AGUILAR DOMINGUEZ

The Four Voices of Man Shawnee Press (TN)

Wonderful compilation of advice and instruction from operatic immortals: Nellie Melba on voice training and preservation, Alma Gluck on building a vocal repertoire, Geraldine Farrar on the will to succeed, plus contributions from Caruso, Galli-Curci, Garden, Lehmann, many more. Indispensable for singers and any opera lover. Cooke, long-time editor of Etude Magazine, provides an Introduction. 24 photographs.

The Top 20 Secrets of Great Singers Doubleday Books

In America today, opera has never been more popular, and one reason for this is, no doubt, that American opera singers are fixtures on every leading opera stage throughout the world. In this lively and engrossing account, Peter G. Davis, music critic for New York magazine and a leading opera authority, tells the story of how these plucky, resilient and supremely talented American singers have transformed this venerable European-born art form and made it their own. Starting with opera's arrival in America in the early nineteenth century, Davis shows how American singers grew in sophistication and stature along with the country. From the nineteenth-century pioneers who crashed the gates of Europe's elite opera circles, to the glamorous singers of the early twentieth century who were also Hollywood stars and publicity magnets, to the highly professional singers since World

War II who not only have gained European acceptance but now dominate the industry, this lively and highly readable account chronicles the extraordinary lives and adventures of these larger-than-life personalities. Included are Maria Callas, Beverly Sills, Richard Tucker, Leontyne Price, Marilyn Horne, Lawrence Tibbett, and a galaxy of others whose stories are as dramatic and compelling as the roles they sang on stage. Full of prima-donna antics, hilarious backstage anecdotes, and performance lore, "The American Opera Singer will delight anyone who has felt the magic of opera, and will provide a new canon of American singing sure to provoke spirited debate among aficionados. Trained as a musician and composer, Peter G. Davis has been writing about music for over thirty years in such publications as the "New York Times, The Times of London, High Fidelity, and "Opera News. He is currently music critic for "New York magazine and lives in New York City. Experience the artistry of America's supremely talented singers on RCA Victor Red Seal's "The American Opera Singer, a companion 2-CD set to this book, now available in record stores.

Great Singers on the Art of Singing Forgotten Books

Licia Fiol-Matta traces the careers of four iconic Puerto Rican singers—Myrta Silva, Ruth Fernández, Ernestina Reyes, and Lucecita Benítez—to explore how their voices and performance style transform the possibilities for comprehending the figure of the woman singer. Fiol-Matta shows how these musicians, despite seemingly intractable demands to represent gender norms, exercised their artistic and political agency by challenging expectations of how they should look, sound, and act. Fiol-Matta also breaks with conceptualizations of the female pop voice as spontaneous and intuitive, interrogating the notion of "the great woman singer" to deploy her concept of the "thinking voice"—an event of music, voice, and listening

that rewrites dominant narratives. Anchored in the work of Lacan, Foucault, and others, Fiol-Matta's theorization of voice and gender in *The Great Woman Singer* makes accessible the singing voice's conceptual dimensions while revealing a dynamic archive of Puerto Rican and Latin American popular music.

[Great Teachers on Great Teaching](#) Alfred Music Publishing

Secrets for Great Singing Hal Leonard Corporation

Jerome Hines has interviewed 40 singers, a speech therapist, and a throat specialist to provide this invaluable collection of advice for all singers. This collection includes the commentary of Licia Albanese, Franco Corelli, Placido Domingo, Nicolai Gedda, Marilyn Horne, Sherrill Milnes, Birgit Nilsson, Luciano Pavarotti, Rose Ponselle, Beverly Sills, Joan Sutherland and many others. "Probably the best book on the subject." Publishers Weekly

The Great Woman Singer Andrew Byrne Studio Inc.

