The CBSE has made certain changes in the assessment structure from the session 2019-20 onwards. In the new scheme of examination, CCE and term system has been replaced with the Internal Assessment & Single Annual Exam by CBSE itself. Single exam conducted by CBSE will carry 80 marks whereas 20 marks are left to the schools for internal assessment. CBSE has issued detailed guidelines on how the internal marks will be divided among different activities. From 2019 onwards, there will be internal choices in board examinations with increased internal options in the question paper. Considering this change, now a student has to prepare accordingly for board examinations. The new assessment format brought with it excitement as well as anxiety. And to help them prepare and excel in their CBSE board examination, Career Point Kota has developed a series of 10 Most Likely Question Papers with Solutions. The Key Features of Most Likely Question Papers with Solutions Series :

- New OBJECTIVE TYPE question in each paper.
- Syllabus of CBSE 2019-20. Based on the latest CBSE Syllabus & Pattern.
- Mind map of each chapter is given to visualize and help acquire a better understanding.
- Important terms, facts, formulae and quick revision tips are given.
- Covers questions asked in previous year board exams.
- Toppers Answer Sheet as released by CBSE to understand the scoring technique. We hope this book will

gratify students' need for the new CBSE pattern board exam and smoothen their path to success. We wish to utilize the opportunity to place on record our special thanks to all the members of the Content Development team for their efforts to create this wonderful book.
