 "It is better to be feared than loved, if you cannot be both." The Prince, written by Niccolò Machiavelli, is a groundbreaking work in the genre of political philosophy, first published in 1532. It offers a direct and unflinching examination of power and leadership, challenging conventional notions of morality and ethics in governance. This work will leave you questioning the true nature of authority and political strategy. Machiavelli's prose captures the very essence of human ambition, forcing readers to grapple with the harsh realities of leadership. This is not just a historical treatise, but a blueprint for navigating the political power structures of any era. If you're seeking a deeper understanding of political leadership and the dynamics of influence, this book is for you. Sneak Peek "Since love and fear can hardly exist together, if we must choose between them, it is far safer to be feared than loved." In The Prince, Machiavelli draws on historical examples and his own diplomatic experience

to lay out a stark vision of what it takes to seize and maintain power. From the ruthlessness of Cesare Borgia to the political maneuvering of Italian city-states, Machiavelli outlines how a leader must be prepared to act against virtue when necessary. Every decision is a gamble, and success depends on mastering the balance between cunning and force. Synopsis The story of The Prince delves into the often brutal realities of ruling. Machiavelli provides rulers with a pragmatic guide for gaining and sustaining power, asserting that the ends justify the means. The book is not just a reflection on how power was wielded in Renaissance Italy but a timeless manual that offers insight into political consulting, political history, and current political issues. Its relevance has endured for centuries, influencing leaders and thinkers alike. Machiavelli emphasizes that effective rulers must learn how to adapt, deceive, and act decisively in pursuit of their goals. This stunning, classic literature reprint of The Prince offers unaltered preservation of the original text, providing you with an authentic experience as Machiavelli intended. It's an ideal gift for anyone passionate about political science books or those eager to dive into the intricacies of power and leadership. Add this thought-provoking masterpiece to your collection, or give it to a

loved one who enjoys the best political books. The Prince is more than just a book – it's a legacy. Grab Your Copy Now and get ready to command power like a true Prince. Title Details Original 1532 text Political Philosophy Historical Context

The Prince Little, Brown Books for Young Readers

Bradley Pearson, an unsuccessful novelist in his late fifties, has finally left his dull office job as an Inspector of Taxes. Bradley hopes to retire to the country, but predatory friends and relations dash his hopes of a peaceful retirement. He is tormented by his melancholic sister, who has decided to come live with him; his ex-wife, who has infuriating hopes of redeeming the past; her delinquent brother, who wants money and emotional confrontations; and Bradley's friend and rival, Arnold Baffin, a younger, deplorably more successful author of commercial fiction. The ever-mounting action includes marital cross-purposes, seduction, suicide, abduction, romantic idylls, murder, and due process of law. Bradley tries to escape from it all but fails, leading to a violent climax and a coda that casts shifting perspectives on all that has preceded.

The Little Prince Nabu Press

In his most brilliant and powerful novel, Pat Conroy tells the story of Tom Wingo, his twin sister, Savannah, and the dark and violent past of the family into which they were born. Set in New York City and the lowcountry of South Carolina, the novel opens when Tom, a high school football coach whose marriage and career are crumbling, flies from South Carolina to New York after learning of his twin sister's suicide attempt. Savannah is one of the most gifted poets of her generation, and both the cadenced beauty of her art and the jumbled cries of her illness are clues to the too-long-hidden story of her wounded family. In the paneled offices and luxurious restaurants of New York City, Tom and Susan Lowenstein, Savannah's psychiatrist, unravel a history of violence, abandonment, commitment, and love. And Tom realizes that trying to save his sister is perhaps his last chance to save himself. With passion and a rare gift of language, the author moves from present to past, tracing the amazing history of the Wingos from World War II through the final days of the war in Vietnam and into the 1980s, drawing a rich range of characters: the lovable, crazy Mr. Fruit, who for decades has wordlessly directed traffic at the same intersection in the southern town of Colleton; Reese Newbury, the ruthless, patrician land speculator who threatens the Wingos' only secure worldly possession, Melrose Island; Herbert Woodruff, Susan Lowenstein's husband, a world-famous violinist; Tolitha Wingo, Savannah's mentor and eccentric grandmother, the first real feminist in the Wingo family. Pat Conroy reveals the lives of his characters with surpassing depth and power, capturing the vanishing beauty of the South Carolina lowcountry and a lost way of life. His lyric gifts, abundant good humor, and compelling storytelling are well

known to readers of *The Great Santini* and *The Lords of Discipline*. *The Prince of Tides* continues that tradition yet displays a new, mature voice of Pat Conroy, signaling this work as his greatest accomplishment.