divdivIn the two decades prior to the Civil War, the Hutchinson Family Singers of New Hampshire became America's most popular musical act. Out of a Baptist revival upbringing, John, Asa, Judson, and Abby Hutchinson transformed themselves in the 1840s into national icons, taking up the reform issues of their age and singing out especially for temperance and antislavery reform. This engaging book is the first to tell the full story of the Hutchinsons, how they contributed to the transformation of American culture, and how they originated the marketable American protest song. /DIVdivThrough concerts, writings, sheet music publications, and books of lyrics, the Hutchinson Family Singers established a new space for civic action, a place at the intersection of culture, reform, religion, and politics. The book documents the Hutchinsons' impact on abolition and other reform projects and offers an original conception of the rising importance of popular culture in antebellum America./DIVDIV

(Choral). Need a fresh approach to teaching dynamics, facial expression, phrasing, and musicality? Use a gadget! Unleash your creative beast with clever everyday "gadgets" redesigned for use in the choral classroom by music educator and choral conductor Christy Elsner. These inexpensive learning tools provide endless inventive ideas for introducing and reinforcing all elements of vocal pedagogy including breath, resonant tone, vowel formation, tongue placement, and diction. They also promote kinesthetic awareness and physical memory, empowering the individual singers and the entire class as a whole to be great singers.

Great Singers on the Art of Singing Courier Corporation

This book sets out the means by which the great singers of the operatic and concert stage cultivated and maintained their beautiful voices, and describes how a motivated singer can arrive at the same results. *How to Sing Like the Great Singers* was written by a singer with a passion for singing and a love for singers. It describes the ancient singing technique so simply and logically that even the most inexperienced of singers can make wonderful progress. It combines all of the relevant practices common across the published literature on singing from the turn of the last century, the "Golden Age of Singing," synthesizes the technique, and explains how and why the elements work. Elements of the technique are presented with numerous substantiating quotes from the great singers themselves, giving the highest level of credibility to what is being said. Readers will get a glimpse into their lives and their work. Included is an annotated bibliography so that readers who wish to can follow the path the author took to get to know more about the work of the great singers. Mezzo-soprano Robin Hendrix is a concert artist and voice teacher living in the south of France. Although she sings in many genres including legitimate musical theatre, she always uses the singing technique of the great singers. In the preface, she talks about her experience of "hitting the wall" in middle age, when it became increasingly difficult to rehearse her usual concert repertoire. Finding no help from gurus or experts, she set out on her own to find the secrets of a free and easy production of the lyric voice. By a lucky circumstance she stumbled upon a book that explained that most singers today are not being taught the technique of the great singers. After that, it became an obsession to find out as much as possible about the real technique of singing. She needed answers from the best possible sources, and so she went directly to the great singers and teachers from the late 1890s to the 1930s. In their books and recorded interviews, the great singers and teachers generously shared their ideas on singing, particularly on the technique they all used - one that used pure vowels and an extraordinary level of relaxation. This book is based on seven years of research into many dozens of books on voice culture as well as endless hours of recordings and video clips from live performances, studio recordings, master classes and interviews. The research involved extracting the elements common to all the books and recordings, and then testing them in practice, in concert, and in teaching. The results were remarkable. This book takes the mystery out of tried and true phrases whose meanings were lost with the passing of time. Concepts such as "singing on the breath," "silent breathing,"

"attack" and "clear vowels" are explained in terms a singer can immediately understand and replicate. Readers can have confidence in trying for themselves the simple but extremely effective ideas and exercises for liberating and beautifying the voice. The great singers' technique is almost unknown in many of today's voice studios, but 130 years ago, it was the standard technique for voice formation and voice culture. The ideas were all but lost after the turn of the 20th century when a scientific mechanical approach replaced tried and true singing practices. This book attempts to bring back the technique that served the great singers so well. When singers try the basic elements for the first time, they immediately experience the benefits, and with further effort they get lasting results - beauty and ease in singing. As the Great Singers and teachers of the golden age of singing often said, we can ALL sing well, if the desire and the right knowledge can come together. This book can provide the right knowledge.

