*Song of the Lion* Harper Collins  
Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! Navajo Tribal cops Jim Chee and Bernadette Manuelito, and their mentor, the legendary Lieutenant Joe Leaphorn, investigate two perplexing cases in this exciting Southwestern mystery from the New York Times bestselling author of *Spider Woman's Daughter*. Doing a good deed for a relative offers the perfect opportunity for Sergeant Jim Chee and his wife, Officer Bernie Manuelito, to get away from the daily grind of police work. But two cases will call them back from their short vacation and separate them—one near Shiprock, and the other at iconic Monument Valley. Chee follows a series of seemingly random and cryptic clues that lead to a missing woman, a coldblooded suspect, and a mysterious mound of dirt and rocks that could be a gravesite. Bernie has her hands full managing the fallout from a drug bust gone wrong, uncovering the origins of a fire in the middle of nowhere, and looking into an ambitious solar energy development with long-ranging consequences for Navajo land. Under the guidance of their mentor, retired Lieutenant Joe Leaphorn, Bernie and Chee will navigate unexpected obstacles and confront the greatest challenge yet to their skills, commitment, and courage. [Talking God](#) University of Utah Press  
When Dylan Fielding, celebrated contemporary visual artist, becomes Br. Thomas Augustine, novice at Our Lady of the Pines monastery, he finds delight not only in the shock his choice causes

everyone around him but--to his own surprise--in the rhythms of the life itself. Shortly before he solidifies a lifelong commitment to the community, a traumatic encounter with an abusive priest plunges Thomas Augustine into terror and doubt. Reeling and uncertain, he reaches out to his friend, rival, and former lover, Angele Solomon, with hopes that she can help him to speak the difficult truth. As she attempts to advocate for her friend, Angele must ask how the scars left by their common past--as well as newer harms--can ever be healed or transcended. The wider inquiries demanded next will transfigure how both of them picture a range of human and divine things: time and memory; art and agency; trust and responsibility; and what it might mean to know real freedom.

An intellectual adventure, this book engages with some of the most important academic debates of our time.

The blind shaman called Listening Woman speaks of witches and restless spirits, of supernatural evil unleashed. But Lieutenant Joe Leaphorn of the Navajo Tribal Police is sure the monster who savagely slaughtered an old man and a teenage girl was human. The solution to a horrific crime is buried somewhere in a dead man's secrets and in the shocking events of a hundred years past. To ignore the warnings of a venerable seer, however, might be reckless foolishness when Leaphorn's investigation leads him farther away from the comprehensible . . . and closer to the most brutally violent confrontation of his career.

"Avid readers of Tony Hillerman's Southwestern mysteries have probably wondered about the many place names they encounter as Chee and Leaphorn puzzle out another crime in the Four Corners region." "This handy reference and visitor's guide contains entries for all places mentioned in the Hillerman novels. It provides location, historical information, the meaning of Navajo and Hopi names, and where the place appears in the mysteries. This expanded second edition includes entries for *The Wailing Wind*, *The Sinister Pig*, and *Skeleton Man* as well as all previous works."--BOOK JACKET.

**The Fallen Man** HarperCollins  
Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! Don't Miss the AMC television series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, coming this summer! The tenth novel in Tony Hillerman's acclaimed Leaphorn and Chee series — "Bolt the door, disconnect the phone, and declare yourself off limits....Coyote Waits is a real confounder, not at all what you expected." (Denver Post) The car fire didn't kill Navajo Tribal Policeman Delbert Nez—a bullet did. And the old man in possession of the murder weapon is a whiskey-soaked shaman named Ashie Pinto. Officer Jim Chee is devastated by the slaying of his good friend Del, and confounded by the prime suspect's refusal to utter a single word of confession or denial. Lieutenant Joe Leaphorn believes there is much more to this outrage than what appears on the surface, as he and Jim Chee set out to unravel a complex weave of greed and death that involves a historical find and a lost fortune. But the hungry and mythical trickster Coyote is waiting, as

always, in the shadows to add a strange and deadly new twist.

Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! "With *The Shape Shifter*, Hillerman once again proves himself the master of Southwest mystery fiction, working in a Hemingway-esque tradition of pared-down writing to bring the rugged Southwest into focus."—Santa Fe New Mexican  
Legendary Lieutenant Joe Leaphorn is drawn back into the past to solve a cold case that has haunted him for nearly a decade in this atmospheric and twisting mystery infused with the Native American culture and lore of the desert Southwest. Though he's officially retired from the Navajo Tribal Police, Joe Leaphorn occasionally helps his former colleagues Jim Chee and Bernie Manuelito crack particularly puzzling crimes. But there is that rare unsolved investigation that haunts every lawman, including the legendary Leaphorn. Joe still hasn't let go of his "last case"—a mystery involving a priceless Navajo rug that was supposedly destroyed in a fire. Nine years later, what looks like the same one-of-a-kind rug turns up in a magazine spread, and the man who showed Joe the photo has gone missing. With Chee and Bernie on their honeymoon, Leaphorn plunges into the case solo, picking up the threads of this crime he'd long thought impossible to solve. Not only has the passage of time obscured the details, but a murderer long thought dead continues to roam free—and is ready to strike again to keep the past buried.

