Volumes in Writing Spaces: Readings on Writing offer multiple perspectives on a wide-range of topics about writing, much like the model made famous by Wendy Bishop's "The Subject Is . . ." series. In each chapter, authors present their unique views, insights, and strategies for writing by addressing the undergraduate reader directly. Drawing on their own experiences, these teachers-as-writers invite students to join in the larger conversation about developing nearly every aspect of craft of writing. Consequently, each essay functions as a standalone text that can easily complement other selected readings in writing or writing-intensive courses across the disciplines at any level. Topics in Volume 1 of the series include academic writing, how to interpret writing assignments, motives for writing, rhetorical analysis, revision, invention, writing centers, argumentation, narrative, reflective writing, Wikipedia, patchwriting, collaboration, and genres.

A+ Guide to Persuasive Essays Penguin

'Bennett provides a well organized, very readable and interesting discussion of a number of significant everyday cultural forms and I am confident student readers will find the book very valuable' - Barry Smart, University of Portsmouth Culture and Everyday Life provides students with a

comprehensive overview of theoretical models, issues and examples of contemporary cultural practice. Bennett begins by summarising and situating - in everyday settings - the key theoretical models applied in the study of existing cultural practices. This entails a systematic study of how academic thinking about mass culture has changed, from critical accounts of early mass cultural theorists to radical postmodernist critiques of mass cultural accounts and to 'the cultural turn', which explored how various social identities are culturally constructed. Following this are themed chapters that cover a particular aspect of late modern culture, such as media, music, fashion, tourism and counter-cultural ideologies and movements. In each case a comprehensive literature review is provided and its theoretical and empirical relevance to our understanding of the relationship between culture and everyday life in contemporary society is explained. Lucid, meticulous and illustrated with a host of examples, this is a superb text for teaching and research in the Sociology of Culture and Cultural Studies.

The U.S. Commission on Civil Rights chose to focus on sexual assault in the U.S. military for its annual 2013 Statutory Enforcement Report. This report examines how the Department of Defense and its Armed Services-the Army, Navy, Marine Corps, and Air Force (the Services)-respond to Service members who report having been sexually assaulted ("victims") and how it investigates and disciplines Service members accused of perpetrating sexual assault ("perpetrators"). This report also reviews how the military educates Service members and trains military criminal investigators and military lawyers about sexual assault offenses. The topic is both relevant and timely, as Congress is currently considering ways to address this issue. The Commission has authority to examine questions related to sexual assault in the military because the issues involve both sex discrimination and the denial of equal protection in the administration of justice.

The New York Times bestselling work of undercover reportage from our sharpest and most original social critic, with a new foreword by Matthew Desmond, author of *Evicted* Millions of Americans work full time, year round, for poverty-level wages. In 1998, Barbara Ehrenreich decided to join them. She was inspired in part by the rhetoric surrounding welfare reform, which promised that a job—any job—can be the ticket to a better life. But how does anyone survive, let alone prosper, on \$6 an hour? To find out, Ehrenreich left her home, took the cheapest lodgings she could find, and accepted whatever jobs she was offered. Moving from Florida to Maine to Minnesota, she worked as a waitress, a hotel maid, a cleaning woman, a nursing-home aide, and a Wal-Mart sales clerk. She lived in trailer parks and crumbling residential motels. Very quickly, she discovered that no job is truly "unskilled," that even the lowliest occupations require exhausting mental and muscular effort. She also learned that one job is not enough; you need at least two if you int to live indoors. *Nickel and Dimed* reveals low-rent America in all its tenacity, anxiety, and surprising generosity—a land of Big Boxes, fast food, and a thousand desperate stratagems for survival. Read it for the smoldering clarity of Ehrenreich's perspective and for a rare view of how "prosperity" looks from the bottom. And now, in a new foreword, Matthew Desmond, author of *Evicted: Poverty and Profit in the American City*, explains why, twenty years on in America, *Nickel and Dimed* is more relevant than ever.

Assessing Performance Grand Central Publishing

In one of the most powerful and darkly satirical works of the 18th century, a chilling solution is proposed to address the dire poverty and overpopulation plaguing Ireland. Jonathan Swift presents a shockingly calculated and seemingly rational argument for using the children of the poor as a food source, thereby addressing both the economic burden on society and the issue of hunger. This provocative piece is a masterful example of irony and social criticism, as it exposes the cruel attitudes and policies of the British ruling class towards the Irish populace. Jonathan Swift's incisive critique not only underscores the absurdity of the proposed solution but also serves as a profound commentary on the exploitation and mistreatment of the oppressed. A Modest Proposal remains a quintessential example of satirical literature, its biting wit and moral indignation as relevant today as it was at the time of its publication. JONATHAN SWIFT [1667-1745] was an Anglo-Irish author, poet, and satirist. His deadpan satire led to the coining of the term »Swiftian«, describing satire of similarly ironic writing style. He is most famous for the novel *Gulliver's Travels* [1726] and the essay *A Modest Proposal* [1729].

When Locke High School opened its doors in 1967, the residents of Watts celebrated it as a sign of the changes promised by Los Angeles. But four decades later, first-year Teach for America recruits Rachele, Phillip, Hrag, and Taylor are greeted by a school that looks more like a prison, with bars, padlocks, and chains all over. With little training and experience, these four will be asked to produce academic gains in students who are among the most disadvantaged in the country. *Relentless Pursuit* lays bare the experiences of these four teachers to evaluate the strengths and peculiarities of Teach for America and a social reality that has become inescapable.

A Modest Proposal Farrar, Straus and Giroux

In this thesis, I investigated the effects that enforced uniform policies have on students. How does having to wear a school uniform affect students' experiences, behavior, and overall feelings about being in school? How might students alter their uniforms to add personal style? I became interested in this topic after my experiences with student teaching in two Chicago Public Schools that require all students to wear a uniform. As someone who has never had to wear a school uniform, I found myself wondering how the students felt about them. If students had the option, would they alter or eradicate their school's uniform policy and dress codes? How do students' experiences, behaviors, and overall feelings about being in school change when allowed to ""dress down""? What does wearing a uniform mean to various groups - groups such as students, parents, those who come from low or high income families, etc.? These questions drove my research and served as inspiration for the curriculum project that I planned to teach during my apprentice teaching. During ""dress down"" days - when students can dress as they wish while conforming to the school's dress code - it appeared that students were happier, more comfortable. This change in behavior could be attributed to other reasons not involving their uniforms, since dress down days did typically occur on Fridays, however they did seem to be more motivated in the classroom without the surveillance and policing they invoked while in uniform. Security guards relaxed as well, reinforcing the atmosphere of ease throughout the school. I felt closer to my students as

each Friday passed because they expressed their styles, personalities, and interests through their clothes. The goal for my curriculum project, YOUNiform Crests, is for students to investigate the definition of uniform. After discussing the historical contexts of uniforms and analyzing their school's policies, students design a uniform crest, similar to the school crest or logo currently displayed on their shirts. The purpose of this project is to allow students to express themselves through the reimagining of their uniform crests. In a restrictive dress code environment, my project provides students more opportunities to make art about themselves. By giving students opportunities to create unique connections to their artwork, students will be free to express themselves in a material space in which they had lacked opportunities for self-expression.