Great Singers on the Art of Singing; Educational Conferences with Foremost Artists; a Series of Personal Study Talks with the Most Renowned Opera, Concert and Oratorio Singers of the Time, Especially Planned for Voice Students Yale University Press

'Great Singers on the Art of Singing' is a fascinating collection of essays written by some of the most prominent singers of the early 20th century, providing insights into the technical and practical aspects of their craft. They discuss the hard work and dedication needed to master singing, as well as their personal vocal maintenance and exercises. With informative tips and historical context, it's a must-read for anyone interested in the art of singing. Some of the essays featured include 'Success in Concert Singing' by Clara Butt and 'What Must I Go Through to Become a Prima Donna?' by **Simple Truths Used by Great Singers** University Press of America

The most beautiful of man's instruments is said to be his own voice. This book draws together every facet of the art of singing, and shows the relationship between song and the art forms which have used it - particularly the opera. The author shows how the long established Bel Canto style of the Italians was challenged in the nineteenth century by the "singing actor" who introduced a greater psychological depth to his roles, and progressed to the work of Gustav Mahler at the Vienna Court Opera during 1897 through 1907, perhaps the high point of ensemble productions. This book orchestrates for the reader the operatic successes of the twenties and thirties, and finally the new generation of talented singers who revived worldwide interest in opera after the war.

A New York Times bestseller A New York Times Notable Book A Washington Post Notable Book A Publishers Weekly Book of the Year As seen on CBS This Morning, NPR's Fresh Air, and People Magazine A New York Times Book Review Editor's Choice A Publishers Weekly Best Book of the Year A Library Journal Nonfiction Pick of September The New York Times bestseller about a young black man's journey from violence and despair to the threshold of stardom. "A beautiful tribute to the power of good teachers."--Terry Gross, *Fresh Air* "One of the most inspiring stories I've come across in a long time."--Pamela Paul, *New York Times Book Review* Ryan Speedo Green had a tough upbringing in southeastern Virginia: his family lived in a trailer park and later a bullet-riddled house across the street from drug dealers. His father was absent; his mother was volatile and abusive. At the age of twelve, Ryan was sent to Virginia's juvenile facility of last resort. He was placed in solitary confinement. He was uncontrollable, uncontainable, with little hope for the future. In 2011, at the age of twenty-four, Ryan won a nationwide competition hosted by New York's Metropolitan Opera, beating out 1,200 other talented singers. Today, he is a rising star performing major roles at the Met and Europe's most prestigious opera houses. *SING FOR YOUR LIFE* chronicles Ryan's suspenseful, racially charged and artistically intricate journey from solitary confinement to stardom. Daniel Bergner takes readers on Ryan's path toward redemption, introducing us to a cast of memorable characters--including the two teachers from his childhood who redirect his rage into music, and his long-lost father who finally reappears to hear Ryan sing. Bergner illuminates all that it takes--

technically, creatively--to find and foster the beauty of the human voice. And *Sing for Your Life* sheds unique light on the enduring and complex realities of race in America.

The Great Singers Good Press

In his first book since the enormously popular *Great Singers on Great Singing*, the distinguished Metropolitan Opera basso Jerome Hines here provides a wealth of new information and advice for all those who have embarked on - or plan to embark on - a serious singing career. From basic information on how the head and body combine to produce vocal sound, he goes on to analyze the "four voices" encompassed by the singer's one voice, always explaining how through proper technique and training that voice can achieve its ultimate in power, grace and beauty. On another level, Mr. Hines guides the singer through the labyrinth of choosing the right teacher, shows how physical and emotional health and care of the body relate to the vocal apparatus and considers such diverse matters as stage fright, dealing with conductors and managers and that final challenge - facing the critics.

Singing for the Stars Book Jungle

This book supplies detailed explanations for young singers, teachers, and professional singers with 'troubled' voices. Striny's previous book, *Head First*, discussed this process but without specific instructions to accomplish the task. This completely original process was conceived by Striny to correct major problems in his voice that had been caused by two separate voice teachers. The content of the process and the suggested duration of time duplicate exactly what his self-study called for in both cases. Readers will feel in tune with a philosophy generated through this endeavor, which cements self-confidence and self-esteem with the attained accomplishments. It permits you to do your tasks without overt manipulation.

The Singers Talk Courier Corporation

Interviews with some of America's most successful singing teachers, based on observations of their students and lessons.
