This book expounds fruitful ways of analysing matters of ecology, environments, nature, and the non-human world in a broad spectrum of material in French. Scholars from Canada, France, Great Britain, Spain, and the United States examine the work of writers and thinkers including Michel de Montaigne, Victor Hugo, Émile Zola, Arthur Rimbaud, Marguerite Yourcenar, Gilbert Simondon, Michel Serres, Michel Houellebecq, and Éric Chevillard. The diverse approaches in the volume signal a common desire to bring together form and content, politics

and aesthetics, theory and practice, under the aegis of the environmental humanities. *I've Been Here Before* BoD – Books on Demand

The Sand Child Macmillan + ORM

The founder and president of PETA, Ingrid Newkirk, and bestselling author Gene Stone explore the wonders of animal life with "admiration and empathy" (The New York Times Book Review) and offer tools for living more kindly toward them. In the last few decades, a wealth of new information has emerged about who animals are: astounding beings with intelligence, emotions, intricate communications networks, and myriad abilities. In *Animalkind*, Ingrid Newkirk and Gene Stone present these findings in a concise and awe-inspiring way, detailing a range of surprising discoveries, like that geese fall in love and stay with a partner for life, that fish "sing" underwater, and that elephants use their trunks to send

subsonic signals, alerting other herds to danger miles away. Newkirk and Stone pair their tour through the astounding lives of animals with a guide to the exciting new tools that allow humans to avoid using or abusing animals as we once did. Whether it's medicine, product testing, entertainment, clothing, or food, there are now better options to all the uses animals once served in human life. We can substitute warmer, lighter faux fleece for wool, choose vegan versions of everything from shrimp to marshmallows, reap the benefits of animal-free medical research, and scrap captive orca exhibits and elephant rides for virtual reality and animatronics. *Animalkind* provides a fascinating look at why our fellow living beings deserve our respect, and lays out the steps everyone can take to put this new understanding into action.

Dearly, Departed: A Zombie Novel

Rutgers University Press

The most comprehensive collection of letters by Rosa Luxemburg ever published in English, this book includes 190 letters written to leading figures in the European and international labor and socialist movements--Leo Jogiches, Karl Kautsky, Clara Zetkin and Karl Liebknecht--who were among her closest friends, lovers and colleagues. Much of this correspondence appears for the first time in English translation; all of it helps to illuminate the inner life of this iconic revolutionary, who was at once an economic and social theorist, a political activist and a lyrical stylist. Her political concerns are revealed alongside her personal struggles within a socialist movement that was often hostile to independently minded women. This collection will provide readers with a newer and deeper appreciation of Luxemburg as a writer and historical figure.

The Jewish Standard:"Brilliant, beautifully written, sensitive, original." The Jerusalem Post:"A beautiful and inspiring book. Both religious and secular readers will find themselves immensely moved by [Kurshan's] personal story." American Jewish World: "So engrossing I hardly could put it down." At the age of twenty-seven, alone in Jerusalem in the wake of a painful divorce, Ilana Kurshan joined the world's largest book club, learning daf yomi, Hebrew for "daily page" of the Talmud, a book of rabbinic teachings spanning about six hundred years. Her story is a tale of heartache and humor, of love and loss, of marriage and motherhood, and of learning to put one foot in front of the other by turning page after page. Kurshan takes us

on a deeply accessible and personal guided tour of the Talmud. For people of the book—both Jewish and non-Jewish—*All the Seas Were Ink* is a celebration of learning, through literature, how to fall in love once again.

Two lives . . . two paths . . . one tragic outcome. The Fix 2 is in and the game is afoot! The past few months have been a living hell for Persia. Seemingly overnight, she has fallen from grace and found herself scraping rock bottom, all in the name of two lovers—Chucky and cocaine. One was supposed to love her and the other take away the pain, but they've both

fallen short on their promises. The last time she saw either one of them was the night she almost lost her life. It has taken a bout of physical therapy and a stint in a rehabilitation center for Persia to be able to start pulling together the pieces of the life she almost ruined. She's living at home with her mother and stepfather and is refocused on school. For the first time in what seems like forever, she is finally able to enjoy life as an average teenage girl trying to graduate from high school. That's when they get the phone call that sends everything to the left. As Persia struggles with her demons, her childhood friend Li'l Monk is embracing his. Under the tutelage of the vicious crime lord Ramses, Li'l Monk is quickly making his way through the ranks of the Pharaoh's army and creating a name for himself on the streets as a ruthless killer. Just as his father, Big Monk, had always predicted, he is walking a mile in his daddy's bloody shoes. As cold as Li'l Monk's heart is, however, he still has a soft spot for his old friends. When a childhood pal comes to him for a favor, Li'l Monk finds himself with blood on his hands and dirt on his name. When the double cross knocks him out of favor with

Ramses, Li'l Monk is left with two options: kill or die. K'wan delivers another instant street classic that is sure to keep him at the top of the charts.

