How do you motivate a classroom of bored teenagers, self-absorbed tweens, or energetic younger students to learn? In this book, you'll explore what Michael F. Opitz and Michael P. Ford have discovered about planning lessons that engage students and enable them to truly enjoy learning. The authors outline key findings from research on motivation and engagement and offer real-life teaching examples from various grades. They show how to systematically propel students to enjoy using their minds every day—and to view themselves as confident learners ready to take on the challenges of the world. *Engaging Minds in the Classroom* is a must-read for any educator who understands that developing students' love of learning is the catalyst for achievement at every level. Michael F. Opitz is professor emeritus of reading education at the University of Northern Colorado and is a literacy consultant and coach and author of several publications

and reading programs. Michael P. Ford is chair of the Department of Literacy and Language, University of Wisconsin Oshkosh. He is also an experienced Title I reading and 1st grade teacher. Ford is the author of several books and reading publications.

 During the years after the Civil War, Lonely Cricket, a Native American boy, strives to learn his people's ways and traditions and to grow to manhood. This is a difficult task for any youngster, but Lonely Cricket is coming of age in a world that is changing. One in which Euro-Americans are determined to change Indians into reflections of the White world. Caught between the tales and traditions of his tribe and the ever-encroaching world of the White Man, Lonely Cricket must figure out how to live, whom to love, and most difficult of all who he really is. As Lonely Cricket battles to find himself, the twists and turns of his story reveal more about his background than he ever expected to know.

A single promise can change a life forever. We all make promises constantly. "Yes, I'll be there." "Sure, no problem!" But do we really mean what we are saying? What is the impact of a broken promise? And what happens to a life when a promise is honored? Because I said I would is the international social movement at the forefront of shifting how the world views commitment and accountability. With over 10.3 million Promise Cards distributed, this cause has played a unique role in changing lives around the world. Heartwarming, humorous, inspirational, and tragic—these stories will challenge readers to look deep within themselves and consider the importance of the promises they make. Through a collection of inspiring short stories and concise philosophical chapters, readers will gain the following: • Practical life lessons from surprisingly raw stories of everyday people with incredible determination • Useful advice on how to get better at keeping promises • Inspiring perspectives that can be utilized in leadership and character development initiatives One hundred percent of the author's proceeds go to because I said I would, a 501(c)(3) nonprofit organization that is bettering humanity through chapters of volunteers, character education in schools, accountability programs, and awareness campaigns with global reach.

A hilarious glimpse of the complex lives of insects These fourteen scintillating stories are marked by Ranjit Lal's usual combination of meticulous research, rollicking storytelling and fascinating characters. Nimbu, the caterpillar, resolves to go on a diet inspired by the stick insect. Cheeni Chor, the ant, discovers a refrigerator stuffed with goodies and is driven to rebellion. Ladoo Gulabjamun, one of the resident cockroaches of the famous Golden Thali Restaurant, decides to take on the management to impress his ladylove. You will also meet the body-building cricket, the dung beetles who like to party and a host of other insects who reveal their inner lives as never before and are true to both the insect and human world. Lal's mastery of the world of birds and beasts, as captured in Crow Chronicles and The Life and Times of Altu Faltu, also extends to the world of insects, and this is perhaps his most enchanting and comical book to date. Rahul Dutta's unusual and striking illustrations capture the magic of worlds Lal reveals.

Reham Khan's eventful life took her from Gaddafi's Libya to Zia's Pakistan and thence to England as a teenage bride, before she returned to Pakistan in her forties. Her life has been one of extraordinary contrasts: she has been through a violent marriage and domestic abuse, and has had to negotiate the murky world of Pakistan politics; but her story also includes the rebuilding of her life after she chose to end her first marriage, raising three children single-handedly and at the same time, building herself a successful career both in the UK and in Pakistan. Reham Khan's story is ultimately one of resilience, strength, courage and conviction. It is the story of a woman who believed in herself and stood up to the world despite the fact that the odds were stacked against her - and ultimately emerged victorious. In clear, crisp prose, Reham Khan tells her story with wit, intelligence and candour. This is a memoir that will engage and surprise readers of all ages and of both genders; to many it will be an inspirational tale from a woman who fought for respect and for her identity on her own terms, a woman who is a survivor, and a winner.

Now in her 30's, Regina Samuelson has decided she can no longer be Mormon. This is not as easy as one would imagine: She was born in the church, educated at BYU, married in the temple, and is raising more Mormons. She faced a serious conundrum: keep quiet (and avoid losing everything dear to her), or tell the world what being raised LDS does to a person's psyche, especially when they realize that everything they were taught and everything they hoped to believe is a lie. To expose the difficulty faced by Mormons who leave the Church and to seek support for their plight, Regina offers a first-person confessional memoir recounting her many atrocious experiences, managing to weave in enough humor to keep you turning pages, and enough brutal honesty to bring you to an understanding of what it is to be a Mormon, and to try to leave it behind...

The Battle for Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of

the US-Pakistani relationship and identifies a clear path forward, showing how the United States can build better partnerships in troubled corners of the world.

Recognizing that many students in the sentence-to-paragraph-level course have experienced repeated failure in the past, *Stepping Stones* takes a fresh approach to the core challenges of the course. The book clearly articulates — textually and visually — the sentence patterns that college writers need to master. Then, it patiently guides students through every step of building these sentences and recognizing common problems in them. Additionally, the book offers unusually thorough, carefully staged guidance in developing and organizing ideas — two of the most difficult tasks for developmental students. Drawing on years of classroom experience, award-winning educator Chris Juzwiak recognizes that all students have the potential to become better writers and just need the right tools to succeed.
