A novel that follows a
middle-aged man as he
contends with a past he
never much thought

about—until his closest
childhood friends return
with a vengeance: one of
them from the grave,
another maddeningly
present. A novel so
compelling that it begs to
be read in a single
setting, *The Sense of an
Ending* has the
psychological and
emotional depth and
sophistication of Henry
James at his best, and is a

stunning achievement in
Julian Barnes's oeuvre.
Tony Webster thought he
left his past behind as he
built a life for himself, and
his career has provided
him with a secure
retirement and an
amicable relationship with
his ex-wife and daughter,
who now has a family of
her own. But when he is
presented with a
mysterious legacy, he is

forced to revise his estimation of his own nature and place in the world.

The Dice Man Vintage
Tom hates having to spend the summer on a farm . . . until he discovers the midnight fox. No one asked Tom how he felt about spending two months on his Aunt Millie's farm. For a city boy, the farm holds countless terrors—stampeding baby lambs, boy-chasing chickens, and worst of all, loneliness. But everything changes when Tom sees

the midnight fox. He can spend hours watching the graceful black fox in the woods. And when her life—and that of her cub—is in danger, Tom knows exactly what he must do. “An exceptional book.”—Booklist A Library of Congress Children's Book of the Year
1966 Diversion Books
A Rolling Stone-Kirkus Best Music Book of 2020
The definitive account of pop music in the mid-eighties, from Prince and Madonna to the underground hip-hop, indie rock, and club

scenes Everybody knows the hits of 1984 - pop music's greatest year. From "Thriller" to "Purple Rain," "Hello" to "Against All Odds," "What's Love Got to Do with It" to "Wake Me Up Before You Go-Go," these iconic songs continue to dominate advertising, karaoke nights, and the soundtracks for film classics (Boogie Nights) and TV hits (Stranger Things). But the story of that thrilling, turbulent time, an era when Top 40 radio was both the leading edge of popular

culture and a moral battleground, has never been told with the full detail it deserves - until now. *Can't Slow Down* is the definitive portrait of the exploding world of mid-eighties pop and the time it defined, from Cold War anxiety to the home-computer revolution. Big acts like Michael Jackson (*Thriller*), Prince (*Purple Rain*), Madonna (*Like a Virgin*), Bruce Springsteen (*Born in the U.S.A.*), and George Michael (*Wham!'s Make It Big*) rubbed shoulders with the stars of the fermenting scenes of

hip-hop, indie rock, and club music. Rigorously researched, mapping the entire terrain of American pop, with crucial side trips to the UK and Jamaica, from the biz to the stars to the upstarts and beyond, *Can't Slow Down* is a vivid journey to the very moment when pop was remaking itself, and the culture at large - one hit at a time.

Nonrequired Reading

Random House

With a new introduction by Kelly Link, the Locus Award-winning science fiction novel by legendary

author Ursula K. Le Guin, set in a world where one man's dreams rewrite the future. During a time racked by war and environmental catastrophe, George Orr discovers his dreams alter reality. George is compelled to receive treatment from Dr. William Haber, an ambitious sleep psychiatrist who quickly grasps the immense power George holds. After becoming adept at manipulating George's dreams to reshape the world, Haber seeks the

same power for himself. George—with some surprising help—must resist Haber’s attempts, which threaten to destroy reality itself. A classic of the science fiction genre, *The Lathe of Heaven* is prescient in its exploration of the moral risks when overwhelming power is coupled with techno-utopianism. Jimmy Page Henry Holt and Company Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he

has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including *The Judgement*, and much of his novels *Amerika*, *The Castle*, *The Hunger Artist*. Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka’s works were published and translated instantly becoming landmarks of twentieth-

century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka’s writing. Kafka very interestingly, used to present an impossible situation, such as a man’s transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. *The Metamorphosis* is an autobiographical piece of writing, and we find that parts of the story reflect Kafka’s own life.