The Prince and the Pilgrim Indiana University Press

LEO the Maker Prince teaches children (both young and old) about 3D printing by following Carla and LEO's journey through Brooklyn. LEO is a walking, talking robot who has the magical ability to print (in plastic) any object that Carla draws. The other robots have their own special capabilities: H1-H0 prints in metal, Sinclair-10 can find and print objects from a huge catalog of designs, and the others (including AL1C3-D, IRIS-7, and NiXie) have unique talents, too. Readers can come along for the journey, too: all of the objects in the book are printable one way or another.

The medieval court historian Jean Froissart is famous today for writing the 'Chronicles', a voluminous and detailed account of the fourteenth century, which concerns the "honourable adventures and feats of arms" of the Hundred Years' War. As a scholar, Froissart lived among the nobility of several European courts and he travelled widely. His 'Chronicles' remains the most important document of feudal times in Europe and the best contemporary exposition of chivalric and courtly ideals. Delphi's Medieval Library provides eReaders with rare and precious works of the Middle Ages, with noted English translations and the original texts. This eBook presents Froissart's 'Chronicles', with multiple translations, illustrations and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Froissart's life and works * Features the two translations of the 'Chronicles', as well as the original French text * Concise introduction to Froissart's work * Excellent formatting of the texts * Easily locate the chapters you want to read with individual contents tables * Lord Berners' celebrated translation (edited by G. C. Macaulay), widely regarded as one of the greatest translations of the English language * Includes Thomas Johnes' comprehensive 1848 translation, first time in digital print * Features two bonus biographies — discover Froissart's medieval world CONTENTS: The Translations The Chronicles: Lord Berners' Translation, 1535 The Chronicles: Thomas Johnes' Translation, 1848 The Original Text Contents of the French Text The Biographies Jean Froissart (1911) by Walter Besant Jean Froissart (1913) by Louis René Bréhier

The story of W.K.L. Dickson—assistant to Edison, inventor, and key figure in early cinematography: "Valuable and comprehensive." —Communication Booknotes Quarterly W.K.L. Dickson was Thomas Edison's assistant in charge of the experimentation that led to the Kinetoscope and Kinetograph—the first commercially successful moving image machines. In 1891-1892, he established what we know today as the 35mm format. Dickson also designed the Black Maria film studio and facilities to develop and print film, and supervised production of more than one hundred films for Edison. After leaving Edison, he became a founding member of the American Mutoscope Company, which later became the American Mutoscope & Biograph, then Biograph. In 1897, he went to England to set up the European branch of the company. Over the course of his career, Dickson made between five hundred and seven hundred films, which are studied today by scholars of the early cinema. This well-illustrated book offers a window onto early film history from the perspective of Dickson's own oeuvre. [The Missing Reel](#) Scholastic UK

Presenting a rare glimpse into the dining rooms of Belgian nobility from the Middle Ages to modern times, specialists in the

field discuss gastronomy and festive culture in a historical and sociological context. This stunning work provides insights into both the culinary proclivities and table manners of these epic gourmands, answering such questions as What was the daily menu of the dukes of Burgundy? What was behind the sudden enthusiasm for saltwater fish in the 17th century? and Why were exotic desserts so popular in the 19th century? A valuable addition to the historical study of Belgian Noblemen and the ruling elite, this bilingual collection--presented in both English and French--creates a wonderfully rich portrait of the past, from the dukes of Burgundy to Belgian royalty.

The Pilot and the Little Prince Princeton University Press
Alexander the Fatherless: nephew of the villainous King March of Cornwall, who murdered his father. Burning with vengeance, Alexander sets out on a journey to Camelot to seek justice from King Arthur. His path will lead him to the Dark Tower, where the sorceress Morgan le Fay lies in wait. Morgan seduces Alexander and sends him on a quest to Jerusalem to recover the Holy Grail - which she believes will help her take the throne. Alice the Pilgrim: daughter of a man who has sworn to journey to Jerusalem every three years, Alice grows to womanhood on the pilgrim's trail. And then she meets a boy who carries a cup - which he claims is the Holy Grail. Alice and her father will move heaven and earth to bring the Grail back to Britain. And Alexander will do anything to find it. Their quests will bring them together, and the day that Alexander and Alice meet will go down in legend. *The Prince & the Pilgrim* is the final installment of Mary Stewart's classic Arthurian Saga, a must-read for all fans of history, fantasy and great literature alike.

