This is the tale of how Canada's high northern wilderness was brought into civilization's fold through a frail network of wires laboriously strung between poles and trees for hundreds of desolate miles. The Yukon Telegraph started in 1897, when gold was discovered in the Yukon and the government needed a faster way to communicate with its remote northern territory. The isolated residents, too, wanted a more reliable connection with the outside world. Bill Miller takes readers from the line's conception in 1899 to its abandonment in 1952 through to its status today and its potential for future generations, focusing on the colourful people who lived and worked in the area. His account, enhanced by extensive research and engaging storytelling,

reveals a fascinating fragment of Canada's rich history.

The life of Canada's police and military hero is "a story worth telling. Macleod's solid research and clear writing also make it a story worth reading" (AlbertaPrimeTimes.com). Sam Steele, "the man who tamed the Gold Rush," had a high-profile public career, yet his private life has been closely protected. This biography follows Steele's rise from farm boy in backwoods Ontario to the much-lauded Major General Sir Samuel Benfield Steele. Drawing on the vast Steele archive at the University of Alberta, this comprehensive biography vividly recounts some of the most significant events of the first fifty years of Canadian Confederation—including the founding of the North-West Mounted Police, the opening of the North through the Klondike, and Canada's participation in the South African War—from the perspective of a policeman who became a military leader. Impeccably researched and accessibly written, Sam Steele is perfect for anyone interested in Canada's early decades. "Deeply-researched and elegantly written, this book brings alive one of the most intriguing characters of Canadian history who has been undeservedly forgotten." —Charlotte Gray, bestselling author of *Murdered Midas* "A revealing story of a talented, dedicated Canadian who always strove to do his best for his country." —Canadian Military History "Focusing on its subject's life and career, Sam Steele paints a thoughtful portrait of an interesting and important man that, like any good book, raises interesting and important questions . . . this biography is likely to remain the

definitive work on Steele's life."