The Sense of an Ending

Knopf

This is a reissue of the novel inspired by Hunter S. Thompson's ether-fuelled, savage journey to the heart of the American Dream: We were somewhere around Barstow on the edge of the desert when the drugs began to take hold... And suddenly there was a terrible roar all around us and the sky was full of what looked like huge bats, all swooping and screeching and diving around the car, which was going about a hundred

miles an hour with the top down to Las Vegas.

Geek Love Vintage

"One of the fifty most influential books of the last half of the twentieth century," a comic novel about a therapist making life choices by rolling dice. (BBC) The cult classic that can still change your life . . . Let the dice decide!

This is the philosophy that changes the life of bored psychiatrist Luke Rhinehart—and in some ways changes the world as well. Because once you hand over your life to the dice, anything can

happen. Entertaining, humorous, scary, shocking, subversive, *The Dice Man* is one of the cult bestsellers of our time. "A fine piece of fiction . . . touching, ingenious and beautifully comic." —Anthony Burgess, author of *A Clockwork Orange* "Luke Rhinehart and *THE DICE MAN* have launched a psychiatric revolution." —London Sunday Telegraph "A blackly comic amusement park of a book." —*TIME* Magazine "Weird, hilarious . . . an outlandishly enjoyable

book." —St. Louis Post-Dispatch "Witty reckless clever . . . a caper at the edge of nihilism." —LIFE Magazine "Brilliant . . . much like CATCH-22 . . . the sex extra-juicy." —The Houston Post "Outrageously funny." —Fort Worth Star-Telegram "Hilarious and well-written . . . A brilliant summary of modern nihilism. Dice living will be popular, no doubt of that." —Time Out (London)
Lives of Girls and Women
 Hachette Books
 "Unquestionably one of

the great living European poets. She's accessible and deeply human and a joy--though it is a dark kind of joy--to read. . . . She is a poet to live with."
 —Robert Hass, The Washington Post Book World
 Wislawa Szymborska's poems are admired around the world, and her unsparing vision, tireless wit, and deep sense of humanity are cherished by countless readers. Unknown to most of them, however, Szymborska, winner of the Nobel Prize for Literature, also worked for several

decades as a columnist, reviewing a wide variety of books under the unassuming title "Nonrequired Reading." As readers of her poems would expect, the short prose pieces collected here are anything but ordinary. Reflecting the author's own eclectic tastes and interests, the pretexts for these ruminations range from books on wallpapering, cooking, gardening, and yoga, to more lofty volumes on opera and world literature.
 Unpretentious yet

incisive, these charming pieces are on a par with Szyborska's finest lyrics, tackling the same large and small questions with a wonderful curiosity. *Fear and Loathing in Las Vegas* Grove Press "This country's leading hell-raiser" (The Nation) shares his impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." First published in 1971 and written in the midst of

radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition. *My Life in Dire Straits* HarperCollins The Beatles landing in

New York in February 1964 was the opening shot in a cultural revolution nobody predicted. Suddenly the youth of the richest, most powerful nation on earth was trying to emulate the music, manners and the modes of a rainy island that had recently fallen on hard times. The resulting fusion of American can-do and British fuck-you didn't just lead to rock and roll's most resonant music. It ushered in a golden era when a generation of kids born in ration card Britain, who had grown up with

their nose pressed against the window of America's plenty, were invited to wallow in their big neighbour's largesse. It deals with a time when everything that was being done - from the Beatles playing Shea Stadium to the Rolling Stones at Altamont, from the Who performing their rock opera at the Metropolitan Opera House to David Bowie touching down in the USA for the first time with a couple of gowns in his luggage - was being done for the very first time. Rock and roll would

never be quite so exciting again.

The Midnight Fox

HarperCollins

A "fascinating, intimate" oral history of the golden age of the rock concert based on nearly 100 interviews with musicians, fans, and others (Publishers Weekly).