The Man Who Invented Motion Pictures Univ of California Press
If you love the danger and sword-fighting of MERLIN, you'll like this! In a discontent kingdom, civil war is brewing. To unify the divided people, Conner, a nobleman of the court, devises a cunning plan to find an impersonator of the king's long-lost son and install him as a puppet prince. Four orphans are recruited to compete for the role, including a defiant boy named Sage. Sage knows that Conner's motives are more than questionable, yet his life balances on a sword's point - he must be chosen to play the prince or he will certainly be killed. As Sage's journey continues, layer upon layer of treachery and deceit unfold, until finally a truth is revealed that proves more dangerous than all of the lies put together.

Eighteenth-century French Drawings in New York Collections Yale University Press

How an ingenious printmaking technique became a cross-cultural phenomenon in Enlightenment Europe Driven by a growing interest in collecting and multiplying drawings, artists and amateurs in the eighteenth century sought a new technique capable of replicating the subtlety of ink, wash, and watercolor. They devised an innovative and versatile new medium--aquatint--which would spread in use across Europe within a few decades, its distinctive dark tones making possible a remarkable variety of ingenious imagery. In this illuminating book, Rena M. Hoisington traces how the aquatint technique flourished as a cross-cultural and cosmopolitan phenomenon that contributed to the rise of art publishing, connoisseurship, leisure travel, drawing instruction, and the popularity of neoclassicism. She offers new insights into sophisticated experiments by artists such as Francisco de Goya, Katharina Prestel, Paul Sandby, and Jean-Baptiste Le Prince. Marvelously illustrated with rare works from the National Gallery of Art's collection of early aquatints, this engaging book provides a fresh look at how printmaking contributed to a vibrant exchange of information and ideas in Europe during the Enlightenment. Published in association with the National Gallery of Art, Washington, DC Exhibition Schedule

The Life and Times of Francis the First, King of France. By J. Bacon
Maker Media, Inc.

This guide shows how to design and set up mixture experiments, then analyze the data and draw inferences from the results. Virtually every technique that has appeared in the literature of mixtures can be found here and, for each method, computing formulas are provided with completely worked examples. Coverage begins with Scheffe lattice designs, introducing the use of independent variables and ends with the most current methods. Almost all of the numerical examples are taken from real experiments. It should serve as a supplementary text for courses on experimental design and statistical methods as well as a ready reference to important techniques for research workers in such fields as engineering, the physical sciences, agriculture and medicine.

Lost Bodies Chartwell Books

Learn about emotions with *The Little Prince* Discover emotions with the beloved character from author-illustrator Antoine de Saint-Exupéry. Joy, fear, anger, surprise...children experience a range of emotions every day, often several at the same time, and they sometimes find it difficult to articulate what they feel. Naming and identifying emotions is a way for little ones to start recognizing these feelings. As they gain self-awareness, children learn to manage their emotions, a critical skill that lays the foundation for emotional intelligence and resilience. The feelings described in this book include joy, surprise, anger, love, fear, sadness, and calm.

La noblesse à table University of Chicago Press

From #1 New York Times bestselling author Holly Black, comes the first book in a stunning new series about a mortal girl who finds herself caught in a web of royal faerie intrigue. Of course I want to be like them. They're beautiful as blades forged in some divine fire. They will live forever. And Cardan is even more beautiful than the rest. I hate him more than all the others. I hate him so much that sometimes when I look at him, I can hardly breathe. Jude was seven years old when her parents were murdered and she and her two sisters were stolen away to live in the treacherous High Court of Faerie. Ten years later, Jude wants nothing more than to belong there, despite her mortality. But many of the fey despise humans. Especially Prince Cardan, the youngest and wickedest son of the High King. To win a place at the Court, she must defy him--and face the consequences. In doing so, she becomes embroiled in palace intrigues and deceptions, discovering her own capacity for bloodshed. But as civil war threatens to drown the Courts of Faerie in violence, Jude will need to risk her life in a dangerous alliance to save her sisters, and Faerie itself.

The Age of Watteau, Chardin, and Fragonard Hachette UK

#1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of “Uptown” to the mythical landscape of Purple Rain to the psychedelia of “Paisley Park.” But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into

Prince, one of the greatest pop stars of any era. *The Beautiful Ones* is the story of how Prince became Prince—a first-person account of a kid absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment for *Purple Rain*—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right, full of Prince's ideas and vision, his voice and image—his undying gift to the world.

