largely overlooked complex relationship among the air war, propaganda, the role of civilians, and state-sponsored terror during the radicalized conflict. Sources include postwar trial testimonies, Missing Air Crew Reports (MACR), Escape and Evasion reports, perpetrators' explanations and rationalizations for their actions, extensive judicial sources, transcripts of court proceedings, autopsy reports, appeals for clemency, and justifications for verdicts. Drawing heavily on airmen's personal accounts and the testimonies of both witnesses and perpetrators from the postwar crimes trials, *Forgotten Casualties* offers a new narrative of this largely overlooked aspect of Axis violence.

2003 Virago Press

Discover the satisfaction of becoming the man God created you to be. In a world that's grown increasingly confused about--and hostile toward--the very notion of masculinity, authors Jefferson Bethke and Jon Tyson send a powerful call to men everywhere: it's time to step into the light of Jesus' vision for you as a man. There's a shadow that's settled over the hearts of men today. Masculinity is in crisis. Critiques about the dangers of toxic masculinity and the abuses of patriarchal systems have grown louder than ever. The very notions of masculinity and manhood are under attack. In response to cultural shifts, some have doubled down on old stereotypes in ways that just add to the conflict and confusion. The result? Many men simply feel paralyzed--worried about saying the wrong thing, unsure what to do with their ambitions or strengths, simultaneously tempted and shamed by a hypersexualized and pornified culture. Our models and mentors have failed us. Based on their years of working in men's ministry, Bethke and Tyson have good news for men looking for clarity and courage in this age of quiet desperation. In *Fighting Shadows*, they help men overcome the temptations of escapism, passivity, or overcompensation; combat the most harmful shadows that men battle today, including loneliness, apathy, distraction, lust, and shame; and embrace masculinity as a God-given gift, not a curse to be avoided, suppressed, or battled. An entire generation of men is being told they should abdicate the responsibility and joy of living into God's calling on their lives--don't be one of them. If you're a man who's wondering what to do with your strength, your longings, and your gifts, it's time to step out of the shadows. Jesus has a vision for you.

Shadows of a Childhood Sourcebooks, Inc.

As home to 1920s excess and Hitler's Final Solution, Berlin's physical and symbolic landscape was an important staging ground for the highs and lows of modernity. In Cold War Berlin, social and political boundaries were porous, and the rubble gave refuge to a re-emerging gay and lesbian scene, youth gangs, prostitutes, hoods, and hustlers.

*Black Belt* Cambridge University Press

In the late 1980s, Holocaust literature emerged as a provocative, but poorly defined, scholarly field. The essays in this volume reflect the increasingly international and pluridisciplinary nature of this scholarship and the widening of the definition of Holocaust literature to include comic books, fiction, film, and poetry, as well as the more traditional diaries, memoirs, and journals. Ten contributors from four countries engage issues of authenticity, evangelicalism, morality, representation, personal experience, and wish-fulfillment in Holocaust literature, which have been the subject of controversies in the US, Europe, and the Middle East. Of interest to students and instructors of antisemitism, national and comparative literatures, theater, film, history, literary criticism, religion, and Holocaust studies, this book also contains an extensive bibliography with references in over twenty languages which seeks to inspire further research in an international context.

The Tomb of the Shadow King Orbit

Follow the story of Jack McKinley in the mysterious, action-packed adventure series that takes place throughout the Seven Wonders of the Ancient World. Jack discovers a secret organization on a hidden island and becomes the leader of a mission to retrieve seven lost magical orbs. As Jack and his three friends realize their lives are at stake, they have no choice but to accept the quest and embark on the challenge of their lives. Four friends. Six

months. Seven Wonders. One goal. This collection includes books 1 through 3 in this bestselling series (The Colossus Rises, Lost in Babylon, and The Tomb of Shadows). It also includes the thrilling prequel novella to book 1, Seven Wonders Journals: The Select, plus Seven Wonders Journals: The Orphan, a short novella that chronicles a key character's valiant battle to rescue her best friend.

*Survival in the Shadows* Fordham Univ Press

Percy Jackson meets Indiana Jones in the New York Times bestselling epic adventure Seven Wonders! Lost in Babylon is the second book in a seven-book series by master storyteller Peter Lerangis. This sequel to the bestselling The Colossus Rises chronicles Jack McKinley and his friends as they carry on their mission to save their lives—and the world—by locating seven magic orbs called Loculi, which are hidden in the Seven Wonders of the Ancient World. After defeating the Colossus of Rhodes and capturing the first of the Loculi, their friend Marco has disappeared. With no leads, no clues, and no one else to turn to, the kids have no choice but to trust Professor Bhegad and the Karai Institute again as they head off to Babylon. Rick Riordan, author of the Percy Jackson series, praised Seven Wonders Book 1: The Colossus Rises as "a high-octane mix of modern adventure and ancient secrets. Young readers will love this story. I can't wait to see what's next in the Seven Wonders series!"

[The Other Schindlers](#) Cambridge Scholars Publishing

In Kevin J. Anderson's *The Dark Between the Stars*, galactic empires clash, elemental beings devastate whole planetary

systems, and factions of humanity are pitted against each other. Heroes rise and enemies make their last stands in the climax of an epic tale seven years in the making. Twenty years after the elemental conflict that nearly tore apart the cosmos in *The Saga of Seven Suns*, a new threat emerges from the darkness. The human race must set aside its own inner conflicts to rebuild their alliance with the Ildiran Empire for the survival of the galaxy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Black Belt* Walter de Gruyter

Spain has for too long been considered peripheral to the human catastrophes of World War II and the Holocaust. This volume is the first broadly interdisciplinary, scholarly collection to situate Spain in a position of influence in the history and culture of the Second World War. Featuring essays by international experts in the fields of history, literary studies, cultural studies, political science, sociology, and film studies, this book clarifies historical issues within Spain while also demonstrating the impact of Spain's involvement in the Second World War on historical memory of the Holocaust. Many of the contributors have done extensive archival research, bringing new information and perspectives to the table, and in many cases the essays published here analyze primary and secondary material previously unavailable in English. Spain, the Second World War, and the Holocaust reaches beyond discipline, genre, nation, and time period to offer previously unknown evidence of Spain's continued relevance to the

Holocaust and the Second World War.

**Re-examining the Holocaust through Literature** Open Road Media

Seven Shadows is a collection of original short stories that tell of people facing the changes in the world around them, overcoming the challenges that those changes represent, and coming to terms with who they become due to those actions.

**Forgotten Casualties** ShieldCrest Publishing

The oldest and most respected martial arts title in the industry, this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self-defense in the world - including techniques and strategies. **Fighting Shadows** Princeton University Press

When a teenager discovers that she has magic powers, she and her younger brother, Jeremy escape to a camp filled with others who possess similar powers but even though the camp is supposed to offer protection, it doesn't mean the camp is safe. When Jeremy disappears after an unexplained attack, seven magical friends go to save him and find the golden petals. The spirit of family pushes the mission forward and they soon discover the difference between family and friendship. When shocking pasts are revealed and dark secrets arise one person's story comes back to haunt them all.