**Rock with Wings** Harper Collins

Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, &

Manuelito novels, now on AMC and AMC+! A New York Times Bestseller Anne Hillerman brings together modern mystery, Navajo traditions, and the evocative landscape of the desert Southwest in this intriguing entry in the Leaphorn, Chee, and Manuelito series. When Tribal Police Officer Bernadette Manuelito arrives to speak at an outdoor character-building program for at-risk teens, she discovers chaos. Annie, a young participant on a solo experience due back hours before, has just returned and is traumatized. Gently questioning the girl, Bernie learns that Annie stumbled upon a human skeleton on her trek. While everyone is relieved that Annie is back, they're concerned about a beloved instructor who went out into the wilds of the rugged lava wilderness bordering Ramah Navajo Reservation to find the missing girl. The instructor vanished somewhere in the volcanic landscape known as El Malpais. In Navajo lore, the lava caves and tubes are believed to be the solidified blood of a terrible monster killed by superhuman twin warriors. Solving the twin mysteries will expose Bernie to the chilling face of human evil. The instructor's disappearance mirrors a long-ago search that may be connected to a case in which the legendary Joe Leaphorn played a crucial role. But before Bernie can find the truth, an unexpected blizzard, a suspicious accidental drowning, and the arrival of a new FBI agent complicate the investigation. While Bernie searches for answers in her case, her husband, Sergeant Jim Chee juggles trouble closer to home. A vengeful man he sent to prison for domestic violence is back—and involved with Bernie's sister Darleen. Their relationship creates a dilemma that puts Chee in uncomfortable emotional

territory that challenges him as family man, a police officer, and as a one-time medicine man in training. Anne Hillerman takes us deep into the heart of the deserts, mountains, and forests of New Mexico and once again explores the lore and rituals of Navajo culture in this gripping entry in her atmospheric crime series.

#### Cave of Bones HarperCollins

During a Tano kachina ceremony, something in the antics of the dancing koshare, a sacred clown, fills the air with tension. Moments later, the clown is found brutally bludgeoned -- in the same manner that a reservation schoolteacher was killed just days before. In true Navajo style, Officer Jim Chee and Lieutenant Leaphorn of the Tribal Police go back to the beginning to decipher the sacred clown's message to the people of the Tano pueblo. Amid guarded tribal secrets and crooked Indian traders, they find a trail of blood that links a runaway schoolboy, two dead bodies, and the mysterious presence of a sacred artifact.

#### Sinister Pig Harper Collins

Don't Miss the AMC television series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, coming this summer! From New York Times bestselling author Tony Hillerman, *Skinwalkers* is the seventh novel featuring Lieutenant Joe Leaphorn and Officer Jim Chee—a riveting tale of sorcery, secrets, and murder. Three shotgun blasts rip through the side of Officer Jim Chee's trailer as the Navajo Tribal Policeman sleeps. He survives, but the inexplicable attack has raised disturbing questions about a lawman once beyond reproach. Lieutenant Joe Leaphorn wonders why Chee was a target and what connection the assault has to a series of gruesome murders that has been plaguing the reservation.

But the investigation is leading them both into a nightmare of ritual, witchcraft, and blood . . . and into the dark and mystical domain of evil beings of Navajo legend, the "skinwalkers."

Though he may be retired, Navajo Tribal Police Lieutenant Joe Leaphorn hasn't lost his curiosity or his edge. He's eager to help Sergeant Jim Chee and his fiancée Bernie Manuelito with their latest case—clearing an innocent kid accused of robbing a trading post. Billy Tuve claims he received the precious diamond from a strange old man in the canyon. Could it be one of the gems that went missing in an epic plane crash decades earlier? Now that it may have resurfaced, it's attracted dangerous strangers to the Navajo lands. Proving Billy's innocence won't be easy.

Leaphorn, Chee, and Manuelito must find the remains of a passenger who died in the crash—one of 172 lost souls whose remains were scattered across the magnificent tiered cliffs of the Grand Canyon. But nature may prove their deadliest adversary. To find the proof they need, the detectives must battle a thunderous monsoon and a killer as they plunge deeper into the dark realm of the

Hopi Lord of Death—the guardian of the underworld known as Skeleton Man.

There are many parallels and some revealing differences in the encounter between, on the one hand, the Americans and various Indian tribes and, on the other, the Russians and some of the peoples of the Caucasus and Siberia. The enduring cultural consequences of these encounters provide a fruitful area of inquiry for the comparative examination of national images in literatures. The major focus on this study is the perceptions and literary portrayal of the Chechens by the Russians and the Navajos by the Americans. Both the Chechen in Russian literature and the Navajo in American literature are often constructs, images derived from a potent combination of prejudices and received assumptions. In each case a relatively sizable corpus of writings produced over a century or longer exemplifies or attempts to counter persistent and influential modes of cultural stereotyping. The diachronic analysis of the portrayal of either the Chechens or the Navajos illuminates patterns of prejudice that have immense implications for both popular and high culture. The juxtaposition of the discussion of the two groups as they have been treated in Russian and American literature can deepen our

understanding of the commonalities present in attempted cultural domination or ethnic idealization. Margaret Ziolkowski is Professor of Russian at Miami University, Ohio.

*The Talking God* Harper Collins

**People of Darkness** Harper Collins

Legendary detectives Leaphorn and Chee are pulled into mysteries old and new in this haunting tale of obsessive greed, lost love, and murder from the "national literary and cultural sensation" (Los Angeles Times)—New York Times bestselling author Tony Hillerman. "Tony Hillerman's novels are like no others. His insightful portrayal of the vast Navajo Reservation, the spirit-haunted people who inhabit it and the clash between ancient traditions and modern civilization that has shaped its present and will determine its future has produced a body of work unique in mystery fiction."—San Diego Union-Tribune To Officer Bernie Manuelito the man curled on the truck seat was just another drunk—which got Bernie in trouble for mishandling a murder scene—which got Sgt. Jim Chee in trouble with the FBI—which drew ex-Lieutenant Joe Leaphorn out of retirement into an old crime he longed to forget. Legends of the area's lost gold mines join the mountains and canyons of the Navajo Reservation as elements of Hillerman's plot, but this tale turns on an obsessive love and memories of a missing woman's voice wailing in the darkness.
