DONNA MACIAS

The Last Duchess HarperCollins
 NEW YORK TIMES BESTSELLER • The bestselling author of Morning Star returns to the Red Rising universe with the thrilling sequel to Iron Gold. “Brown’s plots are like a depth charge of nitromethane dropped in a bucket of gasoline. His pacing is 100% him standing over it all with a lit match and a smile, waiting for us to dare him to drop it.”—NPR (Best Books of the Year) He broke the chains. Then he broke the world.... A decade ago Darrow led a revolution, and laid the foundations for a new world. Now he’s an outlaw. Cast out of the very Republic he founded, with half his fleet destroyed, he wages a rogue war on Mercury. Outnumbered and outgunned, is he still the hero who broke the chains? Or will he become the very evil he fought to destroy? In his darkening shadow, a new hero rises. Lysander au Lune, the displaced heir to the old empire, has returned to bridge the divide between the Golds of the Rim and Core. If united, their combined might may prove fatal to the fledgling Republic. On Luna, the embattled Sovereign of the Republic, Virginia au Augustus, fights to preserve her precious democracy and her exiled husband. But one may cost her the other, and her son is not yet returned. Abducted by enemy agents, Pax au Augustus must trust in a Gray thief, Ephraim, for his salvation. Far across the void, Lyria, a Red refugee accused of treason, makes a desperate bid for freedom with the help of two unlikely new allies. Fear dims the hopes of the Rising, and as power is seized, lost, and reclaimed, the worlds spin on and on toward a new Dark Age. Don’t miss any of Pierce Brown’s Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE • LIGHT BRINGER

Can it be true that God demands a terrible price of those He has gifted with great creativity? Giacomo Cassano, little known mentor of Dante, thought so. He held other beliefs too - beliefs that the Church found so abhorrent they had Cassano blinded and his tongue cut out to silence him forever. Bestselling biographer Megan Hunter's new book about Cassano looks set to be as successful as her previous biographies of Caravaggio and Dante. As she embarks on a publicity tour, Megan finds her book attracting attention for the wrong reasons when her editor is found horrifically murdered. It is a classic locked-room mystery. The only pieces of evidence are the destroyed remains of Megan Hunter's Cassano biography and the latest blockbuster by horror writer John Paxton. But there is nothing to link the two authors. Nothing but another murder. And another. And a secret beyond the belief of even Cassano himself ...

“Call it The Hunger Games of Thrones. Erika Johansen’s debut novel is a genre mashup: medieval fantasy meets dystopian future. . . . The setting, combined with Johansen’s deft hand with character and plotting, really does work. . . . An addictive and enjoyable adventure. . . . The Tear is just as easy to get sucked into as Westeros or Hogwarts or Panem.” —USA Today Magic, adventure, mystery, and romance combine in this epic debut in which a young princess must reclaim her dead mother’s throne, learn to be a ruler—and defeat the Red Queen, a powerful and malevolent sorceress determined to destroy her. On her nineteenth birthday, Princess Kelsea Raleigh Glynn, raised in exile, sets out on a perilous journey back to the castle of her birth to ascend her rightful throne. Plain and serious, a girl who loves books and learning, Kelsea bears little resemblance to her mother, the vain and frivolous Queen Elyssa. But though she may be inexperienced and sheltered, Kelsea is not defenseless: Around her neck hangs the Tearling sapphire, a jewel of immense magical power; and accompanying her is the Queen’s Guard, a cadre of brave knights led by the enigmatic and dedicated Lazarus. Kelsea will need them all to survive a cabal of enemies who will use every weapon—from crimson-caped assassins to the darkest blood magic—to prevent her from wearing the crown. Despite her royal blood, Kelsea feels like nothing so much as an insecure girl, a child called upon to lead a people and a kingdom about which she knows almost nothing. But what she discovers in the capital will change everything, confronting her with horrors she never imagined. An act of singular daring will throw Kelsea’s kingdom into tumult, unleashing the vengeance of the tyrannical ruler of neighboring Mortmesne: the Red Queen, a sorceress possessed of the darkest magic. Now Kelsea will begin to discover whom among the servants, aristocracy, and her own guard she can trust. But the quest to save her kingdom and meet her destiny has only just begun—a wondrous journey of self-discovery and a trial by fire that will make her a legend . . . if she can survive.

