"Hilarious, insightful and smart. A must-read for anyone who wears clothes."
—Chelsea Handler *US Weekly, "Riveting Reads for Labor Day"* *Bustle, "2015 Books Every Funny Woman Should Read" and "September 2015's Best Books"*
Refinery29 "Fall's Most Highly Anticipated Nonfiction Reads" *theSkimm, "Skimm Reads"* *Popsugar, "Motivational Books

The Lowdown on High Fashion
Cosmopolitan.com editor Amy Odell knows what it's really like to be a young woman working in the fashion industry. In *Tales from the Back Row*, Amy—funny and fearless—takes readers behind the stage of New York's hottest fashion shows to meet the world's most influential models, designers, celebrities, editors, and photographers. But first, she has to push her way through the crowds outside, where we see the lengths people go to be

noticed by the lurking paparazzi, and weave her way through the packed venue, from the very back row to the front. And as Amy climbs the ladder (with tips about how you can, too), she introduces an industry powered by larger-than-life characters: she meets the intimidating Anna Wintour and the surprisingly gracious Rachel Zoe, not to mention the hilarious Chelsea Handler, and more. As she describes the allure of Alexander Wang's ripped tights and Marchesa's Oscar-worthy dresses, Amy artfully layers in something else: ultimately this book is

about how the fashion industry is an exaggerated mirror of human fallibility—reflecting our desperate desire to belong, to make a mark, to be included. For Amy is the first to admit that as much as she is embarrassed by the thrill she gets when she receives an invitation to an exclusive after-party, she can't help but RSVP "yes."

Written by a pioneer of modern fashion knitwear, *Classic Knits of the 1980s* describes the principal fundamentals of knitwear design and features original, colourful, textural and fun knitting patterns that capture the fashion zeitgeist of the 1980s designer knitwear boom. As well as selling ready-made knitwear to stores, several designers made their patterns available as home knitting kits. *Classic Knits of the 1980s* features a range of innovative designs from Sandy Black knitting kits, many published here for the first time. The patterns are suitable for a

broad range of knitting skills, from those with good basic knowledge of knitting to the more experienced knitter. Made up of two parts: Part 1 establishes the fashion and knitwear context of the period and its influence on the development of the designs, examining the entire creative process from inspiration to final pattern. Lavishly illustrated with photographs, diagrams and charts, special features include patchwork (modular) designs and intarsia or colour-block knitting, with techniques and tips for pattern calculations, working from charts and handling several colours. Part 2 then offers twenty-one original patterns and designs, grouped into themes of textural, graphic, heraldic and ornamental, plus the unique Siamese cat, leopard and tiger accessories. Contemporary photography, together with original images from the 1980s, illustrates the designs' timeless appeal, with close-up images of intricate pattern details and suggested design variations to aid creative knitters inspired by this pivotal decade.

Isabelle d'Este, daughter of the Duke of Ferrara, born into privilege and the political and artistic turbulence of Renaissance Italy, is a stunning black-eyed blond and an art lover and collector. Worldly and ambitious, she has never envied her less attractive sister, the spirited but naïve Beatrice, until, by a

quirk of fate, Beatrice is betrothed to the future Duke of Milan. Although he is more than twice their age, openly lives with his mistress, and is reputedly trying to eliminate the current duke by nefarious means, Ludovico Sforza is Isabella's match in intellect and passion for all things of beauty. Only he would allow her to fulfill her destiny: to reign over one of the world's most powerful and enlightened realms and be immortalized in oil by the genius Leonardo da Vinci. Isabella vows that she will not rest until she wins her true fate, and the two sisters compete for supremacy in the illustrious courts of Europe. A haunting novel of rivalry, love, and betrayal that transports you back to Renaissance Italy, Leonardo's Swans will have you dashing to the works of the great master—not for clues to a mystery but to contemplate the secrets of the human heart.

The first visual history of Modernist Italian fashion during Benito Mussolini's Fascist regime, and the product of immense research, *Fashion at the Time of Fascism* charts the fashion industry's ambivalent negotiation of international couture and the bizarre dictates of Fascism, and the legacy of this era in shaping today's fashion industry. Authors Mario Lupano and Alessandra Vaccari explore and

compare a huge range of forgotten archival sources, such as women's glossies, fashion, film and gossip magazines, photo archives, exhibition and commercial catalogues, books, manuals and magazines on tailoring, dressmaking, design and architecture, and corporate and government journals. This abundance of materials is presented in a fluid sequence of image and text that charts the rhythms, rituals and lifestyles of the typical Italian day through the four basic themes of "Measurements," "Model," "Brand" and "Parade." Each section includes texts that highlight the key figures and phases in Italian fashion, from the 1920s to the early 1940s, juxtaposing them with Modernism's broader salient themes and emphasizing the conscious use of glamour in the regime's super-choreographed portrayal of itself. *Fashion at the Time of Fascism* is further enriched by a thorough iconographic index and a detailed reference list, making the volume a revelation for both general readers and scholars. --Publisher description.

Scrapbook Asian Style! Martingale Traditional knot and interlace patterns, combined to form uniquely striking contemporary designs. Ever since her

ground-breaking book *Viking Patterns for Knitting* was published, Elsebeth Lavold has been recognized as one of the world's leading experts on cabling. It was within the pages of her international bestseller—described as “an indispensable milestone in 20th century knitting literature”—that Lavold first introduced the world to her own innovation: using lifted increases to create interlace patterns, and bringing new life to the ornamental heritage of the Vikings as adornment on modern knitwear. In the years since, Lavold has sought new ideas and “design cousins” to Viking patterns to explore with her needles, and has undertaken a fascinating journey through archives, museums, libraries, and the internet. In more than a decade of continued research, she has studied cultures from all over the globe in search of similar types of ornamental expression, creating the foundation for this exciting new book: a glorious collection rich in imagery, history, patterns, and designs. Dozens of different sources of inspiration, catalogued and placed within their cultural and historical context, from all around the world. Complete, step-by-step instructions

for an abundance of fresh and stunningly beautiful knit designs, presented in the book with full-color photographs. Lavold's own painstaking analysis of a huge number of interlace motif types, displayed in both swatch and chart form, to allow you to compose your own patterns based on her research.
