The Racism of People Who Love You Neerlandia, Alta. : Inheritance Publications
 Mastur's work, marked by a scathing, uncompromising realism, reveals a deep concern for the lives of ordinary people, especially women, who have been passed by in the rush for modernization. Her fiction also explores the political undercurrents that have shaped Pakistan's turbulent history and she examines the issues of minorities, a subject rarely touched on in Urdu fiction.

A Furrow Laid Bare Rajkamal Prakashan

In 1812, Sir John Malcolm, a Lieutenant General in the British Army wrote A Sketch of the Sikhs , commonly believed to be the first account of the Sikhs written by a non-Sikh. In truth, soldiers,

travellers, diplomats, missionaries and scholars had provided accounts for many years before. Drawing on this difficult-to-access material, the editors of this volume have compiled a unique source that offers a fascinating insight into the early developments in Sikh history. From the first ever written accounts of the Sikhs by Persian chroniclers of the Moghul Emperor to the travel diary of an Englishwoman, this volume contains material invaluable to those studying the evolution of the Sikh religion as well as to those interested in learning more about this major religion. It also provides an unparalleled look into the growth and solidification of the religious practices of Sikhs. At a time when the misunderstanding of the Sikh religion and those who practise it has reached new and deadly heights, this volume hopes to introduce a wider audience to the roots of its culture. This gentlemen is so underrated ! I have purchased the book written by him and oh boy, it was pure gold. You have changed my entire notion of thinking about the girls. Bless you sir. Keep writing." (Via Quora Comments)Ever wondered what women really want and why? Why your girlfriend behaves irrationally ? Author writes on Quora (2500 followers, 3 million views) and runs his own blog (Hemantpandeyblog.com). Book Rated 4.33 on Good Reads. Hemant was a typical die hard romantic, writing love sonnets and letters to women he loved. Even after pouring his heart out he faced countless problems with women in his life. Changing mood of girls, suddenly going cold, neglecting etc. He started by classic psychology textbooks and was utterly disappointed. d104books teach nothing about women psychology or seduction (May be due to its controversial nature), similar to reproductive systems being treated in biology textbooks.Author started his quest in other seduction books. (Just like we learn sex through porn). The problem was immense again. Many of these books are fake and the methods simply don't work. Out of 1000s of pick up

work of art was her own life. *What Would Frida Do?* celebrates this icon's signature style, outspoken politics, and boldness in love and art—even in the face of hardship and heartbreak. We

see her tumultuous marriage with the famous muralist Diego Rivera and rumored flings with Leon

Trotsky and Josephine Baker. In this irresistible read, writer Arianna Davis conjures Frida's brave spirit, encouraging women to create fearlessly and stand by their own truths.