Decades after the rise of rock music in the 1950s, the rock concert retains its power as a unifying experience—and as a multi-billion-dollar industry. In *Rock Concert*, acclaimed music writer Marc Myers delves into

the history of this cultural phenomenon, weaving together ground-breaking accounts from the people who were there. Myers combines the tales of icons like Joan Baez, Ian Anderson, Alice Cooper, Steve Miller, Roger Waters, and Angus Young with the disc jockeys, audio engineers, and music journalists, and promoters who organized it all, like Michael Lang, co-founder of Woodstock, to create a rounded and vivid account of live rock's stratospheric rise. *Rock Concert* offers a

backstage view of rock 'n' roll as it evolved through live performance—from the rise of R&B in the 1950s, to the hippie gatherings of the '60s, and the growing arena tours of the '70s and '80s. Elvis Presley's gyrating hips, the "British Invasion" of the Beatles, the Grateful Dead's free flowing jams, and Pink Floyd's The Wall are just a few of the defining musical acts that drive this rich narrative.

And Furthermore

Random House
In The Fighting Bunch:

The Battle of Athens and How World War II Veterans Won the Only Successful Armed Rebellion Since the Revolution, New York Times bestselling author Chris DeRose reveals the true, never-before-told story of the men who brought their overseas combat experience to wage war against a corrupt political machine in their hometown. Bill White and the young men of McMinn County answered their nation's call after Pearl Harbor. They won the freedom of

the world and returned to find that they had lost it at home. A corrupt political machine was in charge, protected by violent deputies, funded by racketeering, and kept in place by stolen elections - the worst allegations of voter fraud ever reported to the Department of Justice, according to the U.S. Attorney General. To restore free government, McMinn's veterans formed the nonpartisan GI ticket to oppose the machine at the next election. On Election Day, August 1,

1946, the GIs and their supporters found themselves outgunned, assaulted, arrested, and intimidated. Deputies seized ballot boxes and brought them back to the jail. White and a group of GIs - "The Fighting Bunch" - men who fought and survived Guadalcanal, the Bulge, and Normandy, armed themselves and demanded a fair count. When they were refused the most basic rights they had fought for, the men, all of whom believed they had seen the end of war, returned to the battlefield

and risked their lives one last time. For the past seven decades, the participants of the "Battle of Ballots and Bullets" and their families kept silent about that conflict. Now in *The Fighting Bunch*, after years of research, including exclusive interviews with the remaining witnesses, archival radio broadcast and interview tapes, scrapbooks, letters, and diaries, Chris DeRose has reconstructed one of the great untold stories in American history. *Metamorphosis* Penguin

An in-depth biography of Led Zeppelin guitarist Jimmy Page by the acclaimed biographer of Bob Marley and Joe Strummer, based upon the author's extensive research and interviews. The original enigmatic rock star, Jimmy Page is a mass of contradictions. A towering presence in the guitar world and one of the most revered rock guitarists of all time, in private he is reclusive and mysterious, retiring and given to esoteric interests. Over the decades he has

exchanged few words to the press given the level of his fame, and an abiding interest in the demonic and supernatural has only made the myth more potent. But in the midst of this maelstrom, who was Jimmy Page? Rock journalist Chris Salewicz has conducted numerous interviews with Page over the years and has created the first portrait of the guitarist that can be called definitive, penetrating the shadows that surround him to reveal the fascinating man who

dwells within the rock legend.

A Fabulous Creation

Faber & Faber

A landmark history of post-punk, the basis of the documentary film directed by Nikolaos Katranis Renowned music journalist Simon Reynolds celebrates the futurist spirit of such bands as Joy Division, Gang of Four, Talking Heads, and Devo, which resulted in endless innovations in music, lyrics, performance, and style and continued into the early eighties with the video-savvy synth-pop of

groups such as Human League, Depeche Mode, and Soft Cell, whose success coincided with the rise of MTV. Full of insight and anecdotes and populated by charismatic characters, *Rip It Up and Start Again* re-creates the idealism, urgency, and excitement of one of the most important and challenging periods in the history of popular music. *Post Office* Macmillan + ORM

"This revised and expanded second edition of a book first published in 1997 offers sketches of a

wide range of Irish Quakers, mostly eighteenth- and nineteenth-century figures. These biographical entries are a mixture of family history, information on commercial life and anecdotal material. In addition to the expected Bewleys, Pims, Jacobs, Newsoms and Richardsons, there are many names listed not now remembered as Quakers. It covers Quakers from all four provinces and most major towns and cities as well as

Quakers who emigrated to North America. Coffee merchants, grocers, soap-boilers, spademakers and others emerge in a lively, familiar way. Activists in concerns dear to Quakers are here, in anti-slavery, prison reform, famine relief, anti-hanging and temperance. Whilst many English and American Quakers are remembered internationally, Irish Quakers are mainly of significance in Irish history, but even then they reveal numerous traits shared with a wider Quakerdom, in its

emigration patterns, its transatlantic, commercial and philanthropic links."--BOOK JACKET.

