For each of us, the happiest is to be born and raised with love of family members. In life, everyone wants to gather together with their family. We will miss our family when we are not at home and we hope to live with the feeling of warmth in our home. Moreover, when we feel tired with burdens of making a living, our

family is the first place we want to get back. And in every happy moment with family, the happiest moment must be when all members in the family gather and share their sweet times in each meal together. Do you agree?
With the desire that people will not accidentally drop family meals in this busy life, nor lose the opportunity to be with the people we love, I wrote the book "Hello! Slow

Ultimate Slow Cooker Cookbook

David Clark Are you interested in easy ketogenic recipes to prepare with your slow cooker? If yes, then this is the right book for you! A slow cooker is

designed to prepare meals by slowly cooking the ingredients over low or high heat. The meals made by the slow cooker are usually rich and highly aromatic and, because of the long cooking, ingredients become very tender. It is also known for producing flavorful meals with meats and vegetables. A slow cooker is easy to use and economical. It saves you time, energy, and even money. It

requires minimal active preparation on your part. You simply have to dump the ingredients in the slow cooker and set it to do its job. You can leave it and attend to other essential tasks on hand. It also helps save money because it allows you to use cheaper cuts of meat. Slow cooking cheaper cuts results in tender and succulent meat that you can't get by frying or boiling. Whatever you are planning

for dinner, you can find a recipe for it in this book. Soups, appetizers, desserts, and a wide range of low-carb meals are included. A slow cooker is also very useful for preparing ketogenic, low-carb recipes. This book covers: - Introduction to the Ketogenic Diet - How to Use the Slow Cooker, Tips, and Tricks - Meat Recipes - Vegetables - Seafood & Fish Recipes - Appetizers & Snacks ...And much more!

So, what are you waiting for? Don't waste your precious time on the stove. Click "Buy Now" to have more time to spend on you or with your family or friends!
