Let your love contribute to the healing of our planet." Life loves you and so do I, Louise Hay Same Soul, Many Bodies Simon and Schuster Meditation is a technique that can be used to experience peace, tranquility, and an inner beauty, leading us to rethink everything around us, even ourselves. It prompts us to trust in the ability we have to use and direct our energies to purify our bodies and minds . . . so that we can discover and develop our spirituality. Brian Weiss, M.D., has written a very special book to help with the practice of meditation (an audio download is also included to guide you through the process). Meditation: Achieving Inner Peace and Tranquility in Your Life includes the techniques Dr. Weiss uses on his patients, many of whom have conquered

insomnia, anxiety, phobias, weight issues, and disease. Meditation can also lower blood pressure, strengthen the immunological system, and reduce stress. As Dr. Weiss says, "It all starts by closing our eyes, relaxing our muscles, and slowing down our breathing. Little by little, we ask our minds to block out the clamoring voices that usually bombard it. . . This means living this moment intensely, letting go, and surrendering." This book is the first step on a more peaceful, relaxing journey through life. Through Time Into Healing HarperOne A "beautiful and sensitive" tale of true love that transcends time, from the multi-million bestselling author of Many Lives, Many Masters (Gary Zukav, author of Seat of the Soul). Recommended by Kendall Jenner. In Many Lives, Many Masters, a skeptical Dr. Brian Weiss found his life changed profoundly after curing a patient using past-life therapy. Now he takes his research into transcendental messages one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. He shows how

each and every one of us has a soulmate whom we have loved in past incarnations and who waits to reunite with us now. And he opens up entirely new worlds for all of us everywhere, based on a single, powerful truth...

The book that sheds new light on reincarnation and the extraordinary healing potential of past life and hypnotic regression therapy, from the New York Times bestselling author of *Many Lives, Many Masters*. Brian Weiss made headlines with his groundbreaking research on past life therapy in *Many Lives, Many Masters*. Now, based on his extensive clinical experience, he builds on time-tested techniques of psychotherapy, revealing how regression to past lifetimes provides the necessary breakthrough to healing mind, body, and soul. Using vivid past life case studies, Dr. Weiss shows how regression therapy can heal grief, create more loving relationships, uncover hidden talents, and ultimately shows how near death and out of body experiences help confirm the existence of past lives. Dr. Weiss includes his own professional hypnosis, dream recall, meditation, and

journaling techniques for safe past life recall at home. Compelling and provocative, *Through Time Into Healing* shows us how to help ourselves lead healthy, productive lives, secure in the knowledge that death is not the final word and that the doorways to healing and wholeness are inside us.

Prehistory is all around us. We just need to know where to look. Juan José Millás has always felt like he doesn't quite fit into human society. Sometimes he wonders if he is even a Homo sapiens at all, or something simpler. Perhaps he is a Neanderthal who somehow survived? So he turns to Juan Luis Arsuaga, one of the world's leading palaeontologists and a super-smart sapiens, to explain why we are the way we are and where we come from. Over the course of many months, the two visit different places, many of them common scenes of our daily lives, and others unique archaeological sites. Arsuaga tries to teach the Neanderthal how to think like a sapiens and, above all, that prehistory is not a thing of the past: that traces of humanity through the millennia can be found anywhere, from a cave or a landscape to a children's playground or a toy shop. Millás and Arsuaga invite you on a journey of wonder which unites scientific discovery with the

greatest human invention of all: the art of storytelling.

worldwide, from Tibetan caves to Tokyo temples to redwood retreats. To an outside viewer, it might be hard to see what they all have in common. Using past-life therapy, he was able to cure the patient and embark on a new, more meaningful phase of his own career.

Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the children? What will happen if I make this decision and not

that one? This is how the traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to interpret and understand the images in the simple, straightforward and down to earth language of Zen.