Dreaming the Beatles

Vintage

A fascinating account of the music and epic social change of 1973, a defining year for David Bowie, Bruce Springsteen, Pink Floyd, Elton John, the Rolling Stones, Eagles, Elvis Presley, and the former members of The Beatles. 1973 was the year rock hit its peak while splintering—just like the rest of the world. Ziggy Stardust travelled

to America in David Bowie's *Aladdin Sane*. The *Dark Side of the Moon* began its epic run on the Billboard charts, inspired by the madness of Pink Floyd's founder, while all four former Beatles scored top ten albums, two hitting #1. FM battled AM, and Motown battled Philly on the charts, as the era of protest soul gave way to disco, while DJ Kool Herc gave birth to hip hop in the Bronx. The glam rock of the New York Dolls and Alice Cooper split into glam metal and punk. Hippies and

rednecks made peace in Austin thanks to Willie Nelson, while outlaw country, country rock, and Southern rock each pointed toward modern country. The Allman Brothers, Grateful Dead, and the Band played the largest rock concert to date at Watkins Glen. Led Zep's *Houses of the Holy* reflected the rise of funk and reggae. The singer songwriter movement led by Bob Dylan, Neil Young, and Joni Mitchell flourished at the Troubadour and Max's in Kansas City, where Bruce

Springsteen and Bob Marley shared bill. Elvis Presley's *Aloha from Hawaii via Satellite* was NBC's top-rated special of the year, while Elton John's albums dominated the number one spot for two and a half months. Just as U.S. involvement in Vietnam drew to a close, *Roe v. Wade* ignited a new phase in the culture war. While the oil crisis imploded the American dream of endless prosperity, and Watergate's walls closed in on Nixon, the music of 1973 both reflected a

shattered world and brought us together.

White Bicycles

HarperCollins

_____ 'Hepworth's knowledge and understanding of rock history is prodigious ... [a] hugely entertaining study of the LP's golden age' The Times _____ The era of the LP began in 1967, with 'Sgt Pepper'; The Beatles didn't just collect together a bunch of songs, they Made An Album. Henceforth, everybody else wanted to Make An Album. The end came only fifteen years

later, coinciding with the release of Michael Jackson's 'Thriller'. By then the Walkman had taken music out of the home and into the streets and the record business had begun trying to reverse-engineer the creative process in order to make big money. Nobody would play music or listen to it in quite the same way ever again. It was a short but transformative time. Musicians became 'artists' and we, the people, patrons of the arts. The LP itself had been a mark of

sophistication, a measure of wealth, an instrument of education, a poster saying things you dare not say yourself, a means of attracting the opposite sex, and, for many, the single most desirable object in their lives. This is the story of that time; it takes us from recording studios where musicians were doing things that had never been done before to the sparsely furnished apartments where their efforts would be received like visitations from a higher power. This is the story of

how LPs saved our lives. **Rock Concert** Macmillan Pop music's a simple pleasure. Is it catchy? Can you dance to it? Do you fancy the singer? But what's fascinating about pop is our relationship with it. David Hepworth is interested in the human side of pop. He's interested in how people make the stuff and, more importantly, what it means to us. In this collection of essays written throughout his career, Hepworth shows how it is possible to take music seriously and, at

the same time, not drain the life out of it. From the legacy of the Beatles to the dramatic decline of the record shop via the bewildering nomenclature of musical genres; with characteristic insight and humour Hepworth asks some essential questions about music and, indeed, life: is it all about the drummer; are band managers misunderstood; and is it appropriate to play 'Angels' at funerals? As Pope John Paul II said 'of all the unimportant things, football is the most important'. David