Prince and the Parade and Sign O' The Times Era Studio Sessions Farrar, Straus and Giroux (BYR)

One of the New York Times Best True Crime of 2022 A "spellbinding, thriller-like" (Shelf Awareness) history about the invention of the motion picture and the mysterious, forgotten man behind it—detailing his life, work, disappearance, and legacy. The year is 1888, and Louis Le Prince is finally testing his "taker" or "receiver" device for his family on the front lawn. The device is meant to capture ten to twelve images per second on film, creating a reproduction of reality that can be replayed as many times as desired. In an otherwise separate and detached world, occurrences from one end of the globe could now be viewable with only a few days delay on the other side of the world. No human experience—from the most mundane to the most momentous—would need to be lost to history. In 1890, Le Prince was granted patents in four countries ahead of other inventors who were rushing to accomplish the same task. But just weeks before unveiling his invention to the world, he mysteriously disappeared and was never seen or heard from again. Three and half years later, Thomas Edison, Le Prince's rival, made the device public, claiming to have invented it himself. And the man who had dedicated his life to preserving memories was himself lost to history—until now. *The Man Who Invented Motion Pictures* pulls back the curtain and presents a "passionate, detailed defense of Louis Le Prince...unfurled with all the cliffhangers and red herrings of a scripted melodrama" (The New York Times Book Review). This "fascinating, informative, skillfully articulated narrative" (Kirkus Reviews, starred review) presents the never-before-told history of the motion picture and sheds light on the unsolved mystery of Le Prince's

disappearance.

The Beautiful Ones Penguin

"[W]ill command the rapt attention of casual fans and scholars alike." Booklist, Starred Review From Prince's superstardom to studio seclusion, this second book in the award-winning Prince Studio Sessions series spotlights how Prince, the biggest rock star on the planet at the time, risked everything to create some of the most introspective music of his four-decade career. Duane Tudahl takes us on an emotional and intimate journey of love, loss, rivalry, and renewal revealed through unprecedented access to dozens of musicians, singers, studio engineers, and others who worked with him and knew him best—with never-before-published memories from the Revolution, the Time, the Family, and Apollonia 6. Also included is a heartfelt foreword by musical legend Elton John about his time and friendship with Prince.

The Prince of Tides Aegitas

"Fully illustrated and packed with information about the life, demise, disappearance, and discovery (sometimes) of each famous and infamous figure. *Lost Bodies* explores the controversies surrounding their deaths and the theories about what may have happened to them. Step aboard the history-myster tour."--Back cover

The Black Prince Univ of California Press

Peter Sís's remarkable biography *The Pilot and the Little Prince* celebrates the author of *The Little Prince*, one of the most beloved books in the world. Antoine de Saint-Exupéry was born in France in 1900, when airplanes were just being invented. Antoine dreamed of flying and grew up to be a pilot—and that was when his adventures began. He found a job delivering mail by plane, which had never been done before. He and his fellow pilots traveled to faraway places and discovered new ways of getting from one place to the next. Antoine flew over mountains and deserts. He battled winds and storms. He tried to break aviation records, and sometimes he even crashed. From his plane, Antoine looked down on the earth and was inspired to write about his life and his pilot-hero friends in memoirs and in fiction. A Frances Foster Book This title has Common Core connections.

The Man Who Made Movies Simon and Schuster

From global phenomenon C. S. Pacat comes the first novel in her critically acclaimed *Captive Prince* romance trilogy. "A special, unforgettable series...Lush. Brutal. Unparalleled."—Sarah J. Maas, #1 New York Times bestselling author *Damen* is a warrior hero to his people, and the rightful heir to the throne of Akielos. But when his half brother seizes power, *Damen* is captured, stripped of his identity, and sent to serve the prince of an enemy nation as a pleasure slave. Beautiful, manipulative, and deadly, his new master, Prince Laurent, epitomizes the worst of the court at Vere. But in the lethal political web of the Veretian court, nothing is as it seems, and when *Damen* finds himself caught up in a play for the throne, he must work together with Laurent to survive and save his country. For *Damen*, there is just one rule: never, ever reveal his true identity. Because the one man *Damen* needs is the one man who has more reason to hate him than anyone else... Includes a bonus short story!