Geographic Dictionary of Alaska (Classic Reprint) Simon & Schuster

In the light of growing political and religious fundamentalism, this open access book defends the idea of freedom as paramount for the attempt to find common ethical ground in the age of globality. The book sets out to examine as yet unexhausted ways to boost the resilience of the principle of liberalism. Critically reviewing the last 200 years of the philosophy of freedom, it revises the principle of liberty in order to revive it. It discusses many different aspects that fall under its three main topics: the metaphysics of freedom, quantitative freedom and qualitative freedom. Open societies worldwide have come under increasing pressure in the last decades. The belief that politics and markets fare best when guided by the principle of liberty presently faces multiple challenges such as terrorism, climate warming, inequality, populism, and financial crises. In the view of its critics, the idea of

freedom no longer offers adequate guidance to meet these challenges and should be partially corrected or even entirely replaced by countervailing values. Against the reduction of freedom to the merely quantitative question as to how much liberties individuals call their own, this book draws attention to the qualitative concerns which and whose opportunities society should foster. It argues that, correctly understood, the idea of liberty commits us to defend as well as advance the freedom of each and every world citizen.

If All the Seas Were Ink Simon and Schuster

This ground-breaking book opens a closet and allows hundreds of people of this generation to emerge, with their nightmares, phobias, and flashbacks suggestive of an incarnation in the Holocaust. Through that open door, author Sara Rigler introduces the reader to people from all over the world whose stories defy rational explanation-unless they are indeed reincarnated souls from the Holocaust. Because the purpose of reincarnation is to rectify past mistakes and failings, Part Two narrates the

journeys of souls who in their current lifetime replaced fear with courage, hatred with love, and guilt with self-forgiveness. Fascinating and convincing, this page-turner will quicken your awareness of your own soul and how your inexplicable fears, attractions, and repulsions may be comprehensible through the notion of past-life experiences. "Sara Rigler has written a powerful and gripping narrative.... The stories make for fascinating reading." -Rabbi Yitzchak A. Breitowitz, Kehillat Ohr Somayach "An eye-opening journey." --Alicia Yacoby, Founder, Our6Million "Sara Rigler's extensive research and collection of past-life Holocaust memories confirms the reality of this phenomenon, and offers hope for healing the trauma that carried over for many of us. For those who have not had their own memories, the case studies offer compelling evidence for the continuation of a personal consciousness after death." -Carol Bowman, author of Children's Past Lives "This book is not only credible, it is important." -Rebbetzin Tziporah (Heller) Gottlieb, author and lecturer "Sara Rigler has done exceptional work in meticulously compiling, recording, and describing

personal stories of Jews and non-Jews from many countries. By doing so she has rendered an invaluable service ... to humanity." --Sabine Lucas, Ph.D., Jungian analyst

Meet Benni Harper...a spirited ex-cowgirl, quilter, and folk-art expert who's staking out her own corner of the contemporary American West. She's got an eye for murderous designs--and a talent for piecing together the most complex and cold-blooded crimes. Benni's taking time from her job at the folk-art museum to sponsor a "senior prom" at San Celina's retirement home. During the dance, she's surprised to find herself waltzing with Clay O'Hara, the Colorado cowboy she had a crush on when she was seventeen. She's even more surprised when Clay's uncle and an elderly woman are found dead in

one of the residents' rooms. Now Benni's trying to find a link between the two victims--and the common thread that bound them together in death...

Drawn from a thousand photos taken over fifteen years, *We Animals* illustrates and investigates animals in the human environment: whether they're being used for food, fashion and entertainment, or research, or are being rescued to spend their remaining years in sanctuaries. Award-winning photojournalist and animal advocate Jo-Anne McArthur provides a valuable lesson about our treatment of animals, makes animal industries visible and accountable, and widens our circle of compassion to include all sentient beings. *We Animals* Robinson Publishing
Theodor W. Adorno was a major twentieth-century philosopher and social critic whose writings on oppositional culture in art, music, and literature increasingly stand at the center of contemporary intellectual debate. In this excellent collection, Robert Hullot-Kentor, widely regarded as the most

distinguished American translator and commentator on Adorno, gathers together sixteen essays he has written about the philosopher over the past twenty years. The opening essay, "Origin Is the Goal," pursues Adorno's thesis of the dialectic of enlightenment to better understand the urgent social and political situation of the United States. "Back to Adorno" examines Adorno's idea that sacrifice is the primordial form of human domination; "Second Salvage" reconstructs Adorno's unfinished study of the transformation of music in radio transmission; and "What Is Mechanical Reproduction" revisits Adorno's criticism of Walter Benjamin. Further essays cover a broad range of topics: Adorno's affinities with Wallace Stevens and Nabokov, his complex relationship with Kierkegaard and psychoanalysis, and his critical study of popular music. Many of these essays have been revised, with new material added that emphasizes the relevance of Adorno's thought to the United States today. *Things Beyond Resemblance* is a timely and richly analytical collection crucial to the study of critical theory, aesthetics, continental philosophy, and Adorno.