Hepworth believes the same to be true of music and this selection of his best writing, covering the music of last fifty years, shows you precisely why. 'This collection offers counterintuitive takes on everything from Sixties B-sides to wedding music' - GQ
[Laurel Canyon](#) Penguin
The basis for the new hit documentary 1971: The Year That Music Changed Everything, now streaming on Apple TV+. A rollicking look at 1971 - the busiest, most innovative and resonant

year of the 70s, defined by the musical arrival of such stars as David Bowie, Pink Floyd, Led Zeppelin, and Joni Mitchell. On New Year's Eve, 1970, Paul McCartney told his lawyers to issue the writ at the High Court in London, effectively ending The Beatles. You might say this was the last day of the pop era. The following day, which was a Friday, was 1971. You might say this was the first day of the rock era. And within the remaining 364 days of this monumental year, the

world would hear Don McLean's "American Pie," The Rolling Stones' "Brown Sugar," The Who's "Baba O'Riley," Zeppelin's "Stairway to Heaven," Rod Stewart's "Maggie May," Marvin Gaye's "What's Going On," and more. David Hepworth, an ardent music fan and well-regarded critic, was twenty-one in '71, the same age as many of the legendary artists who arrived on the scene. Taking us on a tour of the major moments, the events and songs of this remarkable year, he

shows how musicians came together to form the perfect storm of rock and roll greatness, starting a musical era that would last longer than anyone predicted. Those who joined bands to escape things that lasted found themselves in a new age, its colossal start being part of the genre's staying power. Never a Dull Moment is more than a love song to the music of 1971. It's also an homage to the things that inspired art and artists alike. From Soul Train to The Godfather, hot pants to

table tennis, Hepworth explores both the music and its landscapes, culminating in an epic story of rock and roll's best year.

Rules for Radicals Simon and Schuster

I can hardly believe that it is more than half a century since I first stepped on to the stage of the Old Vic Theatre and into a way of life that has brought me the most rewarding professional relationships and friendships. I cannot imagine now ever doing anything else with my life

except acting..." - Judi Dench From London's glittering West End to Broadway's bright lights, from her Academy Award-winning role as Elizabeth I in *Shakespeare in Love* to "M" in the James Bond films, Judi Dench has treated audiences to some of the greatest performances of our time. She made her professional acting debut in 1957 with England's Old Vic theatre company playing Ophelia in *Hamlet*, Katherine in *Henry V* (her New York debut), and then, Juliet. In 1961, she

joined the Royal Shakespeare Company playing Anya in *The Cherry Orchard* with John Gielgud and Peggy Ashcroft. In 1968, she went beyond the classical stage to become a sensation as Sally Bowles in *Cabaret*, adding musical comedy to her repertoire. Over the years, Dench has given indelible performances in the classics as well as some of the greatest plays and musicals of the twentieth century including Noël Coward's *Hay Fever*, Stephen

Sondheim's *A Little Night Music*, Kaufman and Hart's *The Royal Family* and David Hare's *Amy's View* (for which she won the Tony Award). Recently, she made a triumphant return to *A Midsummer Night's Dream* as Titania, a role she first played in 1962, now played as a theatre-besotted Queen Elizabeth I. Her film career has been filled with unforgettable performances of some unforgettable women: Queen Victoria in *Mrs.*

Brown, the terrifying schoolteacher Barbara Covett in *Notes on a Scandal* and the writer Iris Murdoch in *Iris*. And, for the BBC, Dench created another unforgettable woman when she brought her great comic timing and deeply felt emotions to the role of Jean Pargetter in the long-running BBC series *As Time Goes By*. And *Furthermore* is, however, more than the story of a great actress's career. It

is also the story of Judi Dench's life: her early days as a child in a family that was in love with the theatre; her marriage to actor Michael Williams; the joy she takes in her daughter, the actress Finty Williams, and her grandson, Sammy. Filled with Dench's impish sense of humor, diamond-sharp intelligence and photos from her personal archives, *And Furthermore* is the book every fan of the great Judi Dench will cherish.