El mundo de Axlin está plagado de monstruos. Algunos atacan a los viajeros en los caminos, otros asedian las aldeas hasta que logran arrasarlo por completo y otros entran en las casas por las noches para llevarse a los niños mientras duermen. Axlin ha crecido siendo consciente de que cualquier día le puede tocar a ella. Su gente ha sobrevivido a los monstruos durante generaciones y ha aprendido a evitarlos en la medida de lo posible. Pero un día Axlin descubre que existen muchos tipos de monstruos diferentes, que cada aldea se enfrenta a sus propias pesadillas y que hay criaturas que no conoce y ante las que no sabe cómo defenderse. Axlin es la escriba de su aldea, la única que sabe leer y escribir. Debido a ello, nadie de su entorno comprende realmente la importancia de su trabajo. Pero ella se ha propuesto investigar todo lo que pueda sobre los monstruos y plasmar sus descubrimientos en un libro que pueda servir de guía y protección a otras personas. Por eso decide partir con los buhoneros en una larga ruta para reunir la sabiduría ancestral de las aldeas en su precaria lucha contra los monstruos. No obstante, a lo largo de su viaje descubrirá cosas que jamás habría imaginado cuando partió. ENGLISH DESCRIPTION Axlin's world is full of monsters. Chronicling sixteenth-century Spain to the present day, *Beyond Human* aims to decentre the human and acknowledge the material historicity of more-than-human nature. The book explores key questions relating to ecological equity, justice, and responsibility within and beyond Spain in the Anthropocene. Examining relations between Iberian cultural practices, historical developments, and ecological processes, Maryanne L. Leone, Shanna Lino, and the contributors to this volume reveal the structures that uphold and dismantle the non-human-human dichotomy and nature-culture divide. The book critiques works from the Golden Age to the twenty-first century in a wide range of genres, including comedy, royal treatises, agricultural reports, paintings, satirical essays, horror fiction and film, young adult and speculative literature, poetry, graphic novels, and television series. The authors contend that Spanish cultural studies must expose the material historicity that entangles today's ecological crises and ecosocial injustices with previous, future, and contemporary entities. The book argues that this will require the simultaneous decentring of the human and of the Anthropocene as an ecocritical framework. By standardizing ecosocial analysis and widening avenues for ecopedagogical approaches, *Beyond Human* participates in the ecocentric transformation of Hispanic cultural studies.

Drives this breathtaking did not come easy. Cruising down Montana's scenic highways, it's easy to forget that traveling from here to there once was a genuine adventure. The state's major routes evolved from ancient Native American trails into four-lane expressways in a little over a century. That story is one of difficult, ground-breaking and sometimes wrong engineering decisions, as well as a desire to make a journey faster, safer and more comfortable. It all started in 1860 when John Mullan hacked a wagon road over the formidable Rocky Mountains to Fort Benton. It continued until the last section of interstate highway opened to traffic in 1988. Montana Department of Transportation historian Jon Axline charts a road trip through the colorful and inspiring history of trails, roads and superhighways in Big Sky Country.

Again I was forced to silence through sheer awe. The prospect of such antiquity, and the secrets each hoary monument seemed to hold and brood over, filled me with a reverence and sense of immensity nothing else ever gave me. Fatigued by our climb, and disgusted with the importunate Bedouins whose actions seemed to defy every rule of taste, we omitted the arduous detail of entering the cramped interior passages of any of the pyramids, though we saw several of the hardest tourists preparing for the suffocating crawl through Cheops' mightiest memorial. As we dismissed and overpaid our local bodyguard and drove back to Cairo with Abdul Reis under the afternoon sun, we half regretted the omission we had made. Such fascinating things were whispered about lower pyramid passages not in the guide books; passages whose entrances had been hastily blocked up and concealed by ce...
