The Road To Mecca Unravel Festivals

Part travelogue, part autobiography, "The Road to Mecca" is the compelling story of a Western journalist and adventurer who converted to Islam in the early twentieth century. A spiritual and literary counterpart of Wilfred Thesiger and a contemporary of T. E. Lawrence (Lawrence of Arabia), Muhammad Asad journeyed around the Middle East, Afghanistan and India. This is an account of Asad's adventures in Arabia, his inner awakening, and his relationships with nomads and royalty alike, set in the wake of the First World War. It can be read on many levels: as a eulogy to a lost world, and as the poignant account of a man's search for meaning. It is also a love story, defying convention and steeped in loss. With its evocative descriptions and profound insights on the Islamic world, "The Road to Mecca" is a work of immense value today.

America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

Mid-Ramadan is a special time for families in the Arabian (Persian) Gulf. These middle days are known as "the three whites," because they include the day of the full moon, the day before, and the day after. It's a time when children dress in traditional clothing and go from house to house collecting treats from their neighbors. When Noor sees the full moon rising, signaling the coming of Girgian, she and her brothers prepare for the fun. Together, they decorate the bags they'll carry to collect the candies. But along with the fun, Noor remembers the true meaning of Ramadan: spending time with family and sharing with those less fortunate.

It is the first day of Ramadan, the month when good Muslims eat nothing and drink nothing all day, every day, from sunrise to sunset. Mama and Baba have told Magid he isn't old enough to fast, but even Magid's sister, Aisha, is fasting, and Magid doesn't want to wait. Donut Day in Ramadan Goodword Books

Social media and digital technologies have changed our lives and there is no indication that things will slow down. As Muslims, we believe that Islam contains the most perfect guidance for all of mankind to follow. How do we implement that timeless advice in our unprecedented times? That is the focus of the *Fiqh of Social Media*. "I am grateful and appreciative of my friend, Omar Usman, for exhausting available resources; Islamic, psychological, secular, and business, to develop the work you see before you. We have had long discussions pertaining to many of the topics covered in this book. I am confident that you will find this book to be beneficial, and I pray that it inspires more contributions on this topic." -Shaykh AbdulNasir Jangda, Qalam Institute "With the time we spend on social media, being mindful of how we use it is crucial. This is a wonderful resource based in prophetic guidance on how to practically use social media in wise and beneficial ways." -Dr. Omar Suleiman, Yaqeen Institute "Reading *Fiqh of Social Media* is like sitting with your best friend from Sunday school and having an intellectual & spiritual conversation about

the impact of social media on your life. Omar distills years of research, experience, and thought leadership in an easily digestible book that you can enjoy with a good cup of coffee (and your phone off!)" -Mohammed Faris, The Productive Muslim Company "The Prophet (s) said, "Whoever believes in Allah and the Last Day should say something good or keep silent." The ability to control our tongues, how we communicate with others, is an expression of our faith. Communication has evolved and changed so much that one of the primary ways many of us communicate with others is through social media; hashtags and 280 characters. This is a long-awaited work from my good friend and Hajj companion Omar Usman who has been writing, tweeting, speaking, and teaching about the Fiqh of Social Media for years. This is a valuable work providing guidance on how to use and benefit from social media in a way that conforms to our principles and values." -Shaykh Furhan Zubairi, Institute of Knowledge "Ulama of the past have written on the adaab of speech and social interaction. Connecting those guidelines with the modern world of social media has been the need of our time.

May Allah reward Omar for taking this task on!" -Mufti Hussain Kamani, Qalam Institute "This is a must-read for Muslims around the globe. I can't thank Omar enough for this work which forces Muslims to look in the mirror and answer tough questions about how social media has impacted our lives. It questions why we desire to share the most intimate aspects of our lives with strangers from around the world and provides action items to implement. These discussions need to be had within the Muslim community. We have to question how our quality of life has been impacted by the age of hyper-connectivity. Due to the fact that Social Media is the tool for creating social capital, we need to realize that speaking about the harms of constant connectivity takes a lot of courage. Thank you, Omar, for this work." -Shaykh Mikaeel Smith, Qalam Institute

I vow that this will be my first successful fast for Ramadan. My family does this every year, even though I've been to a mosque exactly twice. My oppressive parents also forbid dating, even though Peter might be my soul mate. How can I get him to notice me? Will I ever feel like a typical American girl?
